INTRODUCTION TO ARDHI UNIVERSITY

Ardhi University (ARU) is a public academic institution established under the Ardhi University Charter of 2007. ARU has a long history dating back to 1956 when it was known as a Survey Training Centre from 1956. In 1972, it was renamed Ardhi Institute and remained thus till 1996, when it was transformed to the University College of Lands and Architectural Studies (UCLAS), a Constituent College of the University of Dar es Salaam. In 2007, UCLAS became Ardhi University.

Currently, ARU is a unique institution, being the only one of its kind in Tanzania and in Africa offering integrated training and conducting research in the various matters related to land, the built environment and other environmental related issues, under one roof.

The ARU **Vision** is to be a leading centre of excellence in knowledge generation and dissemination responsive to the dynamics of the national, regional and global conditions. The ARU **Mission** is to provide innovative and integrated learning, research and public services that advance sustainable development at national level and beyond. In pursuit of its mission, ARU is guided by seven (7) **core values**; Integrity, Creativity, Excellence, Equity, Teamwork, Internationalization and Professionalism (ICETIP).

This Prospectus combines the Undergraduate and Postgraduate Programmes. It provides information on general and specific regulations governing the conduct of academic affairs at the University. It also provides School specific regulations under the four Schools and one Institute. The Schools are: School of Architecture, Construction Economics and Management (SACEM), School of Earth Sciences, Real Estate, Business and Informatics (SERBI), School of Spatial Planning and Social Sciences (SPSS), School of Engineering and Environmental Studies (SEES). The Institute is: Institute of Human Settlements Studies (IHSS). The Prospectus also provides a profile of ARU academic staff, leadership and the Governing Council. It also provides details of academic staff at the University including all the institutes and units, which comprise the University

THE LIBRARY SERVICES

The ARU Library is an integral part of the University. It serves the information needs of undergraduate and postgraduate students, Staff, and neighbouring communities within the framework of the existing four schools, Institutes, and units. ARU library leads in providing information needs to the professionals in areas of built environment and other related disciplines. The broad subject areas covered are Architectural Studies, Urban and Regional Planning, Building and Construction Management, Environmental Science, Geomatics and Land Survey, Real Estates Studies, Community Development Studies and Economic related disciplines. Apart from the main library, there are two information resource centers located at the Institute of Human Settlements Studies (IHSS) and The Institute of Building Research (IBR) that have a collection which caters for the information needs of researchers in the aspects of human settlements studies and housing respectively.

The services offered at ARU Library include borrowing and renewing library materials, reference, current awareness services and selective dissemination of information. The library also conducts trainings to empower users with skills that enable them to identify, locate access and utilize information in both printed and electronic format to fulfil their information needs. Also, access to both wired and wireless internet service is provided to enable library users to search bibliographic information of the available library materials through Online Public Access Catalogue (OPAC) and browsing online materials. The library has a computer cluster room with desktop computers for students' use.

The library collections and resources consist of print, non-print materials which are mostly acquired through purchase, donations and gifts. Currently, the library is stocked with more than eighteen thousand physical books, periodicals, and accesses various newspaper titles on daily basis. Apart from print materials, the University Library subscribes to 4 electronic resource databases which contain e-journals and e-books and 20 open access electronic journals via the Consortium of Tanzania University and Research Libraries (COTUL). Furthermore, the Library has institutional repository (IR) stocked with scholarly works produced by ARU researchers.

INSTITUTE AND CENTRES

Institute of Human Settlements Studies (IHSS)

Historical Background

The Institute of Human Settlements Studies (IHSS) was found in 1979 as a Centre for Housing Studies (CHS), a joint Programme between the Government of the United Republic of Tanzania and the Netherlands. CHS was renamed Centre for Human Settlements Studies (CHSS) in 1992. In 1996 CHSS was transformed into an Institute for Housing Studies and Building Research (IHSBR), following Ardhi Institutes' affiliation to the University of Dar es Salaam. Two years later the Institute was renamed Institute of Human Settlements Studies. Since its founding, the Institute has grown into a multidisciplinary basic and applied research academic unit of the University. It also provides postgraduate Training as well as public services that cover a variety of disciplines.

Goal

The Goal of IHSS is to contribute to the improvement of human settlements, living conditions and the quality of life of all people in urban and rural areas in Tanzania

Functions

1. Offering postgraduate courses (Masters and PhD) in the areas of Housing, Housing and Financing, Housing and Human Settlement studies, Policy Analysis and Programme Management, Urban Governance and Environmental Studies, Built Environment Analysis, Climate Change Studies and Development Studies.

Department of Continuing Education (DCE)

The Department's main activity is to co-ordinate tailor-made program for both University staff and clients outside the University. The courses can take place within and outside the University depending on the requests and demands of the client. These programs include: short courses, seminars, public lectures/presentations and workshops covering fields that are taught at the University such as: Architecture, Landscape and Conservation, Geomatics, Building Economics and Constructions, Urban, Regional and Housing infrastructure Planning, Economics and Community Development, Geospatial sciences and technology, Environmental science and management, Civil and Environmental Engineering, Real Estate, Land Management and Valuation, Business studies and Information Technology. General functions of continuing education include, but are not limited to, personal development and cultural enrichment of individual and community; licensing and certification for professional and practitioner qualification; and other credentials. Therefore, the Department of Continuing Education is geared toward refreshing ARU alumni and other relevant practitioners on professional advancement as well as equipping them with the necessary skills for their professional operations. Given the academic and professional experiences of members of the academic staff, its computer centers, classrooms and lecture theaters, workshops, laboratories and libraries, ARU provides an ideal environment for the participation in continuing education program. However, depending on the geographic composition of programme participants and type of training resources required, programme venues can be arranged at the ARU campus in Dar es Salaam, ARU centre in Dodoma or any other suitable locations according to client's preferences. Tuition fees for all continuing education programme are payable to ARU and they are negotiable and tailor-made.

Information and Communication Technology Directorate (ICTD)

The Information and Communication Technology Directorate (ICTD) is responsible for providing and coordinating the delivery of ICT services at the University. This includes developing, operating, and maintaining the University's ICT infrastructure, such as the Fibre Optic Network, Local Area Network (LAN), Wi-Fi network (WLAN), and the Internet. The Directorate is also responsible for maintaining and updating the University's critical management information systems, including the Admission Management Information System, Academic Management Information System (AMIS I & II), Billing Management Information System (BiMIS), and the University Website. Moreover, the Directorate is responsible for maintaining all computer laboratories and staff office computers. The Directorate also provides teaching support for undergraduate and postgraduate programmes in GIS, Remote Sensing, and Geo-ICT courses. The Directorate has established itself as a centre of excellence in GIS and Remote Sensing training for various sectors.

Institute of Building Research

Background Information

The Institute of Building Research (IBR) at Ardhi University stands as a beacon of excellence and innovation in the realm of construction and building research in Tanzania. Formerly recognized as the National Housing Building Research Agency (NHBRA). IBR has forged a profound legacy of pioneering contributions to the development, sustainability, and advancement of the construction industry and in offering affordable housing solutions in the region. Our commitment to addressing critical challenges, fostering sustainable practices, and promoting knowledge dissemination has made us a cornerstone of the construction landscape.

Vision

The vision of the IBR of Ardhi University is to become the center of excellence in research and outreach services for appropriate building construction technologies and affordable housing in Tanzania.

Mission

The mission of the IBR of Ardhi University is to provide innovative and research-based solutions on appropriate and cost-effective building construction technologies for housing in Tanzania.

Key focus areas

- Affordable housing research
- Construction Technology Advancements
- Sustainable Building Practices
- Housing and Urban Development Research
- Collaboration with Industry and Government Agencies
- Capacity Building in the Construction Industry

The main functions of the Institute

- Promote the supply of decent housing among Tanzanians and enhance socio-economic status of people.
- Promote research and development on low-cost construction and technical service development.
- Facilitate access to quality and affordable building construction materials and low-cost technologies for housing.
- Harness the available rich technological development and innovation related to low-cost building materials and housing technology.
- Dissemination of technologies through knowledge exchange programmes.

Services offered by IBR

- Research on affordable housing; materials, techniques and technologies.
- Community outreach activities.
- Production of building materials and equipment like Interlocking bricks, Fiber reinforced cement (FRC) tiles for roof and floors, Interlocking bricks press machine (IBPM) for production of interlock bricks (IB), Sisal fibre reinforced concrete tiles and Waffle slabs.
- Capacity Building to various stakeholders in the construction Industry.
- Laboratory tests on building materials.
- Workshop activities like carpentry, cutting and welding.
- Building design and building Cost estimates.
- Construction and supervision of buildings.
- Geotechnical surveys.
- Socio-economic surveys related to housing provision.
- Sensitization and practical seminars on fabrication of local/traditional building materials.

Disaster Management Training (DMT) Department

As a department under the School of Engineering and Environmental Studies, the mission of DMT is integrated training, research, consultancy and information dissemination in disaster management and risk reduction, with the vision of becoming a centre of excellence in disaster management and risk reduction through the creation of relevant knowledge and its applications. As such, DMT department strives

- i) To contribute in lessening community vulnerability to disasters.
- ii) To improve community preparedness, response capabilities and recovery mechanisms.

- iii) To enhance human resource disaster management capacity through training, research and consultancy.

The main activities of DMT Department are:

- i) To impart quality training within and outside the University, including local government authorities, local communities and NGOs in DRM and DRR.
- ii) Impart knowledge and raise awareness in DRM and DRR at National, Regional and International levels.
- iii) Provide support in developing and teaching DRM and DRR courses or academic programmes.
- iv) Create a platform for exchanging ideas and sharing experiences on disaster management issues.
- v) Sustain staff capacity in disaster management via sectoral and professional training/staff development.
- vi) Establish international, regional and national networking and cooperation in sharing knowledge and experiences.
- vii) Carry out research and consultancy in disaster risk management related issues.
- viii) Conduct training, research and consultancy in Climate change issues
- ix) Disseminate information on disaster management and climate change issues.

STUDENTS WELFARE SERVICES

Accommodation

One of the most important welfares to students is accommodation. The University has an Accommodation Policy in order to operationalize students' accommodation. However, the University has limited number of beds and space to accommodate all students on campus. The situation necessitates undergraduate and postgraduate students who do not get on-campus accommodation to look for off-campus accommodation in residential areas near the University or elsewhere. On-campus accommodation is provided through six blocks which are: the Old Blocks A & B for Male Undergraduate students and Block C, D & new hostel for females. Also, there are hostels for postgraduate students. There are also a good number of private student hostels near the University catering for both female and male students.

Food services

There are a variety of meals that are afforded to students. The cafeteria/café are regularly evaluated in respect of food safety and quality standards and control of prices. There are also many off-campus cafés and restaurants nearby the University.

Health services

Ardhi University has a well-established Dispensary where students can access health services in 24 Hours a day. The services offered include medical consultation, laboratory services, HIV test and voluntary counseling, minor surgery, family planning, reproductive and child health services. The dispensary accepts treatment with National Health Insurance (NHIF).

Health Insurance services

Students are required to register on line with the National Health Insurance Fund through NHIF Online Registration System (NORS). A registered student with NHIF online system will access medical services with his/her National identity card or NIDA number at any accredited facility throughout Tanzania including our dispensary at Ardhi University. The health insurance covers students only and does not involve student's dependants. Students are required to register at the beginning of every academic year.

Resident permit

All foreign students at Ardhi University need to have for the whole period that they will be studying in Tanzania. Registered foreign students, through the Director of Students Services (DSS) are issued with an introductory letter to the Immigration Office for residence permit. In case the permit expires, renewal request should be sent to the Immigration office as well.

Student counseling and general psychosocial support

The University Management understands that there may be a problem of adjustment to university social life and that students may also face difficulties during the course of academic studying. Students who are in need of counseling on non-academic or academic matters may consult the Director of Students Services (DSS) or their Academic Advisors.

At the University, students may be guided or counselled by the relevant offices in the following areas:

- i) General guidance and counseling;
- ii) Spiritual guidance and counseling;
- iii) Counseling on health-related problems;
- iv) Career guidance and counseling; and
- v) Peer education.

Students with Special needs

The University Management understands that students with special needs may face challenges throughout the course of their academic life; and therefore, they may need support in order to accomplish their goals. In this regard, the University has a special desk for providing support and services to students with special needs. Students who are in need of any special support or

services may consult the Director of Students Services (DSS) or the Director of Diversity Management (DDM).

At the University, students with special needs may be supported in the following areas:

- i) General guidance and counselling support;
- ii) Accommodation Support;
- iii) Academic Support;
- iv) Transport support (for students with physical disability) and;
- v) Learning aids support

Students are advised to consult the DSS for further information on the services mentioned above. Any matter/conflict that arises due to unlawful actions which are linked to any student should be reported to the DSS. This includes police or similar cases.

Religious services

Students at Ardhi University are free to worship in various religious places on campus and off campus. Off-campus services are available at the University of Dar es Salaam and Mwenge area among others. This apart, there are also spiritual guidance and counseling done by volunteer students.

Students' Associations

There are two types of student associations; these are Academic Associations and Social Associations. The primary purpose is to support and enhance the academic goals of the University and Social matters. Every ARU student has an opportunity to be involved in these associations.

Sports and games

Sports and Games activities are coordinated by the Office of Director of Students Services under the Sports and Games Department. Ardhi University has facilities for sports and recreation that allows students to participate in popular indoor and outdoor games. There are several clubs for football, basketball, volleyball, netball, pool table, swimming, athletics, table tennis, darts and traditional games. A student can choose games that he/she is interested in.

The University has four play grounds located around the University compound; these include:

- i. Soccer pitch
- ii. Volleyball and netball court
- iii. Standard basketball court
- iv. One common room for indoor games like; pool table, table tennis, darts and traditional games like draft and playing cards.

Non-sport entertainment outlets

While studying is students' first priority, there are several entertainment venues close to the University which may meet students' recreational needs. These include the Cinema Hall at Mlimani City Mall as well as several music venues along the University Road in Savei Area. Students may also visit cultural venues at Mwenge Village and the Museum in the City Centre.

Shopping

When students need to shop for personal items or food, there are many conveniently located shops along the University Road in Savei area. Large supermarkets are located at Mlimani City Mall where students can buy food and other personal items. If they need stationery items and PC accessories, they may get them in outlets within the campus or at the Mlimani City Mall.

The Ardhi University Students' Organisation (ARUSO)

ARUSO is Ardhi University Students' Organization that is established with the main purpose of safeguarding students' interests. ARUSO government is composed of ARUSO President, Vice President, Prime Minister, Principal Secretary and Ministers for 12 Ministries who form the ARUSO Cabinet. On the other hand, the Parliament is composed of the Ardhi University

Students' Representative Council (AUSRC) Speaker, Deputy Speaker, Clerk, Chief information Officer (C.I.O) school secretaries and Members of parliament. But also, Judicial Organ is composed of Chief Justice, 5 judges and 4 school representatives that act as advocates for students during court hearing. ARUSO President, Vice President, Members of parliament, AUSRC Speaker, Deputy Speaker and Clerk are elected annually in the General Students' Elections. The election period is in second semester of every academic year as scheduled by the University almanac. The Director of Student's service is a guardian and chief advisory of ARUSO. ARUSO offices are located at the first floor of Block A in the ARU halls of residence.

UNDERGRADUATE ADMISSION REGULATIONS

1. Applicants with the following direct and equivalent entrance qualifications: “A” level, International Baccalaureate (IB) Diploma, NTA level 6 and FTC can apply directly to the University through an online application system <http://admission.aru.ac.tz>. All important information and instructions regarding application process, programmes on offer and entry requirements will be available on the University’s website
2. All new students are required to report for the orientation programme that normally takes place during the week preceding the beginning of the new academic year.
3. Admitted applicants will be registered only after they have paid the requisite University fees. The fees should be paid within prescribed registration period.
4. Admitted applicants who have accomplished registration requirements within the prescribed period will be recognized as Ardhi University students.
5. Fees paid will not be refunded.
6. The deadline for registration of first year and continuing students will be the Friday of the second week after the beginning of the semester.
7. All registered students are expected to conform entirely to University regulations
8. Transferring from one academic programme to another will be allowed only where the student has the required admission criteria for the academic programme for which transfer is being sought and a vacancy exists in that programme. No first-year student will be allowed to transfer from one academic programme to another later than the Friday of the fourth week after the beginning of the first semester. Once the request for transfer has been approved, the student will not be allowed to withdraw the transfer.
9. Transfer of credits from other Universities to Ardhi University and the vice-versa is allowed. However, the process will be guided by the Guidelines and Procedures for Student Credit Accumulation and Transfer regulations.
10. Students discontinued on academic grounds:
 - a) May be allowed to apply for another academic programme provided that the sponsor approves.
 - b) Wishing to re-apply in the same academic programme must show evidence of having followed remedial studies in the same field satisfactory to the respective School. They will be required to re-apply after one academic year and compete with other applicants for re-admission into first year.
11. Students discontinued from studies because of examination irregularities will be considered for re-admission after being away for three years. They will be required to re-apply and compete with other applicants for re-admission into first year.
12. Students will be allowed to be away from University studies for a maximum of two years if they are to be allowed for re-admission to the same year of study where they left off.
13. Students will only use names appearing on their academic certificates; no change of names will be allowed during the course of study at the University.
14. No student will be allowed to postpone a Semester except under special circumstances. Permission to postpone studies will be considered after producing satisfactory evidence of the reasons for postponement. Special circumstances shall include:
 - a) Sickness;
 - b) Serious social problems (each case to be considered on its own merit);
 - c) Severe sponsorship problems. Students with severe sponsorship problems will be allowed to defer registration for a maximum of one academic year and it should be requested within registration period.
15. In case of postponement of studies under the circumstances in regulation 14 above:
 - a) Requests should be submitted on or before the end of the teaching session of the respective Semester;

BURSARIES AND FEES FOR UNDERGRADUATE PROGRAMMES

At the beginning of the academic year, all students will be required to produce evidence of sponsorship by the Government or any other organizations, otherwise they will be expected to pay full tuition and University fees for the full first year, by the beginning of the semester before they can be permitted to use the University facilities.

All local payments for fees should be by Bankers Cheques payable to the Director of Finance and Accounts, ARU or by other acceptable modes with approval of the Director of Finance and Accounts must be receipted.

Tuition Fees

Programme	Amount per year
1) Bachelor of Science in Environmental Engineering (BSc. EE) 2) Bachelor of Science in Environmental Science and Management (BSc. ESM) 3) Bachelor of Science in Municipal and Industrial Services Engineering (BSc. MISE) 4) Bachelor of Architecture (B. Arch) 5) Bachelor of Science in Interior Design (BSc. ID) 6) Bachelor of Science in Landscape Architecture (BSc. LA) 7) Bachelor of Science in Geomatics (BSc. Gm) 8) Bachelor of Science in Information Systems Management (BSc. ISM) 9) Bachelor of Science in Geographical Information Systems and Remote Sensing (BSc. GIS & RS) 10) Bachelor of Science in Environmental Laboratory Science and Technology (BSc ELST) 11) Bachelor of Science in Computer Systems and Networks (BSc CSN)	Tshs 1,100,000 (locals) \$1,500 (foreigners)
1) Bachelor of Science in Urban and Regional Planning (BSc. URP) 2) Bachelor of Science in Regional Development Planning (BSc. RDP) 3) Bachelor of Science in Housing Infrastructure Planning (BSc. HIP) 4) Bachelor of Arts in Economics (BA. Econ.) 5) Bachelor of Arts in Community Development Studies (BA. CDS) 6) Bachelor of Science in Civil Engineering (BSc. CE) 7) Bachelor of Science in Land Management and Valuation (BSc. LMV) 8) Bachelor of Science in Real Estate (Finance and Investment) (BSc. REFI) 9) Bachelor of Science in Property and Facilities Management (BSc. PFM) 10) Bachelor of Science in Accounting and Finance (BSc. AF) 11) Bachelor of Science in Quantity Surveying and Construction Economics (BSc QS & CE)	Tshs 1,300,000 (locals) \$2,100 (foreigners)

Direct University Costs (Payable to the University)

Item	Tshs.
1) Application Fee (once)	10,000
2) Registration fee	10,000
3) Examination Fee	12,000
4) Caution Money	2,000
5) Student Union	5,000
6) Graduation Fee (once)	10,000
7) Identity Card	12,500
8) Transcript of Records (once)	15,000
9) Statement of Results (upon request)	5,000
10) TCU Quality Assurance Fee	20,000
11) Internal Transfer Fee	10,000
12) Inter-University Transfer Fee	10,000
13) Fee for Hiring of Graduation Gown (once, when one is expecting to graduate)	30,000
14) Medical Examination fee (for first year students upon reporting and visiting ARU Dispensary for medical examination)	10,000

Direct Costs (Payable to Health Insurances)

Item	Tshs.
1) Medical Capitation Fee (local students) – any Health Insurance	50,400
2) Medical Capitation Fee (foreign students) - any Health Insurance	300 (U\$)

Direct Student Costs (Payable Directly to Students)

Item	Tshs.
*Stationery and Book Allowance	200,000/=
**Meal and Accommodation Allowance	2,400,000/=

*Amount per year based on the Government rates as provided by High Education Students Loans Board (HESLB)

**Amount per year based on the Government rates as provided by High Education Students Loans Board (HESLB) as well as programme of study being pursued

Appeal Fee for Examinations

T.Shs.5,000/= per course/decision (For Tanzanian students)
USD 20.00 per course/decision (For foreign students)

Fee for a copy of a lost certificate

T.Shs 30,000/= for a copy

NOTE: All local payments for fees should be made through the Electronic Government Payment Gateway (eGPG) after acquiring a control number from the Office of the Director of Finance and Accounts.

UNDERGRADUATE ACADEMIC PRIZES OFFERED BY VARIOUS DONORS

Academic Prizes Offered Across the University

1. **Ministry of Education, Science and Technology Prize**
Awarded to the best final year degree student in each School based on overall performance.
2. **University Prizes**
Awarded to the best student in the final year degree examinations with best degree dissertation in each School.
3. **Council Chairperson's Prize**
Awarded to the best final year degree student in *each School* based on overall performance in final year examinations.
4. **The Vice Chancellor's Prize 1**
Awarded to the Best student in *first year* degree examinations based on overall performance in *each Department*.
5. **The Vice Chancellor's Prize 2**
Awarded to the best student in *second year* degree examinations based on overall performance in each Department.
6. **The Vice Chancellor's Prize 3**
Awarded to the best continuing student in *third year* degree examinations based on overall performance in each Department.
7. **The Vice Chancellor's Prize 4**
Awarded to the best continuing student in *fourth year* examinations based on overall performance in the Department of Architecture.
8. **School Dean's Prize**
Awarded to the best final year degree *female* student in *each School* based on overall performance in final year examinations.
9. **The Mrs Siwale Prize**
Awarded to the final year *female* student with the best degree dissertation in each Department.
10. **The Horsens Polytechnic Prize**
Awarded to the final year *female* student with the best degree dissertation in each Department.
11. **INSIGNIA GALAXY Paints LTD Prize**
Awarded to the best ARU final year student as judged by overall performance.
12. **The Allan Mugisha Prizes**
Awarded to:
i) Best ARU final year overall *Female* student
ii) Best ARU final year overall *Male* student.

Academic Prizes Offered in the School of Architecture, Construction Economics and Management (SACEM)

In addition to the prizes offered across the University, SACEM also has specific prizes offered by various donors.

1. K & M ARCHPLANS (T) LTD Prize

Awarded to the best fifth year degree student in Dissertation Part II in the Bachelor of Architecture Programme.

2. BEN AND FORT Prize

Awarded to the best first year student in free hand sketching.

3. The Architecture Association of Tanzania (AAT) Prize

Awarded to the best final year degree student in Design Dissertation in the Department of Architecture.

4. NOSUTO Associates Prize

Awarded to the best fourth year degree student from the Department of Architecture in the subject "Building Technology".

5. Envirolink Architects Prize

Awarded to the best first year degree student in the subject "Environmental Science"

6. Mekon Prize

Best student in the final year degree examinations in the Department of Architecture as judged by overall performance in Studio

7. The Tanzania Institute of Quantity Surveyors (TIQS) Prize

Awarded to the best final year degree student in the subject "Professional Practice" in the Department of Building Economics.

8. The CQS Services LTD Prize

Awarded to the best third year degree student in "Measurement of Building Services"

9. The Ntiyakunze Prize

Awarded to the best second year degree student in Measurement of Building works.

10. The WEBB URONU and Partners LTD Prize

Awarded to the best final year degree student in the subject "Construction Economics" in the Department of Building Economics.

11. The Architects and Quantity Surveyors Registration Board (AQRB) Prizes

Awarded to:-

- a) Best fourth year student in the subject "Professional Practice" in the Department of Architecture.
- b) Best final year degree student with highest average mark in the following subjects:-
 - i) Measurement of Building Works (I,II,III and IV)
 - ii) Measurement of Building Services
 - iii) Building Construction (I,II,III and IV)
 - iv) Measurement of Civil Engineering Works

12. Arch. Prof. Livin Mosha Prize

Awarded to the best student in the subject "Urban Development and Housing".

Academic Prizes Offered in the School of Engineering and Environmental Studies (SEES)

In addition to the prizes offered across the University, SEES also has specific prizes offered by various donors.

1. The IPP Ltd. Prize

Awarded to the best final year degree student in School of Engineering and Environmental Studies as judged by overall performance.

2. Barrick Gold Mine Corporation Prizes

Awarded to:

- i) Best fourth year student in overall performance in the School of Engineering and Environmental Studies.
- ii) Best second year student in overall performance in the subject “Sewerage and Drainage Engineering”.
- iii) Best *third year* student in overall performance in the subject “Water Treatment Engineering
- iv) Best *fourth year* student in overall performance in the subject “Environmental Planning and Impact Assessment

3. The National Environmental Management Council (NEMC) Prize

Awarded to the best second year degree student in the Department of Civil and Environmental Engineering as judged by overall performance

4. The Gauff Ingeniure (H.P. Gauf Ingenieure) Prize

Awarded to the best first year degree student in the Department of Civil and Environmental Engineering as judged by overall performance

5. Prof. Gupta Prize

Awarded to the best *fourth year* student in the subject "Industrial Wastewater Treatment"

6. The Environmental Resources Consultancy Prizes

Awarded to:

- i) Best third year student in the subject “Solid Waste Management”
- ii) Best third year student in the subject “Land and Water Pollution, Prevention and Control”
- iii) Best *fourth year* student in the subject "Environmental Systems Analysis
- iv) Best fourth year student in the subject’ “Environmental Planning and Impact Assessment”
- v) Best fourth student in the subject “Wastewater Treatment Technology”.

7. Tanzania Association of Environmental Engineers (TAEs) Prizes

Awarded to :-

- i) Best overall female student in the first year of study in the School of Engineering and Environmental Studies
- ii) Best second year student in the subject “Water Resources and Transportation Engineering” in the Department of Civil and Environmental Engineering
- iii) Best second year student in the subject “Water Supply and Sanitation” in the Department of Environmental Science and Management
- iv) Best third year degree student in the subject “Environmental Health and Epidemiology” in the Department of Civil and Environmental Engineering
- v) Best third year student in Project V: “Waste Management” in the Department of Environmental Science and Management
- vi) Best *fourth year* student in the subject “Climate Impact Mitigation and Adaptation” in the Department of Environmental Science and Management

vii) Best fourth year student in the subject “Environmental Planning and Impact Assessment” in the Department of Civil and Environmental Engineering.

8. Dr. Fredrick Salukele Prize

Awarded to the best student in the subject “Environmental Pollution and Control” in the School of Engineering and Environmental Studies

9. Prof. Shadrack M. Sabai Prize

Awarded to the best final year student in the subject “Wastewater Treatment Technology” in the School of Engineering and Environmental Studies.

10. Prof. Anesi Mahenge Prize

Awarded to the best 2nd year student in the subject “Water Supply and Sanitation” in the School of Engineering and Environmental Studies.

Academic Prizes Offered in the School of Earth Sciences, Real Estate, Business and Informatics (SERBI)

In addition to the prizes offered across the University, SERBI also has specific prizes offered by various donors.

1. Supply Well Prize

Awarded to the best fourth year degree student in the subject "Engineering Surveying".

2. Royal Mark Suppliers Co. Ltd Prizes

Awarded to:

- i) Best first year degree student in BSc. Information Systems Management
- ii) Best second year degree student in BSc. Information Systems Management

4. Proper Consult (T) LTD Prize

Awarded to best third year student in the subject "Property Finance" in the Department of Land Management and Valuation.

5. Knight Frank Prizes

Awarded to:

- i) Best *first-year* student in the BSc. LMV Programme as judged by overall performance.
- ii) Best *fourth year* student in the subject "Valuation Casework" in the LMV Department.
- iii) Best *third year* student in the subject "Applied Valuation II" in the LMV Department.

6. Majengo Estate Developers Ltd. Prizes

Awarded to:

- i) Best *third year* degree student in the subject "Real Estate Market Analysis" in BSc LMV programme
- ii) Best *third year* student in the subject "Maintenance of the Built Environment" in the LMV Department.

7. National Housing Cooperation (NHC) Prizes

Awarded to:-

- i) Best first year student as judged by overall performance in the BSc in Property and Facilities Management
- ii) Best *first year* student in the BSc LMV Programme as judged by overall performance
- iii) Best *first year* student as judged by overall performance in the BSc PFM programme
- iv) Best *second year* student in the subject "Housing" in BSc LMV programme
- v) Best *third year* degree student in the subject "Real Estate Appraisal in BSc REFI programme
- vi) Best *fourth year* student in the subject "Professional Casework" in BSc. REFI programme
- vii) Best *final year* degree student in BSc. REFI programme as judged by overall performance

- ix) Best *fourth year* degree student in the subject "Corporate Real Estate Management" in BSc. PFM programme
- x) Best *final year* degree student in BSc PFM programme as judged by overall performance
- xi) Best third year degree student in the subject "Real Estate Market Analysis" in BSc LMV programme
- xii) Best *third year* degree student in the subject "Facilities Management" in BSc PFM programme
- xiii) Best fourth year student in the subject "Valuation Casework" in the BSc. LMV Programme

8. Africa Property Ltd. Prize

Awarded to best fourth year student in the subject “Valuation Casework” in the Department of Land Management and Valuation.

9 T.C Rwechungura Prizes

Awarded to:

- i) Best *second year* student in the subject "Land Economics"
- ii) Best third year student in the subject “Urban Economics”

10. The Allan Mugisha Prizes

Awarded to:

- i) Best final year *Male* student in the BSc in Land Management and Valuation program
- ii) Best final year *Female* student in the BSc in Land Management and Valuation program

11. The Valuation Registration Board (VRB) Prize

Awarded to the best *final year* student in the BSc LMV programme in the subject “Valuation Casework” based on overall performance

12. Association of Real Estate Professionals of Tanzania (AREPTA) Prize

Awarded to the best *final year* degree student in the Department of LMV based on *overall performance*

13. RINAZ Proper Consult Academic Prize

Best student in the subject “Land Administration Casework” based on overall performance.

Academic Prizes Offered in the School of Spatial Planning and Social Sciences (SSPSS)

In addition to the prizes offered across the University, SSPSS also has specific prizes offered by the following donor.

1. Town Planners Registration Board (TPRB) Prizes

Awarded to:

- i) Best final year degree student based on best performance in the subject “Planning Professional Practice” in BSc. URP Programme
- ii) Best final year degree student based on best performance in the subject “Planning Professional Practice” in BSc. HIP Programme
- iii) Best final year degree student based on best performance in the subject “Planning Professional Practice” in BSc. RDP Programme

2. Land General Planning Company Limited (LAGPLAC) Prizes

Awarded to:

- i) Best third year degree student based on best performance in the subject “Informal Settlements Regularization Studio” in BSc. URP Programme
- ii) Best third year degree student based on best performance in the subject “Land Conflicts Management” in BSc. RDP Programme
- iii) Best third year degree student based on best performance in the subject “Project Planning and Management” in BSc. HIP Programme
- iv) Best final year degree student based on best performance in the subject “Planning Professional Practice” in BSc. URP Programme
- v) Best final year degree student based on best performance in the subject “Local Governance” in BSc. RDP Programme

POSTGRADUATE STUDIES

POSTGRADUATE ENTRY REQUIREMENTS

A: School of Architecture, Construction Economics and Management

Masters of Architecture M. Arch

Direct Entry Requirements:

Bachelor's degree Second Class Lower or above (Minimum GPA 2.7) in Architecture, or equivalent from any Institution recognized by ARU;

Bachelor's degree of any discipline related to built environment such as Interior Design, Landscape Architecture, Civil Engineering, Urban and Regional Planning, Physical Planning, Urban Design, Building Economics and Construction Management of at least Lower Second or above (Minimum GPA 2.7) from any Institution recognized by ARU

Recommendations from two referees.

Equivalent Qualifications:

- Postgraduate Diploma in Architecture or equivalent from a recognized university or institution of higher learning (Minimum GPA 3.5);
- Any Postgraduate diploma of any discipline related to built environment such as Interior Design, Landscape Architecture, Civil Engineering, Urban and Regional Planning, Physical Planning, Urban Design, Building Economics and Construction Management of at least Lower Second or above (Minimum GPA 3.5) from any Institution recognized by ARU.

Master of Science in Construction Economics and Management (MSc. CEM)

Direct Entry Requirements:

- Bachelor's degree Second Class Lower or above (Minimum GPA 2.7) in Building Economics/Quantity Surveying, Civil/Structural Engineering, Architecture, Building Surveying and/or Maintenance, Construction Management, Landscape Architecture, Interior Design, Architectural Technology, Building Science, Building Design studies, Urban Design, Land Management and Valuation, Property and Facilities Management, Real Estates, Environment from any Institution recognized by ARU.

Equivalent Qualifications:

- Postgraduate Diploma in Construction Economics and Management, Building Economics/Quantity Surveying, Civil/Structural Engineering, Architecture, Building Surveying and/or Maintenance, Construction Management, Landscape Architecture, Interior Design, Architectural Technology, Building Science, Building Design studies, Urban Design, Land Management and Valuation, Property and Facilities Management, Real Estates, Environmental Engineering from any Institution recognized by ARU (Minimum GPA 3.5 or an overall grade of at least "B+" in the results of the respective examinations).
- Recommendations from two referees.

Master of Project Management (MPM)

Direct Entry requirements:

- Bachelor's degree Second Class Lower or above (Minimum GPA 2.7) in Building Economics/Quantity Surveying, Civil/Structural Engineering, Architecture, Building Surveying and/or Maintenance, Construction Management, Landscape Architecture, Interior Design, Architectural Technology, Building Science, Building Design studies, Urban Design, Land Management and Valuation, Property and Facilities Management,

Real Estates, Environmental Engineering, Project Planning, Project Monitoring and Evaluation, Public Health and/or Epidemiology, Commerce, Business Administration, Finance and/or Accounting, Marketing, Economics, Economic Planning, Public Administration, Community Development, Geoinformatics, GIS and Remote Sensing, Remote Sensing, Geography, Geography and Environmental Studies, Climate Change Studies, Meteorology, Information System Management, Land Surveying, Geomatics, Geodesy, Geology, Geography, Water Resource Engineering, Environmental Science, Forestry, Navigation, Agricultural Sciences, Mining Engineering, Urban and Rural Planning, Regional Development Planning, Housing and Infrastructure Planning, Zoology, Botany, Animal Sciences, Municipal and Industrial Services Engineering, Engineering studies, Laws, Geophysics, other Degrees from any Institution recognized by ARU.

Equivalent Qualifications:

- Postgraduate Diploma in Building Economics/Quantity Surveying, Civil/Structural Engineering, Architecture, Building Surveying and/or Maintenance, Construction Management, Landscape Architecture, Interior Design, Architecture Technology, Building Science, Building Design studies, Urban Design, Land Management and Valuation, Property and Facilities Management, Real Estates, Environmental Engineering, Project Planning, Project Monitoring and Evaluation, Public Health and/or Epidemiology, Commerce, Business Administration, finance and/or Accounting, Marketing, Economics, Economic Planning, Public Administration, Community Development, Geoinformatics, GIS and Remote Sensing, Remote Sensing, Geography, Geography and Environmental Studies, Climate Change Studies, Meteorology, Information System Management, Land Surveying, Geomatics, Geodesy, Geology, Geography, Water Resource Engineering, Environmental Science, Forestry, Navigation, Agricultural Sciences, Mining Engineering, Urban and Rural Planning, Regional Development Planning, Housing and Infrastructure Planning, Zoology, Botany, Animal Sciences, Municipal and Industrial Services Engineering, Engineering studies, Laws, Geophysics and other degrees from any Institution recognized by ARU (Minimum GPA 3.5 or an overall grade of at least “B+” in the results of the respective examinations).
- Recommendations from two referees.

Doctor of Philosophy in Architecture (PhD Arch)

Entry requirements

- A Masters’ Degree in Architecture from any institution recognized by ARU; other relevant Master’s Degree from any Institution recognized by ARU with a GPA of 3.0 or B grade.
- Master’s degree in any discipline related to built environment such as Interior Design, Landscape Architecture, Civil Engineering, Urban and Regional Planning, Physical Planning, Urban Design, Building Economics and Construction Management from any Institution recognized by ARU.

PhD in Urban Design by Coursework and Dissertation

Entry requirements

- Masters’ Degree in Architecture, Environmental Engineering, Municipal Engineering, Landscape Architecture, Urban Planning and Civil Engineering from any institution recognized by ARU with a GPA of 3.0 or B grade.
- Master’s degree in any discipline related to built environment such as Interior Design, Landscape Architecture, Civil Engineering, Urban and Regional Planning, Physical Planning, Urban Design, Building Economics and Construction Management from any other Institution recognised by ARU.

Doctor of Philosophy in Construction Economics and Management (PhD CEM)

Entry Requirements:

- Master's degree in Construction Economics and Management, Quantity Surveying, Construction Management, Building Economics, Construction Economics, Construction Project Management, Construction Financial studies, Construction Laws and Dispute Resolution, Engineering Management (majoring in construction project Management) from any Institution recognized by ARU with a GPA of 3.0 or a B grade.
- A GPA of 3.0 or B grade in master's degree

Doctor of Philosophy in Construction Management (PhD CM)

Entry Requirements:

- Master's degree in Construction Economics and Management, Quantity Surveying, Construction Management, Building Economics, Construction Economics, Construction Project Management, Construction Financial studies, Construction Laws and Dispute Resolutions, Engineering Management (majoring in construction project Management) from any Institution recognized by ARU with a GPA of 3.0 or a B grade.

B: School of Spatial Planning and Social Sciences

Master of Science in Urban Planning and Management (MSc. UPM) – Full Time

Direct Entry Requirements:

- First or Second-Class Bachelor's Degree in Urban and Regional Planning (URP), Regional Development Planning (RDP) or Housing and Infrastructure Planning (HIP); Environmental Engineering, Environmental Sciences (or Environmental Studies), Civil Engineering in the Built Environment, Geography, Urban Design, Physical Planning, Urban Transport Planning, Economics and Economic Planning or relevant qualifications from any higher learning institution recognized by ARU.

Equivalent qualifications:

- Upper Second Class or above Postgraduate Diploma in Urban and Regional Planning or Architecture or Land Management and Valuation or Environmental Engineering, Environmental Sciences (or Environmental Studies) from relevant Programs of the Schools of ARU, Physical Planning, Urban Design, Urban Transport Planning, Civil Engineering in the Built Environment, Geography or other related programmes from a higher learning institution recognized by ARU.

Other qualifications

- Work experience of at least two years in a relevant field will be an added advantage; Positive recommendations from two referees one from an academic institution where the candidate graduated and one from the practice/employer.

Master of Science in Urban Planning and Management (MSc. UPM) - Evening Programme

Direct Entry requirements:

- First or Second-Class Bachelor's Degree in Urban and Regional Planning (URP), Regional Development Planning (RDP) or Housing and Infrastructure Planning (HIP); Environmental Engineering, Environmental Sciences (or Environmental Studies), Civil Engineering in the Built Environment, Geography, Urban Design, Physical Planning, Urban Transport Planning, Economics and Economic Planning or relevant qualifications from any higher learning institution recognized by ARU.

Equivalent qualifications

- Upper Second Class or above Postgraduate Diploma in Urban and Regional Planning or Architecture or Land Management and Valuation or Environmental Engineering, Environmental Sciences (or Environmental Studies) from relevant Programs of the Schools of ARU, Physical Planning, Urban Design, Urban Transport Planning, Civil Engineering in the Built Environment, Geography or other related programmes from any higher learning institution recognized by ARU

Other qualifications

- Work experience of at least two years in a relevant field will be an added advantage; Positive recommendations from two referees one from an academic institution where the candidate graduated and one from the practice/employer

Master of Science in Urban and Regional Development Planning and Management (MSc. URPM) (By Coursework & Dissertation)**Direct Entry Requirements:**

- First or Second-Class Honors Bachelor's Degree in Urban and Regional Planning or Architecture or Land Management and Valuation or Environmental Engineering or Building Economics or Land Surveying/Geomatics, Geography or Economics or Economic Planning or Public Administration or Business Administration and Postgraduate Diploma of the University of Dar es Salaam or any other higher learning institution recognized by ARU.

Other qualifications

- Experience of at least two years in a relevant field would be an added advantage
- Positive recommendations from two referees
- This programme is currently supported by DAAD. Therefore, Tanzanian candidates aspiring for the DAAD scholarships would have their applications for sponsorship further scrutinized by a joint committee of SPRING partner universities and a DAAD representative or any sponsoring organization/institution as situation emerges.

Master of Transportation Sciences**Direct Entry Requirements:**

- Bachelor's degree (Lower Second Class or above) from a recognized university.

Equivalent qualifications

- Postgraduate Diploma in Urban Planning, Transportation Planning/Engineering, Civil Engineering, Environmental Engineering or equivalent from any higher learning institution recognized by ARU.

Other qualifications

- Working experience of at least two years in a relevant field will be an added advantage.
- Positive recommendations from two referees one from an academic institution where the candidate graduated and one from the practice
- Candidates without sufficient background in transportation planning and management profession may be required to take additional courses offered in the undergraduate programs.
- Doctor of Philosophy in Urban and Regional Planning (PhD URP)

Direct entry requirements

- Master's Degree in the following fields: Urban Planning and Management, Transport/Transportation, Geomatics, Land Management, Real Estate Valuation/Real Estate Economics and Finance, Geographical Information Systems (GIS), Geospatial

Information Systems and Remote Sensing or holder of equivalent Master's Degree from any higher learning institution recognized by ARU with a GPA of 3.0 or a B grade.

Doctor of Philosophy in Urban Planning and Management (Housing and Infrastructure)

Direct Entry requirements

- Master's Degree in the following fields: Urban Planning and Management, Transport/Transportation, Land Management, Real Estate Valuation/Real Estate Economics and Finance, Geographical Information Systems (GIS), Geospatial Information Systems and Remote Sensing or holders of equivalent standing Master's Degree from any higher learning institution recognized by ARU with a GPA of 3.0 or a B grade.

PhD in Urban and Regional Planning (PhD. URP) (By Coursework and dissertation)

Direct Entry requirements

- Master's Degree in the following fields: Urban Planning and Management, Transport/Transportation, Geomatics, Land Management, Real Estate Valuation/Real Estate Economics and Finance, Geographical Information Systems (GIS), Geospatial Information Systems and Remote Sensing or holders of equivalent standing Master's Degree from any higher learning institution recognized by ARU with a GPA of 3.0 or a B grade

Doctor of Philosophy in Economics (PhD Econ)

Entry Qualifications

- Relevant Master's Degree of the Ardhi University or holder of equivalent standing Master's Degree from a recognised University with a GPA of 3.0 or a B grade.

C: School of Earth Sciences, Real Estate, Business and Informatics

Master of Science in Land Administration

Entry Qualifications:

- Entry qualifications will follow Ardhi University criteria as stipulated under the General Guidelines for Postgraduate Programmes. The minimum entry qualifications for admission into the programme is at least a second class (with a GPA of 2.7) grade or above Bachelor's Degree OR for unclassified Bachelor Degree, a candidate must have a B Grade average in the subject of specialization OR an equivalent Upper Second Class of at least a GPA of 4.0 at postgraduate Diploma in; Land Management and Valuation, Law, Urban and Regional Planning, Architecture, Geomatics, Geo-informatics, Land Surveying from a recognized University or Institution of Higher Learning recognized by ARU, OR a pass grade with experience in land administration practice of not less than three years OR a pass grade in Natural resources management, GIS and Remote Sensing, Regional Development Planning as approved by Ardhi University SENATE.

Master of Science in Real Estate Business

Entry Qualifications

- The minimum entry qualifications for admission into the programme is at least a GPA of 2.7 or above at a Bachelor's Degree in Land Management and Valuation, Economics, Real Estate Finance, Finance, Property and Facility Management, Law, Civil Engineering or Commerce from a recognized University or Institution of Higher learning recognized by ARU OR for unclassified Bachelor Degree, a candidate must have a B Grade average in

the subject of specialization OR an Upper Second class of at least a GPA of 4.0 at Post Graduate Diploma in Procurement, Accounting and Finance, Business administration, Housing and infrastructure planning certificate of the Ardhi University or from a recognized University or Institution of higher Learning and approved by the Ardhi University Senate, with a first class grade in Land Management and Valuation, Economics, or Finance.

Masters of Science in Real Estate Economics and Finance

Entry Qualifications

- Entry qualifications will follow Ardhi University criteria as stipulated under the General Guidelines for Postgraduate Programmes. The minimum entry qualifications for admission into the programme is at least a Second Class (with a GPA of 2.7) grade or above Bachelor's Degree in Land Management and Valuation, Economics, Real Estate Finance and Investment and Economics from a recognized University or Institution of Higher Learning recognized by ARU OR for unclassified Bachelor Degree, a candidate must have a B Grade average in the subject of Procurement, Accounting and Finance, Business administration, Housing and infrastructure planning, commerce

OR

- An equivalent Upper Second class of at least a GPA of 4.0 at Postgraduate Diploma in Land Management and Valuation, Economics, Real Estate Finance and Investment and Economics from a recognized University or Institution of Higher Learning OR a pass grade with experience in Land Management and Valuation, Economics, Real Estate Finance and Investment and Economics practice of not less than three years OR a pass grade in Procurement, Accounting and Finance, Business administration, Housing and Infrastructure Planning, Commerce as approved by Ardhi University SENATE.

Masters of Science in Real Estate Valuation

Entry Qualifications

- Entry qualifications will follow Ardhi University criteria as stipulated under the General Guidelines for Postgraduate Programmes. The minimum entry qualifications for admission into the programme is at least a second class (with a GPA of 2.7) grade or above Bachelor's Degree in Land Management and Valuation from Institution of Higher learning recognized by ARU.
- For unclassified Bachelor Degree, a candidate must have a B Grade average in the subject of Real Estate appraisal OR an equivalent Upper Second class of at least a GPA of 4.0 at postgraduate Diploma in Real Estate with specialization in Valuation from a recognized University or any other Institution of Higher Learning and approved by the Ardhi University Senate.

Master of Science in Land Management (MSc. LM) By Thesis

Entry Qualifications

- At least a second upper class (with a GPA of 3.5) grade or above Bachelor's Degree OR for unclassified Bachelor Degree a candidate must have a B+ Grade average in Natural Resources Management, GIS and Remote Sensing, Regional Development Planning

OR

- An equivalent Upper Second class of at least a GPA of 4.0 at postgraduate Diploma in; Land Management and Valuation, Law, Urban and Regional Planning, Architecture, Geomatics, Geo-informatics, Land Surveying from a recognized University or Institution of Higher Learning recognized by ARU, OR a pass grade with experience in Land

Administration practice of not less than three years OR a pass grade in Natural Resources Management, GIS and Remote Sensing, Regional Development Planning as approved by Ardhi University SENATE.

MSc. in Geographical Information Systems and Remote Sensing (MSc. GIS and RS)

Direct Entry Requirements:

- An undergraduate degree in Geoinformatics, GIS and Remote Sensing, Remote Sensing, Geography, Geography and Environmental Studies, Climate Change Studies, Meteorology, Information System Management, Land Surveying, Geomatics, Geodesy, Civil Engineering, Geology, Geography, Water Resource Engineering, Environmental Engineering, Environmental Science, Forestry, Navigation, Public Health and Epidemiology, Agricultural Sciences, Mining Engineering, Geophysics and other Geosciences degree programmes with at least a Lower Second Class (Overall GPA of 2.7 and above).

Equivalent Qualifications:

- A postgraduate diploma in Geoinformatics, GIS and Remote Sensing, Remote Sensing, Geography, Land Surveying, Geomatics, Geodesy, Civil Engineering, Geology, Navigation, Mining Engineering, Geophysics and other Geosciences disciplines from a recognized institution with an overall grade of at least “B+” in the results of the respective examinations.

Master of Science in Geographical Information Systems (MSc. GIS)

Direct Entry requirements:

- An undergraduate degree in Geoinformatics, GIS and Remote Sensing, Remote Sensing, Geography, Geography and Environmental Studies, Climate Change Studies, Meteorology, Information System Management, Land Surveying, Geomatics, Geodesy, Civil Engineering, Geology, Geography, Water Resource Engineering, Environmental Engineering, Environmental Science, Forestry, Navigation, Public Health and Epidemiology, Agricultural Sciences, Mining Engineering, Land management and Valuation, Urban and Rural Planning, Geophysics degree programmes with at least a Lower Second Class (Overall GPA of 2.7 and above).

Equivalent Qualifications:

A postgraduate diploma in:

- Geoinformatics, GIS and Remote Sensing, Geography, Environmental studies, Meteorology, Information System Management, Land Surveying, Geomatics, Geodesy, Civil Engineering, Geology, Geography, Water Resource Engineering, Environmental Engineering, Environmental Science, Forestry, Navigation, Public Health and Epidemiology, Agricultural Sciences, Mining Engineering, Land management and Valuation, Urban and Rural Planning degree programs, from a recognized institution with an overall grade of at least “B+” in the results of the respective examinations.

Master of Science in Geomatics

Direct Entry Requirements:

- An undergraduate degree in Land Surveying, Geomatics, Geodesy, Civil Engineering, Geology, Navigation, Mining Engineering, Hydrographic Surveying and Geophysics degree programs with at least a Lower Second Class (Overall GPA of 2.7 and above)

Equivalent Qualifications:

- A Postgraduate Diploma in Land Surveying, Geomatics, Geodesy, Civil Engineering, Geology, Navigation, Mining Engineering, Hydrographic Surveying and Geophysics from a recognized institution with an overall upper second class or overall grade “B+” in the results of the respective examinations

Doctor of Philosophy in Real Estate (By Thesis)

A candidate for admission to the Doctor of Philosophy degree of Ardhi University shall hold the following qualifications:

- Masters’ degree or an equivalent Master’s degree from recognised university.
- Candidates with a First Class or Upper Second class degree, or holders of a distinction or a credit in Real Estate Business, Real Estate Economics and Finance, Real Estate Valuation, Real Estate, Housing, may also be Considered for PhD Registration. Such candidates have to initially register for the master degree and do at least one full year postgraduate training. If they demonstrate outstanding performance, and obtain the authorisation of ARU Senate on the recommendation of the relevant School Board or Institute Board and the Senate Higher Degrees, Research and Publication Committee (SHDRPC), they may upgrade their registration to PhD Candidacy.

Doctor of Philosophy in Geospatial Science and Technology (PhD. GS)

Direct Entry Requirements:

Master's degree in Geomatics, Land Surveying, Geoinformatics, Geodetic Science, Geographical Information System, Remote Sensing, Geography, Geology, Geophysics, Mining Engineering, Environmental Engineering, Civil Engineering, Information System Management, Computer Science, from any recognized University with a GPA of 3.0 or a B grade

D: School of Engineering and Environmental Studies

MSc. in Environmental Technology and Management (MSc. ETM)

Direct Entry Requirements:

- At Least A GPA of 3.0 or B+ Grade BSc. Environmental Engineering, BSc. Environmental Science and Management, BSc Municipal and Industrial Services Engineering, BSc. Environmental Laboratory Science and Technology, BSc. Hydraulic Engineering, BSc. Irrigation Engineering, BSc. Water Resources and Transportation Engineering from the Universities or Other Institutions Recognized By Ardhi University

Equivalent Qualifications:

- At Least a GPA of 3.0 or B+ Grade Postgraduate Diploma in Environmental Engineering, Environmental Science and Management, Municipal and Industrial Services Engineering, Environmental Laboratory Science and Technology, Hydraulic Engineering and Irrigation Engineering, Water Resources and Transportation Engineering from Universities or other Institutions Recognized by Ardhi University.

Master of Disaster Risk Management (M.DRM)**Direct Entry Requirements:**

- At Least A GPA of 2.7 or B Grade Bachelor Degree in Engineering, Natural and Physical Sciences, Social Sciences, Psychology, Education, Humanities, Social Works, Community Development, Art and Design, Medical and Health Sciences, Environmental Studies, Business Studies, Geography, Environmental Studies, Climate Change Studies, Meteorology, Geology, Forestry, Agricultural Sciences, Urban and Rural Planning from Universities or Other Institutions Recognized by Ardhi University.

Equivalent Qualifications:

- At Least “B” Grade in the results of the respective examinations. Postgraduate Diploma in Engineering, Natural and Physical Sciences, Social Sciences, Psychology, Education, Humanities, Social Works, Community Development, Art and Design, Medical and Health Sciences, Environmental Studies, Business Studies, Geography, Environmental Studies, Climate Change Studies, Meteorology, Geology, Forestry, Agricultural Sciences, Urban and Rural Planning Engineering, Social Sciences, Psychology, Education, Humanities, Social Works, Art and Design, Medical and Health Sciences, from Universities or other Institutions recognized by Ardhi University.

Doctor of philosophy in Environmental Engineering (PhD EE)**Direct Entry Qualifications**

- At least a GPA of 3.0 or B+ grade MSc. Environmental Technology and Management, MSc. Environmental Engineering, MSc. Environmental Science and Management, Master of Integrated Sanitation Management, Masters in Environmental Science and Engineering, MSc. Renewable Energy, MSc. Environment, MSc Industrial Services engineering, MSc Municipal Services engineering, MSc. Laboratory Science and Technology, MSc. Hydraulic Engineering, MSc. Irrigation engineering, MSc. Water Resources Engineering from universities or other institutions recognized by Ardhi University.

Doctor of philosophy in Environmental Technology and Management (PhD ETM)**Direct Entry Qualifications**

- At least a GPA of 3.0 or B+ grade MSc. Environmental Engineering, MSc. Environmental Science and Management, Master of Integrated Sanitation Management, Masters in Environmental Science and Engineering, MSc. Environmental Technology and Management, MSc. Renewable Energy, MSc. Environment, MSc Industrial Services engineering, MSc Municipal Services engineering, MSc. Environmental Laboratory Science and Technology, MSc. Hydraulic Engineering and MSc. Irrigation Engineering, MSc. Water Resources Engineering from universities or other institutions recognized by Ardhi University.

Doctor of philosophy in Environmental Science and Management (PhD ESM)**Direct Entry Qualifications**

- At least a GPA of 3.0 or B grade Masters in Environmental Science and Engineering, MSc. Environment, MSc. Environmental and Occupational Health, Master of Public Health, Master of Integrated Sanitation Management, MSc. Environmental Technology and

Management, MSc. Disaster Risk Management, Master of. Disaster Risk Management, MSc. Natural Resources Management, MSc. Integrated Water Resources Management, MSc. Climate Change, MSc. Renewable Energy, MSc. Integrated Environmental Management, MSc. Environmental Engineering, MSc. Environmental Science and Management, MSc Industrial Services engineering, MSc. Municipal Services engineering, MSc. Laboratory Science and Technology, MSc. Hydraulic Engineering, MSc. Water, Environmental Sanitation and Hygiene Management, MSc. Irrigation engineering, MSc. Water Resources Engineering from universities or other institutions recognized by Ardhi University.

Doctor of philosophy in Disaster Management (PhD DM)

Direct Entry Qualifications

- At Least a GPA of 2.7 or B Grade Masters' Degree in Engineering, Natural and Physical Sciences, Social Sciences, Psychology, Education, Humanities, Social Works, Community Development, Art and Design, Medical and Health Sciences, Environmental Studies, Business Studies, Geography, Environmental Studies, Climate Change Studies, Meteorology, Geology, Forestry, Agricultural Sciences, Urban and Rural Planning from Universities or Other Institutions Recognized by Ardhi University.

Doctor of philosophy in Laboratory Science and Technology (PhD LST)

Direct Entry Qualifications

- At least a GPA of 3.0 or B grade MSc. Environmental Technology and Management, MSc. Disaster Risk Management, MSc. Environment, MSc. Environmental Technology and Management, MSc. Environmental Engineering, MSc. Environmental Science and Management, MSc Municipal and Industrial Services engineering, MSc. Laboratory Science and Technology, MSc. Hydraulic Engineering or MSc. Irrigation engineering, MSc. Water Resources and Transportation Engineering from universities or other institutions recognized by Ardhi University.

E: Institute of Human Settlements Studies

Master of Science in Housing (MSc. Housing)

- Bachelor Degree with a minimum of lower second class (GPA of 2.7) in the fields of; Housing, Urban Planning, Infrastructure Planning, Regional Development Planning, Environmental Planning, Architecture, Interior Design, Environmental Science and Technology, Quantity Survey, Construction Economics, Real Estate, Financing, Investments, Civil Engineering, Infrastructure Engineering, Economics, GIS & Remote Sensing, Disaster Risk Management, or Environmental Science Management.

Master of Science in Public Policy Analysis and Programme Management (MSc. PPAPM)

- **Bachelor Degree with a minimum of lower second class in the fields:** Project Planning, Urban Planning, Housing, Architecture, Infrastructure Planning, Design, Geomatics, Survey, Economics, Engineering, Community Development, Finance, Accounting, Business, Agriculture, Real Estate, Mining, Development Studies, Science, Forestry, Veterinary Medicine, Medicine, Pharmacy, Environment, Disaster Risk Management, Climate Change, Ecology, Rangeland, Mathematics, Fishery, Wildlife Management, Physiology, Physical Science, Social Science, Political Science, Statistics, Food Science and Technology, Education, Communication, Crop Production, Sociology, Computer Science, Commerce, or Marketing.

Master of Science in Urban Governance and Environmental Management (MSc. URGEM)

- **Bachelor Degree with a minimum of lower second class (GPA of 2.7) in the fields offered at Ardhi University in:** Urban Planning, Infrastructure Planning, Environmental Planning, Regional Development Planning, Architecture, Disaster Risk Management, Environmental Science and Technology, Environmental Science Management, Physical Geography, GIS & Remote Sensing, Natural Resource Management, Engineering, Environmental Sciences, or Quantity Survey.

OR

- A postgraduate diploma from a recognized institution with an overall grade of “B+” in the results of the respective final examinations in the above courses.

Doctor of Philosophy in Policy Analysis and Programme Management (PhD. PAMP)

- Master’s Degree from a recognised University.
- **A GPA of 3.0 or B grade in master’s degree in:** Project Planning, Project management, Programme Management, Architecture, Design, Geomatics, Survey, Economics, Engineering, Community Development, Finance, Accounting, Business, Agriculture, Real Estate, Mining, Development Studies, Science, Forestry, Veterinary, Medicine, Pharmacy, Environment, Disaster Risk Management, Climate Change, Ecology, Rangeland, Mathematics, Fishery, Wildlife Management, Physiology, Physical Science, Social Science, Political Science, Statistics, Food Science and Technology, Education, Communication, Crop Production, Sociology, Demography, Urban Geography, Computer science, Commerce, or Marketing.

Doctor of Philosophy in Built Environment Analysis (PhD BEA)

- Master’s Degree from a recognised University.
- A GPA of 3.0 or B grade in master’s degree in: Housing, Architecture, Interior Design, Environmental Science and Technology, Quantity Surveying, Construction Economics and Management, Real Estate, Urban Governance, Urban Planning and management, Infrastructure Planning, Regional Development Planning and Management, Financing, Investments, Civil Engineering, Infrastructure Engineering, Economics, GIS & Remote Sensing, Disaster Risk Management, Climate Change, Environmental Science, Policy Analysis, Programme Management, Demography, Urban Geography, or Development Studies.

Doctor of Philosophy in Climate Change Studies (PhD CCS)

- Master’s Degree from a recognised University.
- A GPA of 3.0 or B grade in master’s degree in: Climate Change, Environmental Science, Urban Planning, Infrastructure Planning, Regional Development Planning, GIS & Remote Sensing, Disaster Risk Management, Architecture, Interior Design, Environmental Science and Technology, Quantity Survey, Construction Economics, Real Estate, Financing, Investments, Civil Engineering, Infrastructure Engineering, Economics, Forestry, Agriculture, Food Security, Demography, or Geography.

Doctor of Philosophy in Development Studies (PhD DS)

- Master’s Degree from a recognised University.
- A GPA of 3.0 or B grade in master’s degree in: Planning, Architecture, Design, Geomatics, Survey, Economics, Engineering, Community Development, Finance, Accounting, Business, Agriculture, Real Estate, Mining, Development Studies, Science, Forestry, Veterinary Medicine, Medicine, Pharmacy, Environment, Disaster Risk Management,

Climate Change, Ecology, Rangeland, Mathematics, Fishery, Wildlife Management, Physiology, Social Science, Political Science, Statistics, Food Science and Technology, Education, Communication, Crop Production, Sociology, Computer Science, Commerce, Marketing, Demography, or Urban Geography.

Doctor of Philosophy in Housing and Settlements Studies (PhD HSS)

- Master's Degree from a recognised University.
- A GPA of 3.0 or B grade in master's degree in: Housing, Architecture, Interior Design, Environmental Science and Technology, Quantity Surveying, Construction Economics and Management, Real Estate, Urban Governance, Urban Planning and Management, Infrastructure Planning, Regional Development Planning and Management, Financing, Investments, Civil Engineering, Infrastructure Engineering, Economics, GIS & Remote Sensing, Disaster Risk Management, Climate Change, Environmental Science, Policy Analysis, Programme Management, Demography, Urban Geography, Development Studies.

Doctor of Philosophy in Urban Governance and Environmental Studies (PhD URGES)

- Master's Degree from a recognised University.
- A GPA of 3.0 or B grade in master's degree in: Urban Governance, Urban Planning and Management, Infrastructure Planning, Regional Development Planning and Management, Housing, Architecture, Interior Design, Environmental Science and Technology, Quantity Survey, Construction Economics and Management, Real Estate, Financing, Investments, Civil Engineering, Infrastructure Engineering, Economics, GIS & Remote Sensing, Disaster Risk Management, Climate Change, Environmental Science, Policy Analysis, Demography, Urban Geography, Programme Management.

BURSARIES AND FEES FOR POSTGRADUATE PROGRAMMES

At the beginning of the academic year, all students will be required to produce evidence of sponsorship by the Government or any other organizations, otherwise they will be expected to pay full tuition and University fees for the full first year, by the beginning of the term/semester before they can be permitted to use the University facilities.

All local payments for fees should be made through the Government Electronic Payment Gateway (GePG) after acquiring a control number from the Office of the Bursar.

UNIVERSITY EXAMINATION REGULATIONS

UNIVERSITY EXAMINATION REGULATIONS

INTRODUCTION

These examination regulations provide for the criteria and other conditions relating to examinations leading to Degree/Diploma awards at Ardhi University under the unit system. “Examination” in these regulations refers to a formal, supervised assessment activity which contributes to the overall mark used to assess student learning outcomes.

The regulations are meant to keep the students, their academic supervisors, the academic community at the University and the public at large better informed of the academic environment and courses offered at Ardhi University.

The unit system regulations contains four components; the general University Examination Regulations (for both undergraduate and postgraduate students); Undergraduate Examination Regulations (for undergraduate students only); Postgraduate Examination Regulations (for postgraduate students only); and school specific examinations regulations. Postgraduate Examination Regulations must be read together with the General Regulations and Guidelines for Postgraduate Study Programmes.

All enquiries concerning these examinations regulations should be addressed to:

The Deputy Vice Chancellor – Academics, Research and Consultancy,
Ardhi University,
P.O. Box 35176,
Dar es Salaam, TANZANIA.

E-mail: aru@aru.ac.tz
Telephone: +255 739-357311

**A) UNIVERSITY EXAMINATION REGULATIONS -
UNIT SYSTEM**

UNIVERSITY GENERAL EXAMINATION REGULATIONS - UNIT SYSTEM

1. Registration for Programme/Course

- 1.1 At the beginning of the semester, each student is required to consult his/her Head of Department for the purpose of charting out courses for the semester. Approval of the courses by the Head of Department and the School Dean/Institute Director shall constitute formal enrolment for all the courses listed in the programme. For the purpose of charting out courses for the year, the Department shall appoint an academic advisor for each student. Each student shall confer with academic advisor in charting out courses for the semester.
- 1.2 Each department may prescribe core and elective courses. Students may be allowed to select relevant elective courses from other programmes offered in the University subject to approval by the School. The elective course(s) shall also count towards the degree classification as prescribed in the respective programme curriculum.
- 1.3 A student who has registered for elective course but wishes to withdraw from that course must apply to the Head/Dean/Director, as the case may be, of the unit hosting the course through the Head of the course offering Department for permission to do so. No student will be permitted to commence any course three weeks after the beginning of the semester or withdraw from the course two weeks after the beginning of the semester.
- 1.4 Students may transfer from one academic programme to another in Year I only. No first-year student shall be allowed to transfer to another programme after three weeks from the start of the first semester. Transfer shall be subject to availability of places in the preferred programme, admission points and approval by the Senate.

2. Registration for Examination

- 2.1 There shall be no special registration of candidates for examinations. Registration and payment to the University of all required or prescribed fees by a candidate for a programme of study shall be deemed as adequate registration for the requisite examinations in the particular programme of study.
- 2.2 Subject to approval by Senate, the Board of each, School, and academic Institute shall make such internal examination regulation as are necessary for the proper conduct, management and administration of examinations in accordance with the specific requirements of particular degree, diploma, certificate or other award programmes of the University, School, or academic Institute, as the case may be.

3. Eligibility for Examinations

- 3.1 Students are required to complete coursework before they can be allowed to sit for the University Examination.
- 3.2 The Dean of a School or the Director of academic Institute may bar any candidate from being admitted to any examination in any subject or course where the Dean or Director is not satisfied that the candidate has completed satisfactorily by attendance and the requirements of the course.
- 3.3 Where a candidate who has been barred in accordance with paragraph 3.1 and 3.2 enters the examination room and sits for the paper, his/her results in the paper shall be declared null and void.
- 3.4 A candidate whose work or progress is considered unsatisfactory may be required by Senate or, in that behalf, by the Senate Undergraduate Studies Committee or the Senate Higher degree Research and Publications Committee, on the recommendation of the appropriate School, or academic Institute Board, to withdraw from the University or to repeat any part of the course before admission to an examination.
- 3.5 Unsatisfactory shall mean unattendance in a course for a total of 20% hours in any one semester and non-presentation of progress reports of dissertations/projects.
- 3.6 Where a student who has not registered for a course sits for an examination, the examination results shall be nullified.

4. Absence from Examinations

- 4.1 A candidate who deliberately absents himself/herself from an examination or examinations without compelling reasons shall be discontinued from the University.
- 4.2 A student who has postponed examination and is required to sit for a special examination shall be assigned "PEX" grade (postponed exam) and one who, for satisfactory reasons has not completed his/her coursework shall be assigned an "I" grade (incomplete).
- 4.3 A student who has a "PEX" or "I" grade in a course during any academic year is required to clear the course examination during the time of special examinations for that academic year. Except with the approval of the respective school/institute Board, a student who will not clear any "PEX" or "I" grade at the time of special examination will be considered to have absconded studies.

5. Form of Examination and Assessment

- 5.1 Examinations shall include continuous assessment (tests, assignments, seminar presentations or any other form of assessment specified in the curriculum or School/Department specific examination regulations) and University examinations including written, practical, oral examinations where appropriate.
- 5.2 For the purpose of continuous coursework assessment in each semester, there shall be two written tests under examination conditions, and two homework or practical/fieldwork exercises or laboratory reports or quizzes or a combination thereof for each course.
- 5.3 Candidate at any examination may, at the discretion of the Board of Examiners, be required to attend an oral examination in addition to written/practical examinations.
- 5.4 The percentages of the total marks awarded for written, practical and oral examinations in any subject or course shall be determined by Senate, on the recommendations of the appropriate School, or academic Institute Board.
- 5.5 Assessment of the student's progress shall be based on the following grading system:

A = 70% - 100%	B+ = 60% - 69%
B = 50% - 59%	C = 40% - 49%
D = 35% - 39%	E = 0% - 34%

The above range of marks being a result of rounding of all decimals of the marks.

- 5.6 The minimum passing grade shall be "C" for Undergraduate and "B" for Postgraduate.

6. Dates of Examination

- 6.1 Examinations in Schools and academic Institutes shall be held at a time to be determined by Senate, which shall normally be at the end of each semester, subject to such exceptions as Senate may allow upon recommendation by a School, or academic Institute Board or University Council, as the case may be.
- 6.2 Candidates who are referred and are required to do supplementary examinations shall be re-examined in the referred subjects at a time to be determined by Senate or Academic Committee or in particular cases by the relevant School Board, as the case may be, which shall not be less than one month after the approval of the examination results at the end of the second semester in the academic year.
- 6.3 A candidate who, for a grave cause, was unable to present himself/herself in the ordinary examinations may, with the special permission of Senate or, in that behalf, the Higher Degrees, Research and Publication Committee or the Undergraduate studies Committee, present himself/herself for examination at a time fixed for any supplementary examination.

7. Conduct of Examinations

- 7.1 University examinations shall be conducted under the control of the Deputy Vice Chancellor–Academic, Research and Consultancy (DVC-ARC) or such other officer of the University as the Deputy Vice Chancellor may appoint.
- 7.2 The examiners for University examinations shall be appointed by Senate, in the manner it shall prescribe.

- 7.3 The Deputy Vice Chancellor – Academic, Research and Consultancy shall have power to issue such instructions, notes or guidelines to candidates, invigilators and examiners of University examinations as he/she shall deem appropriate for the proper, efficient and effective conduct of such examinations.
- 7.4 The instruction notes or guidelines issued by the Deputy Vice Chancellor – Academic, Research and Consultancy shall form part of and be as binding as these Regulations.

8. Board of Examiners

- 8.1 Every University Examination assessment shall be conducted by a Board of Examiners which shall consist of one or more examiners appointed from outside the University, in conjunction with one or more of the teachers of the candidates in the subjects under examination; except that, in the case of the re-examination of candidates who have failed in the ordinary University examination, all the examiners may be appointed from within the University, provided that at least one of them had no part in teaching the candidates the subject or subjects under examination.
- 8.2 Notwithstanding the provisions of sub-paragraph 8.1, University examinations conducted during and/or at the end of the First Semester may be conducted by internal examiners only, provided that:
 - a) the relevant examination papers and answer scripts by candidates shall be submitted to external examiners together with the papers and scripts of the Second Semester for moderation;
 - b) the results of such examinations shall be published in terms of regulation 10.1 at the end of the First Semester.
- 8.3 External Examiners shall be entitled to such honoraria as the Council shall prescribe.

9. Examination Irregularities

- 9.1 All cases of alleged examination irregularities, including alleged unauthorized absence from examination, possession of unauthorized material in the examination room, causing disturbances in or near any examination room and any form of or kind of dishonesty, destruction or falsification of any evidence of irregularity or cheating in examination, shall be reported to Senate Undergraduate Studies Committee which shall have power to summon the students and members of staff of the University, as it deems necessary and make decisions, subject to confirmation by Senate.
- 9.2 No unauthorized material shall be allowed into the examination room.
- 9.3 Subject to confirmation by Senate, any candidate found guilty of bringing unauthorized material into the examination room in any part of the examination process shall be deemed to have committed an examination irregularity and shall be discontinued forthwith from studies in the University.
- 9.4 Any candidate found guilty of cheating in relation to any part of the examination process shall be deemed to have committed an examination irregularity and to have failed in the whole of that examination for that year and shall be discontinued from studies in the University, subject to confirmation by Senate.
- 9.5 Any candidate found guilty of causing disturbance in any examination room shall be deemed to have committed an examination irregularity and to have failed in the whole of that examination for that year and shall be discontinued from studies in the University, subject to confirmation by Senate.
- 9.6 Any candidate found guilty of commission of an examination irregularity and is aggrieved by the decision may appeal to Senate in accordance with the provisions of regulation 18 of these Regulations.
- 9.7 In this regulation:
 - a) “Unauthorized material” includes any written or printed material that is generally or specifically prohibited from being brought into the examination room, cellular or mobile phones, radios, radio cassette or other types of cassette players, computers, soft and alcoholic drinks and any other material as may be specified from time to time by the Deputy Vice Chancellor – Academic, Research and Consultancy, Dean of a School, Director of an academic Institute or a Head of an academic department;

- b) "Unauthorized absence from examination" includes going out of the examination room, temporarily or otherwise, or staying out of the examination room for an unduly long period, without authorization or permission of the invigilator or one of the invigilators for the examination in question;
 - c) "Cheating in Examination" includes any form or kind of dishonesty or destruction or falsification of any evidence of irregularity.
- 9.8 Senate may impose such a lesser penalty on a candidate found guilty of commission of an examination irregularity, depending on the gravity of the facts or circumstances constituting the offence, as Senate may deem appropriate.

10. Publication of Results

- 10.1 The provisional results of candidates in every examination, arranged in a manner as prescribed by Senate or, in that behalf, as provided under internal examination regulations of the relevant School approved by Senate and not in conflict with these Regulations, shall be published by the Dean of the relevant School soon after the School Board meeting but the results shall not be regarded as final until they are confirmed by Senate.
- 10.2 The results may be published on notice boards, newspapers, information systems or websites at the discretion of the relevant School/Institute. The anonymity of the student must be protected in publishing results eg using students' registration numbers rather than names.
- 10.3 Examination results having been recommended by the School, or an academic institute Board to Senate Undergraduate Studies Committee or the Higher Degrees Research and Publication the Committee shall endorse the results and such endorsement shall have to be approved by Senate.
- 10.4 Senate shall approve the results of examinations for both Semesters at a time to be determined by Senate, which shall normally be at the end of the Second Semester.
- 10.5 Feedback on Coursework Assessment (CA) must be continuously provided to students and the cumulative CA marks must be shown to students' before the date of the start of Semester University Examination. A copy of the students' CA marks must be submitted to the Head of the Department before the start of University Examinations.

11. Classification of Degrees

- 11.1 For purposes of the final classification of degrees and where applicable, a five point system shall be used in averaging the final grades.
- 11.2 The letter grades will be assigned points as follows:

A	B+	B	C	D	E
5	4	3	2	1	0
- 11.3 Approved courses given for each degree shall be appropriately weighted in terms of units.
- 11.4 To get the score for each course multiply the points, as in 11.2 by the weights, as in 11.3.
- 11.5 The total score for the degree shall be the total score for all countable courses taken by the candidate for the degree, computed as in 11.4.
- 11.6 The average score for the degree shall be computed by dividing the total score in 11.5 by the total weight obtained under 11.3.
- 11.7 The final classification shall be as follows:

GPA	Classification
5.0 - 4.4	First Class
4.3 - 3.5	Second Upper Class
3.4 - 2.7	Second Lower Class
2.6 - 2.0	Pass

The above range of GPA being a result of truncating of all decimals of the GPA

12. Classification of Diplomas

- 12.1 No diploma of the University shall be classified except with the special permission of Senate and upon recommendations of the Board of a relevant School, or academic Institute.
- 12.2 Where Senate grants special permission for classification of a diploma, the provisions of regulation 11 shall apply subject to such necessary modifications, variations and conditions as Senate may impose or prescribe.

13. Classification of Certificates

No certificate of the University shall be classified except with the special permission of Senate and upon recommendations of the Board of relevant School, or academic Institute and subject to such terms and conditions as Senate may prescribe.

14. Award

- 14.1 The Board of Examiners in a School, or academic Institute, upon its satisfaction that the standard required under relevant regulations for the award of a degree, diploma, certificate or other award, as the case may be, has been attained by a candidate in University examinations applicable to him/her, may recommend to Senate through the relevant Board of a School and Senate Undergraduate Studies Committee or the Senate Higher Degrees Research and Publication Committee, that such degree, diploma, certificate or other award be conferred upon or granted to such successful candidate.
- 14.2 Senate may confer degrees and grant diplomas, certificates or other awards of the University on or to candidates who satisfy and are recommended in accordance with regulation 14.1 for such conferment or grant by, the Board of Examiners in a School, or academic Institute.

15. Aegrotat Degrees

- 15.1 Candidates who have completed their course of study but who have been absent, through illness, from part of the final examination for a first degree, may apply to the University for the award of an aegrotat degree, in accordance with the following regulations.
- 15.2 Candidate who have completed such portion of the examination as shall be determined by the School, or academic Institute/Board are eligible to apply for an aegrotat degree.
- 15.3 Applications from, or on behalf of, candidates must reach the Deputy Vice Chancellor – Academic, Research and Consultancy, through the Dean of the School or Director of an academic Institute within the period of the examination, and should be accompanied by report obtained, from the University Medical Officer.
- 15.4 An aegrotat degree will not be awarded unless the examiners consider that, in the work he/she attended, the candidate reached a standard which if also reached in the remainder of the examination should have qualified him/her for the award of the degree.
PROVIDED that only candidates who completed successfully the whole of their course works and at least 80% of the final written examination are eligible to apply for an aegrotat degree.
- 15.5 Holders of an aegrotat degree are not permitted to re-enter for the same examination, but may apply for permission to proceed to a second or higher degree on complying with the regulations for registration for such a degree.

16. Certificates, Certification and Transcripts

- 16.1 Senate shall issue certificates for degrees, diplomas, certificates or other award to such candidates as shall be declared to have satisfied the appropriate Board of Examiners and shall have been recommended to and approved by Senate for the conferment or grant of such degree, diploma, certificate or other award.
- 16.2 A fee as Senate may from time to time prescribe shall be charged for certifying each copy of a degree certificate and academic transcript.

- 16.3 Upon application for a Transcript, a student or former student shall be given a Transcript of his/her academic performance record and charged a fee as Senate may from time to time prescribe. Any finalist student desirous of obtaining a Transcript (s) shall submit an application for a Transcript(s), a clearance form and one passport size photograph for the preparation of Transcript(s).

17. Loss of Certificate

In case of loss or total or partial destruction of the original certificate or a copy thereof, the University office of the Deputy Vice Chancellor – Academic, Research and Consultancy, may issue a copy or another copy on condition that:

- a) The applicant produces a sworn affidavit.
- b) The certificate so issued shall be marked “COPY” across it.
- c) The replacement certificate will not be issued until a period of 12 months from the date of such loss has elapsed; except that such replacement may be issued within a shorter period where there has been partial destruction of the original certificate or of a copy thereof.
- d) The applicant must produce evidence that the loss has been adequately publicly announced with a view to its recovery in an officially recognized form or manner in the applicant's home country or where the loss is believed to have taken place.
- e) A fee as may be prescribed from time to time by Senate shall be charged for the copy of certificate issued.

18. Appeals

- 18.1 Except where unfair marking, wrongful computation of marks or grades or other like irregularity committed in the conduct of any University examination is alleged, no appeal shall lie in respect of any such examination on any other ground.
- 18.1.1 No remarking of Design Studio Projects, Pre-dissertations, Dissertations, Industrial Training (IT) and Project courses shall be allowed because assessment mode of these courses entails a lengthy and elaborate process involving a number of internal and external examiners
- 18.2 Any student or candidate aggrieved by a decision of Senate Undergraduate Studies Committee or the Higher Degrees Research and Publication Committee in terms of the provisions of regulation 9.4 may appeal to Senate for reversal or moderation of the decision of the Committee.
- 18.3 Any appeals made under regulation 18.1 shall be lodged with the Board of the appellant's School, or academic Institute, which shall forward the appeal with observations to Senate Undergraduate Studies Committee or the Higher Degree, Research and Publication Committee, whose observations and recommendation will be forwarded to Senate for approval.
- 18.4 Any member of the appellant's School, or academic Institute Board who participated in the making of the decision against which the appeal is lodged shall not have a voting right in Senate over such an appeal and may participate therein only in terms of presentation of findings and recommendation of the appellant's School, or academic Institute Board or answering queries, as the case may be, and shall otherwise be absent from Senate session considering any such appeal.
- 18.5 Appeals made under regulation 18.2 shall be lodged directly with the Deputy Vice Chancellor who shall forward them to Senate with observations and recommendations thereon.
- 18.6 Any person who has been involved at any stage in the processing of a case of alleged commission of an examination irregularity, whether at first instance or in preparation for the appeal, shall be barred from participation in the making of a decision over such a case, except for purposes of making a presentation of findings or recommendations or answering queries, as the case may be, in respect thereof and shall otherwise be absent from Senate session considering any such appeal.

- 18.7 No appeal pertaining to the conduct of any University examination and the marking of scripts thereof shall be entertained unless an appeal is lodged with the appropriate University authorities in accordance with these regulations within one year from the date of publication of the results by or under the authority of Senate.

19. Appeal Fee

- 19.1 All appeals shall be accompanied by an appeal fee charged per course/decision as the Senate may from time to time prescribe.
- 19.2 The fee shall be reimbursed to winning appellants but shall be forfeited in respect of those who partly or wholly lose their appeals.
- 19.3 The same rates or any other rates approved as approved by relevant organs shall be charged for any further appeal decisions.

20. Disposal of Examination Answer Books and other Scripts

- 20.1 Unless otherwise retained by Ardhi University Library for archival purposes all used examination answer books shall be destroyed after the expiry of 13 months following final decision of Senate on the examination concerned.
- 20.2 Heads of Departments concerned shall, with respect to examination answer books falling under their departments:
- a) Create and maintain adequate records of actions and transactions affecting examination answer books, ensure that those records are properly maintained while waiting for any appeal or final disposal;
 - b) Initiate the disposal procedures of those examination answer books for which there are no further need;
 - c) Initiate immediate disposal of used examination answer books that have been stored by their departments for more than 13 months following respective Senate decision;

--

- 20.13 The report of Heads of Departments to the Deputy Vice Chancellor – Academic, Research and Consultancy through respective Deans on disposal of examination answer books shall be accompanied with copies of appropriate mark sheets and list of students who sat for the examination concerned.

21. Instructions to Candidates

- 21.1 These instructions should be read together with the above University regulations.
- 21.2 Candidates should make sure that they have been issued with Examination Numbers before Examinations begin.
- 21.3 Candidates must acquaint themselves with the seating arrangement for their respective examinations in advance.

- 21.4 Candidates are advised to be at the examination centre at least fifteen minutes before the commencement of the examinations.
- 21.5 Candidates will be admitted by the invigilator to the examination room ten minutes before the time the examination is due to begin. Papers will be placed ready on the desks before they enter. They must not begin writing before they are told to do so by the Senior Invigilator. (Where large numbers of candidates are affected, invigilators may admit candidates to the examination room fifteen minutes in advance). During these ten minutes the Senior Invigilator will:
 - a) Make an announcement to the effect that all unauthorized materials should be removed from the examination room;
 - b) Make an announcement to the effect that candidates should satisfy themselves that they are in possession of the correct paper;
 - c) Call attention to any rubric at the head of the paper which seems to require attention;
 - d) Announce that both sides of the paper must be used. He will then tell students when they may begin writing. Candidates will be given five minutes to read the paper.
- 21.6 Candidates are permitted to do rough work on the left-hand part of the scripts on the understanding that this is crossed through at the end of the examination.
- 21.7 No books, bags, cellphones or attached cases may be taken by candidates into the room. Candidates are not normally allowed to use their own logarithmic tables. (Candidates attention is specifically drawn to General University Examination Regulation No. 9.1 to 9.3).
- 21.8 Once a student is found with unauthorized materials, he/she should sign on the materials to confirm they are his or hers.
- 21.9 No candidate will be permitted to enter the examination room after the lapse of thirty minutes from the commencement of the examination and no candidate will be permitted to leave the examination room until thirty minutes have expired.
- 21.10 At the end of the examination period, and on instructions from the Invigilator, candidates must stop writing and assemble their scripts, which they should personally hand to the invigilator unless instructed otherwise. Candidates must remain seated till the Invigilator tells them to leave the room. Apart from the examination paper, candidates are not allowed to take any examination material out of the examination room.

22. Notes to Invigilators

22.1 Procedure in the Examination Room

22.1.1 Before the Examination:

- i) Invigilators should be present in the examination room at least twenty minutes before the commencement of the examination.
- ii) Invigilators will be provided with the following items by the School Examinations Officer:
 - a) The question papers to be attempted by candidates.
Sealed envelopes containing question papers must be personally collected by each invigilator from the said Examinations Officer at least twenty minutes before the examination. All invigilators who have reported to the Examinations Officer within this period should immediately go to their respective examination room.
 - b) A list showing the names of the papers to be attempted in the room. (This will be distributed to invigilators in advance).
- iii) Invigilators must ensure that ONLY ONE answer book is provided for each candidate unless the rubric on the question paper requires otherwise. The answer book must be filled before any additional paper is provided.
- iv) Question papers and any other material prescribed in the rubric (e.g. log-tables, charts etc.) should be set out by the invigilator with the help of the Internal Examiner.
- v) Bags, books, cell phone (dully switched off), attach cases, papers and other related items should be left outside the examination room.
- vi) Invigilators should admit candidates to the examination room ten minutes before the commencement of the examination and they should ensure that they take the right places. Handbags, books and other similar articles must be deposited with the invigilator before the candidate is permitted to go to his/her place. (Where big numbers of candidates are

involved, invigilators may admit candidates to the examination room fifteen minutes in advance).

Invigilators are requested to stick to this arrangement. During these ten minutes the invigilator should:

- a) Make an announcement to the effect that unauthorized materials are not allowed in the examination room;
 - b) Make an announcement to the effect that candidates should satisfy themselves that they are in possession of the correct paper;
 - c) Call attention to any rubric at the head of the paper which seems to require attention;
 - d) Announce that, where this is practicable, both sides of the paper must be used. He/she should then tell students when they may begin writing. Candidates will normally be allowed five minutes to read the paper.
- vii) Invigilators should not admit candidates to the examination room after half an hour from the commencement of the examination and should not permit them to leave the room until thirty minutes have expired.

22.1.2 During the Examination

- i) At the commencement of the examination, invigilators should remind candidates to ensure that they are attempting the right examination paper.
- ii) At the end of the first half hour the total numbers present should be noted down. Invigilators should then collect the blank answer-books from all vacant places. Spare question papers should be returned to the correct envelopes for collection by the Internal Examiner.
- iii) During the examination, invigilators should ensure that candidates are provided with any additional requirements (e.g., scripts, blotting-paper, log-tables etc.). Candidates may be permitted to do rough work on the left hand pages of the script on the understanding that this is crossed out after the end of the examination. No candidate should be permitted to leave his/her place during the examination except to leave the examination room.
- iv) A candidate who contravenes the regulations and instructions governing the examinations, especially by unfair practices such as copying from or communicating with other candidates, shall be reported immediately to the Examinations Officer.
- v) Once a student is found with unauthorized materials, the invigilator should ask the student to sign on the materials to confirm that they are his/hers.
- vi) The candidate shall be informed that he/she has contravened the regulations and that he/she has been reported, but shall not be prevented from continuing with his/her paper. A written report must be sent to the Examinations Officer including full details of the contravention. It is part of the invigilator's duty to move about the examination room as quietly as possible at frequent intervals.

22.1.3 At the End of the Examination

- i) Invigilators shall not permit candidates to leave their places before their scripts have been collected. Candidates who wish to leave the examination room before the end of the examination shall hand over their scripts to the invigilator before leaving the examination room.

No candidate shall leave the examination room during the last ten minutes of the time allocated for the examination except in case of emergency. At the end of the examination period invigilators shall instruct the candidates to stop writing and then collect all the scripts.

- ii) Invigilators shall enter the number of examination scripts collected from the candidate on the attendance sheet provided by the Examination Officer at the time of collecting the examination papers.

Invigilators shall sign the said attendance sheet before they hand over all the scripts to the Internal Examiners (or their deputies) who must be present in the examination room at the end of the examination. Where invigilators are also internal Examiners, there should be no problem of collection of scripts. On receipt of the scripts, Internal Examiners will check them and countersign on the collection form. The attendance sheets must be handed to the Examinations Officer at the end of each session.

- iii) Invigilators shall hand over all extra examination papers to the Head of the relevant Department.

23. General Notes and Instructions

- 23.1 Internal Examiners (or their deputies) are required to attend in the examination rooms at the commencement of each period to assist the invigilators and to collect the scripts. Instructions, which the examiners (or their deputies) may wish to be given, should be announced by the invigilators.
- 23.2 Cases of illness should be reported to the Head of Department as soon as possible.
- 23.3 Invigilators shall have the power to confiscate any unauthorized book, manuscript or other aid brought into the examination room and to expel from the examination room any candidate who creates a disturbance. They shall report to the Examinations Officer any case of a candidate suspected of giving or obtaining unauthorized assistance or of attempting to do so, and that officer shall have power to take any further steps he/she may consider necessary. He/she shall then report the matter to the Deputy Vice Chancellor – Academic, Research and Consultancy.
- 23.4 “Examinations Officer” includes the Examination Officer’s deputies.

UNIVERSITY GENERAL EXAMINATION REGULATIONS

INTRODUCTION

The examination regulations presented in this handbook provide the criteria and other conditions relating to examinations leading to Degree/Diploma awards at Ardhi University under credit system. “Examination” in these regulations refers to a formal and supervised assessment activity which contributes to the overall mark that is used to grade student learning outcomes such as knowledge, skills and competence.

The regulations are meant to keep the students, their academic supervisors, the academic community at the University and the public at large better informed of the academic environment and courses offered at Ardhi University

The credit system regulations in this Prospectus contains General University Examination Regulations (GUERs), Undergraduate General Examination Regulations (UGERs), Postgraduate General Examination Regulations (PGERs) and Schools/Institute Examination Regulations. The General University Examination Regulations cater for both undergraduate and postgraduate students. Undergraduate General Examination Regulations cater for undergraduate students while Postgraduate General Examination Regulations cater for postgraduate students only. Additionally, Schools/Institute specific Examinations Regulations cater for the specific Schools’/Institute’s requirements. Postgraduate Examination Regulations must be read together with the General Regulations and Guidelines for Postgraduate Study Programmes.

All enquiries concerning these examinations regulations should be addressed to:

The Deputy Vice Chancellor for Academic, Research and Consultancy

GENERAL UNIVERSITY EXAMINATION REGULATIONS (GUERs) – CREDIT SYSTEM

1.0 Registration for Programmes/Courses

- 1.1 At the beginning of the semester, each student is required to consult his/her Head of Department for the purpose of charting out courses for the semester. Approval of the courses by the Head of Department and the School Dean/Institute Director shall constitute formal enrolment for all the courses listed in the programme. For the purpose of charting out courses for the year, the Department shall appoint an academic advisor for each student. Each student shall confer with academic advisor in charting out courses for the semester.
- 1.2 Each department may prescribe core and elective courses. Students may be allowed to select relevant elective courses from other programmes offered in the University subject to approval by the School. The elective course(s) shall also count towards the degree classification as prescribed in the respective programme curriculum. Additionally, a student may take at most three optional courses which will not count to final GPA.
- 1.3 A student who has registered for elective course but wishes to withdraw from that course must apply to the Dean/Director, as the case may be, of the unit hosting the course through the Head of the course offering Department for permission to do so.
- 1.4 No student will be permitted to commence or withdraw from any elective course three weeks after the beginning of the Semester.
- 1.5 Students may transfer from one academic programme to another in Year I only. No first-year student shall be allowed to transfer to another programme after four weeks from the start of the first semester. Transfer shall be subject to availability of places in the preferred programme, admission points and approval by the Senate.
- 1.6 After approval of student's transfer from one programme to another, the respective student will not be allowed to retransfer/return to the programme he/she was previously admitted or transfer to another programme.

2.0 Registration for Examinations

- 2.1 Registration for examinations will depend on the payment made for all required or prescribed fees within the prescribed registration period. The registration for studies shall be deemed as adequate registration for the requisite examinations in the particular programme of study.
- 2.2 Subject to approval by Senate, the Board of each School and academic Institute shall make such internal examination regulations as are necessary for the proper conduct, management and administration of examinations in accordance with the specific requirements of particular degree, diploma, certificate or other award programmes of the University.

3.0 Eligibility for Examinations

- 3.1 Students are required to complete coursework before they can be allowed to sit for the University Examination.
- 3.2 The Dean of a School or the Director of academic Institute may bar any candidate from being admitted to any examination in any subject or course where the Dean or Director is satisfied that the candidate has not completed satisfactorily by attendance and the requirements of the course.
- 3.3 Where a candidate who has been either barred or not allowed to sit for examination in accordance with paragraph 3.1 and 3.2 enters the examination room and sits for the paper, his/her results in the paper shall be declared null and void.

- 3.4 A candidate whose work or progress is considered unsatisfactory shall be required by Senate on recommendations from the Senate Undergraduate Studies Committee or the Senate Higher degree Research and Publications Committee, to repeat any part of the course before admission to an examination.
- 3.5 For the purpose of regulation 3.4, unsatisfactory shall mean:
- i) Non-attendance in a course for a total of 20% hours of lectures, practical/seminars and/or tutorials in any one semester.
 - ii) Less than 5 consultation stages (e.g. topic formulation, literature, methodology, data analysis and discussion and concluding the subjects) with supervisor during the dissertation period.
 - iii) No progress reports of dissertation(s)/thesis for postgraduate students.
- 3.6 A student is required to register semester courses before sitting for examinations. Where a student has not registered for a course sits for an examination, the examination results shall be nullified.
- 3.7 The general conduct of Double Degree and Joint Degrees shall be guided by specific agreement between the involved parties.

4.0 Absence from Examinations

- 4.1 A candidate who absents himself/herself from an examination(s) without compelling reason shall be considered to have absconded examination(s) and shall be discontinued from studies.
- 4.2 A student who has:
- a) Postponed examination for compelling reasons shall be required to sit for a Special examination and shall be assigned a “PEX” grade (postponed exam);
 - b) Incomplete in coursework(s) for compelling reason shall be required to sit for a special test/assignment/ presentation/practical before Departmental Examiners Board for deliberating UE results.
 - c) Incomplete in both coursework and University examination for compelling reason shall be assigned an “I” grade (Incomplete).
 - d) Been barred shall be indicated ‘BAR’ in the respective course(s).
 - e) Passed away shall be indicated as ‘DCD’ in the missed courses
 - f) To repeat courses shall be indicated ‘RPT’ in the respective course(s).
 - g) To resubmit dissertation/Seminar paper shall be indicated ‘RES’ in the respective course(s).
 - h) Absconded studies/examinations shall be indicated as “ABS”
 - i) Deregistered from studies shall be indicated as “DER”
- 4.3 Compelling reasons shall mean sickness and/or serious social problems supported with valid evidences (each case to be considered on its own merit).
- 4.4 A student who has a “PEX” or “I” grade in a course during any academic year is required to clear the course examination during the time of special examinations for that academic year. Except with the approval of the respective school/institute Board, a student who will not clear any “PEX” or “I” grade at the time of special examination will be considered to have absconded and shall be discontinued from studies.
- 4.5 A student who fails to clear PEX or I within the academic year with compelling reasons shall have incomplete results and shall be required to clear it in the subsequent year before proceeding to next academic year of study.

5.0 Form of Examinations and Assessment

- 5.1 Examinations shall include continuous assessment (tests, assignments, quizzes, seminar/project/dissertation/studio presentations, workshop/laboratory practical(s) or any other form of assessment specified in the curriculum or School/Department specific examination regulations) and University examinations including written, practical, oral examinations where appropriate.

- 5.2 For the purpose of continuous coursework assessment in each semester, there shall be at least two written tests, and two homeworks or practical/fieldwork exercises, assignments, quiz, presentations for seminar/project/dissertation/studio, workshop/laboratory practical(s) reports or a combination thereof for each course.
- 5.3 Candidate at any examination may, at the discretion of the Board of Examiners, be required to attend an oral examination in addition to written/practical examinations.
- 5.4 The percentages of the total marks awarded for written, practical and oral examinations in any subject or course shall be determined by Senate, on the recommendations of the appropriate School, or academic Institute Board.
- 5.5 Assessment of the student's progress shall be based on the following grading system:

Marks (%)	Grade	Points	Undergraduate	Postgraduate

40-49	C	2.0-2.9	Pass	Supplement
35-39	D	1.0-1.9	Supplement	Supplement
0-34	E	0-0.9	Repeat	Repeat

The above range of marks being a result of rounding of all decimals of the marks.

- 5.6 The minimum pass mark in first sitting shall be "40%" for Undergraduate and "50%" for Postgraduate. Maximum pass grade for supplementary examination is "C" for undergraduate and "B" for postgraduate.

6.0 Dates of Examination

- 6.1 Examinations in Schools and academic Institutes shall be held at a time to be determined by Senate, which shall normally be at the end of each semester, subject to such exceptions as Senate may allow upon recommendation by Senate Undergraduate Studies Committee (SUSC) or Senate Higher Degrees, Research and Publications Committee (SHDRPC) as the case may be.
- 6.2 Candidates who are referred and are required to do supplementary examinations shall be re-examined in the referred subjects at a time to be determined by Senate which shall not be less than one month after the approval of the examination results at the end of the second semester in the academic year.
- 6.3 A candidate who, for compelling reason, was unable to present himself/herself in the ordinary examinations may, with the special permission of Senate present himself/herself for examination at a time fixed for any Supplementary examination.
- 6.4 A candidate who, for compelling reason, was unable to present himself/herself in the Supplementary/Special examinations may, with the special permission of Senate, present himself/herself for examination at a time fixed for any "Special" Supplementary examination.
- 6.5 A candidate who failed to present himself/herself for examination should officially inform Head of Department in writing on the same date of examination.

7.0 Conduct of Examinations

- 7.1 University examinations shall be conducted under the control of the Deputy Vice Chancellor–Academic, Research and Consultancy (DVC-ARC) or such other officer of the University as the Deputy Vice Chancellor may appoint.
- 7.2 The Independent Internal Examiners and External Examiners for University examinations shall be appointed by Senate in the manner it shall be prescribed.

- 7.3 The Deputy Vice Chancellor – Academic, Research and Consultancy shall have power to issue such instructions, notes or guidelines to candidates, invigilators and examiners of University examinations as he/she shall deem appropriate for the proper, efficient and effective conduct of such examinations.
- 7.4 The instruction notes or guidelines issued by the Deputy Vice Chancellor – Academic, Research and Consultancy in line with examination regulations shall form part of and be as binding as these regulations.
- 7.5 For the efficient functioning of examination conduct, assessment and processing of results thereof, the Head of Department shall appoint such coordinator/s from among academic staffs in his/her department as necessary to perform the functions related to examinations of the different courses hosted by his/her department.
- 7.6 There shall be examination monitoring of examination conduct by Quality Assurance Unit.

8.0 Departmental Examiners Meetings

- 8.1 Examination results shall be discussed and endorsed by Departmental Examiners meetings which will comprise of all members of academic staff in the Department. Then the Department shall submit the examination results with major observations and recommendations to School/Institute Board for further endorsement.
- 8.2 The provisional results of such examinations shall be published by the School/Institute after being endorsed by the School/Institute Board. The published results shall be provisional subject to approval by the Senate.

- 9.5 Any candidate attempted cheating in relation to any part of the examination process and found guilty by Senate, shall be deemed to have committed an examination irregularity and shall be discontinued from studies in the University.
- 9.6 Any candidate causing disturbance in any examination room and found guilty by Senate shall be deemed to have committed an examination irregularity and shall be discontinued from studies in the University.
- 9.7 Any candidate found guilty of commission of an examination irregularity and is aggrieved by the decision may appeal to Senate in accordance with the provisions of appeal regulation of these Regulations.

- 9.8 In this regulation:
- a) Materials specified on the examination paper shall not be regarded as unauthorized materials;
 - b) "Unauthorized material" includes any relevant or irrelevant written or printed material that is generally or specifically prohibited from being brought into the examination room, expired and/or forged identity card, cellular or mobile phones, smart watch, radios, radio cassette or other types of cassette players, computers, information written on any part of the body, soft and alcoholic drinks and any other material as may be specified from time to time by the Deputy Vice Chancellor – Academic, Research and Consultancy, Dean of a School, Director of an academic Institute or a Head of an academic department;
 - c) "Unauthorized absence from examination" includes going out of the examination room, temporarily or otherwise, or staying out of the examination room for an unduly long period, without authorization or permission of the invigilator or one of the invigilators for the examination in question;
 - d) Cheating in Examination" includes any form or kind of dishonesty, peeping, forging credentials or destruction or falsification of any evidence of irregularity.
- 9.9 Senate may impose such a lesser penalty on a candidate found guilty of commission of an examination irregularity, depending on the gravity of the facts or circumstances constituting the offence, as Senate may deem appropriate.
- 9.10 Unauthorized materials caught in the examination room shall be confiscated and kept in all times of processing and handling irregularity cases as evidence until the fate of the irregularities being concluded by Senate.
- 9.11 The unauthorized materials may be returned to the owner if requested in writing after expiration of one year from the date of Senate verdict on the irregularity case.
- 9.12 Unauthorized materials may be disposed if not requested by the owner after three (3) years from the date of Senate verdict on the irregularity case.

10.0 Publication of Results

- 10.1 The provisional results of candidates in every examination, arranged in a manner as prescribed by Senate or, in that behalf, as provided under internal examination regulations of the relevant School approved by Senate and not in conflict with these Regulations, shall be published by the Dean of the relevant School or Director of Institute soon after the School/Institute Board meeting. These published results shall not be regarded as final until they have been approved by Senate.
- 10.2 The results may be published on notice boards, newspapers, information systems or websites at the discretion of the relevant School/Institute. The anonymity of the student must be protected in publishing results e.g., using students' registration numbers rather than names.
- 10.3 Provisional examination results having been recommended by the School or an academic Institute Board to the Senate Undergraduate Studies Committee or the Higher Degrees Research and Publications Committee, the Committee shall endorse the results and such endorsement shall have to be approved by Senate.
- 10.4 Senate shall approve the results of examinations for both Semesters at a time to be determined by Senate, which shall normally be at the end of the Second Semester except the following prerequisite courses which the Senate shall approve their results at the end of Semester One:
- i) Studio results
 - ii) Industrial Training results
 - iv) Pre-Dissertation/Dissertation I results
 - v) Project and Seminar Paper results
- 10.5 If it can be established, during the time of noting Semester One UE results that a student cannot attain a minimum GPA of 2.0 for undergraduate, 2.7 for postgraduate or 1.8 for finalist, the Senate shall have powers to approve the discontinuation of such student(s).

- 10.6 Feedback on Coursework Assessment (CA) must be continuously provided to students and the cumulative CA marks must be shown to students' on or before Friday of the last week of the start of Semester University Examinations. A copy of the students' CA marks must be submitted to the Head of the Department before the start of University Examinations.

11.0 Classification of Degrees

- 11.1 For purposes of the final classification of degrees and where applicable, a five-point system shall be used in averaging the final grades.
- 11.2 The letter grades will be assigned points as follows:

A	B+	B	C	D	E
4.4-5.0	4.0-4.3	3.0-3.9	2.0-2.9	1.0-1.9	0-0.9

- 11.3 Approved courses given for each degree shall be appropriately weighted in terms of credits.
- 11.4 To get the grade points (GP) score for each course, shall be calculated from raw marks with Equation as prescribed in the Table below:

Grade	Range of marks	Equation	Grade Point
A	70-100%	$Y=0.02X+3$	4.4-5.0
B+	60-69.9%	$Y=0.04X+1.6$	4.0-4.3
B	50-59.9%	$Y=0.1X-2$	3.0-3.9
C	40-49.9%	$Y=0.1X-2$	2-2.9
D	35-39.9	$Y=0.2X-6$	1.0-1.9
E	0-34.9	$Y=(1/35)X$	0-0.9

Y= Grade Points

X= Raw marks (%)

- 11.5 Points for a particular course are obtained through multiplying the grade points (GP) by corresponding number of credits. The total score for the degree shall be the total score for all countable courses taken by the candidate for the degree.
- 11.6 The overall Grade Point Average (GPA) score for the degree shall be computed by dividing the Total Score (Reg. 11.5) by the Total credits of the particular course.
- 11.7 The final degree classification shall be as follows:

GPA	Classification
5.0 - 4.4	First Class
4.3 - 3.5	Upper Second Class
3.4 - 2.7	Lower Second Class
2.6 - 2.0	Pass

The above range of GPA being a result of truncating of all decimals of the GPA

12.0 Classification of Diplomas

Diploma of the University shall be awarded GPA and classified by Senate as follows:

GPA	Classification
4.0 - 5.0	First Class (Distinction)
3.0-3.9	Second Class (Credit)
2.0 - 2.9	Pass

The above range of GPA being a result of truncating of all decimals of the GPA

13.0 Classification of Certificates

Certificate of the University shall be awarded GPA and classified by Senate as follows:

GPA	Classification
4.0 - 5.0	First Class (Distinction)
3.0-3.9	Second Class (Credit)
2.0 – 2.9	Pass

The above range of GPA being a result of truncating of all decimals of the GPA

14.0 Award

- 14.1 The Board of a School, or academic Institute, upon its satisfaction that the standard required under relevant regulations for the award of a degree, diploma, certificate or other award, as the case may be, has been attained by a candidate in University examinations applicable to him/her, may recommend to Senate through the relevant Board of a School/Institute and Senate Undergraduate Studies Committee or the Senate Higher Degrees Research and Publication Committee, that such degree, diploma, certificate or other award be conferred upon or granted to such successful candidate.
- 14.2 The final year overall results approved by the Senate shall make a candidate eligible to the award of degrees, diplomas or certificates offered at ARU.
- 14.3 Senate may confer degrees and grant diplomas, certificates or other awards of the University on or to candidates who fulfilled all prerequisite requirements and recommended in accordance with regulation 14.1 for such conferment or grant by the Board of a School or academic Institute.
- 14.4 There may be award of a double/joint degree from the programme jointly offered in mutual agreements in two collaborative universities.
- 14.5 The award of joint degree shall be represented by a single certificate which shall be designed in line with the agreement between Ardhi University and partner Universities
- 14.6 The award of double degree shall abide to the mutual agreement between the two universities.

15.0 Aegrotat Degrees

- 15.1 The University may award aegrotat degree/diploma/certificate (as the case may be) to a student who had left the University on established medical reasons when close to completion of a programme after the University having being satisfied that the student's prior performance shows balance of probabilities that he/she would have passed respective examinations but the illness which occurred prevented him/her to sit for final examinations.
- 15.2 Candidates eligible to apply for an aegrotat degree/diploma/certificate (as the case may be) must have completed successfully the whole of their coursework and at least 80% of the final written examination.
- 15.3 The eligible candidate shall submit a request in writing with evidence justifying her/his request of aegrotat degree award.
- 15.4 Candidates who have completed such portion of the examination as shall be determined by the School or academic Institute/Board are eligible to apply for an aegrotat degree.
- 15.5 Applications from, or on behalf of, candidates must reach the Deputy Vice Chancellor – Academic, Research and Consultancy, through the Dean of the School or Director of an academic Institute within the period of the examination, and should be accompanied by medical report with relevant documents obtained, from the hospital and endorsed by the University Medical Officer.
- 15.6 An aegrotat degree will not be awarded unless the examiners consider that, in the work he/she attended, the candidate reached a standard which if also reached in the remainder of the examination should have qualified him/her for the award of the degree. PROVIDED that only candidates who completed successfully the whole of their course work and at least 80% of the final written examination are eligible to apply for an aegrotat degree.

- 15.7 An aegrotat award shall be considered as a terminal award which does not entitle the holder to practice a profession or to pursue postgraduate study although it may be used for non-professional related employment.
- 15.8 An aegrotat degree/diploma/ certificate (as the case may be) shall be unclassified and in all other respects, ungraded.

16.0 Posthumous degree

- 16.1 The University shall award a posthumous qualification to a student who had died when close to completion of a programme and the Head of the academic department in which the deceased student was registered shall formally make a request to the relevant School or Institute board a recommendation to the Senate for award of a posthumous degree to the student in question.
- 16.2 The University may award an unclassified degree in cases where there is strong evidence that the deceased student would have achieved a degree, as long as the amount of study the student carried out deserves the posthumous award to be given to the candidate.
- 16.3 The awarding of a posthumous award shall ensure that the word “posthumous” is endorsed on all official documents associated with the award of a posthumous qualification, which shall include transcripts, testimonial statements and other student academic records.
- 16.4 Posthumous degrees shall be awarded in the name of the deceased student and shall be announced at the next relevant graduation ceremony, if so desired by legally authorized person.

17.0 Certificates, Certification and Transcripts

- 17.1 Senate shall issue certificates for degrees, diplomas, certificates or other award to such candidates as shall be declared to have fulfilled requirements for awarding the degrees, diplomas, certificates and be approved by Senate for the conferment or grant of such degree, diploma, certificate or other award.
- 17.2 A fee as Senate may from time to time prescribe shall be charged for certifying each copy of a degree certificate and academic transcript.
- 17.3 Upon application for a Transcript, a student or former student shall be given a Transcript of his/her academic performance record and charged a fee as Senate may from time to time prescribe. Any finalist student desirous of obtaining a Transcript(s) shall submit an application for a Transcript(s), a clearance form and one passport size photograph for the preparation of Transcript(s).

18.0 Loss of Certificate

In case of loss or total or partial destruction of the original certificate or a copy thereof, the University office of the Deputy Vice Chancellor – Academic, Research and Consultancy, may issue a copy or another copy on condition that:

- a) The applicant produces a sworn affidavit.
- b) The certificate so issued shall be marked “COPY” across it.
- c) The replacement certificate will not be issued until a period of 12 months from the date of such loss has elapsed; except that such replacement may be issued within a shorter period where there has been partial destruction of the original certificate or of a copy thereof.
- d) The applicant must produce evidence that the loss has been adequately publicly announced with a view to its recovery in an officially recognized form or manner in the applicant’s home country or where the loss is believed to have taken place.
- e) A fee as may be prescribed from time to time by Senate shall be charged for the copy of certificate issued.

19.0 Appeals

- 19.1 Except where unfair marking, wrongful computation of marks or grades or other like irregularity committed in the conduct of any University examination is alleged, no appeal shall lie in respect of any such examination on any other ground.

- 19.2 No remarking of Design Studio Projects, Pre-dissertations, Dissertations, Theses, Industrial Training (IT), Engineering Drawing, Project courses and any other course for which assessment mode entails a lengthy and elaborate process involving a number of internal and external examiners shall be allowed.
- 19.3 Any student or candidate aggrieved by a decision of the Senate in terms of the provisions of regulation 9.0 may appeal to Senate for reversal or moderation of the previous decision made.
- 19.4 Any appeals made under regulation 19.1 shall be lodged with the Board of the appellant's School, or academic Institute, which shall forward the appeal with observations to Senate Undergraduate Studies Committee or the Senate Higher Degrees, Research and Publications Committee, whose observations and recommendations will be forwarded to Senate for approval.
- 19.5 Any member of the appellant's School, or academic Institute Board who participated in the making of the decision against which the appeal is lodged shall not have a voting right in Senate over such an appeal and may participate therein only in terms of presentation of findings and recommendation of the appellant's School, or academic Institute Board or answering queries, as the case may be, and shall otherwise be absent from Senate session considering any such appeal.
- 19.6 Appeals shall be lodged directly to the Deputy Vice Chancellor for Academic, Research and Consultancy who shall forward them to Senate with observations and recommendations of SUSC or SHDRPC thereon.
- 19.7 Any person who has been involved at any stage in the processing of a case of alleged commission of an examination irregularity, whether at first instance or in preparation for the appeal, shall be barred from participation in the making of a decision over such a case, except for purposes of making a presentation of findings or recommendations or answering queries, as the case may be, in respect thereof and shall otherwise be absent from Senate session considering any such appeal.
- 19.8 No appeal pertaining to the conduct of any University examination and the marking of scripts thereof shall be entertained unless an appeal is lodged with the appropriate University authorities in accordance with these regulations within one year from the date of publication of the results by or under the authority of Senate.

20.0 Appeal Fee

- 20.1 All appeals shall be charged an appeal fee per course or decision made as prescribed from time to time by the Senate. The same rates shall be charged for any further appeal decisions.
- 20.2 The appeal fee once paid shall not be refunded.

21.0 Disposal of Examination Answer Booklets and other Scripts

- 21.1 All used examination answer booklets shall be destroyed after the expiry of 13 months following final decision of Senate on the examination concerned.
- 21.2 Heads of Departments concerned shall, with respect to examination answer booklets falling under their departments:
 - a) Create and maintain adequate records of actions and transactions affecting examination answer booklets, ensure that those records are properly maintained while waiting for any appeal or final disposal;
 - b) Initiate the disposal procedures of those examination answer booklets for which there are no further needs;
 - c) Initiate immediate disposal of used examination answer booklets that have been stored by their departments for more than 13 months following respective Senate decision;
 - d) Designate a place or room as storage area for examination answer booklets awaiting appeals or final disposal;
 - e) Witness and keep close control over final disposal of examination answer booklets to ensure the confidential nature of contents of answer booklets remain inviolate.

- 21.3 The report of Heads of Departments to the Deputy Vice Chancellor – Academic, Research and Consultancy through respective Deans or Director of Academic Unit on disposal of examination answer booklets shall be accompanied with copies of appropriate mark sheets and list of students who sat for the examination concerned.
- 21.4 Pending final disposal, Heads of Departments shall ensure all information contained in examination answer booklets remain inviolate and is protected from misuse or abuse.
- 21.5 The Deputy Vice Chancellor – Academic, Research and Consultancy shall prepare a disposal and storage budget as well as storage devices of various sizes or descriptions which shall be used by Heads of Departments for storage of examination answer booklets for 13 months pending final disposal.
- 21.6 The storage devices prescribed under sub-paragraph (21.5) above shall be so marked or labeled as to facilitate identification of the course code and name, examination date, date of Senate decision, course instructor and date when final disposal shall be due.
- 21.7 The Deputy Vice Chancellor – Academic, Research and Consultancy shall select and announce the best available practice in disposing off the examination answer booklets due for disposal.
- 21.8 Depending on such pertaining circumstances as privacy of information contained, cost involved and environmental considerations, the Deputy Vice Chancellor – Academic, Research and Consultancy may with respect to any batch due for disposal, direct:
- The disposal by shredding and then disposed of by either burning or selling to recycling companies to be reused in producing other paper materials; or
 - Used examination papers be entirely burnt to completion.
- 21.9 The Vice Chancellor on recommendation of the Deputy Vice Chancellor – Academic, Research and Consultancy shall be responsible to order final disposal of any batch of examination answer booklets at the University.
- 21.10 The Vice Chancellor shall signify his order in the following way:
“It is hereby ordered that the following storage device marked LM Development Perspectives I 2001/2002 Semester I UE taught by Prof XYZ”
 Being EXAMINATION ANSWER **BOOKLETS** of the DEPARTMENT OF LAND MANAGEMENT & VALUATION, at ARU be disposed of in the manner provided for in the ARU Examination Answer Books (Disposal) Regulations.

22.0 Instructions to Candidates before and during examinations

- 22.1 These instructions should be read together with the above University Examinations regulations.
- 22.2 All candidates should ensure that they possess valid student identification cards before entering into examination rooms. In the examination room, student identification cards should be visibly placed on top of the desk throughout the examination for Invigilators to check.

- 22.3 Candidates are responsible to acquaint themselves with the date, time and venue for their respective examinations in advance.
- 22.4 Students without valid student identification cards shall not be permitted entry to the examination room and shall not be eligible to sit for examinations.
- 22.5 Candidates are advised to be at the examination room at least fifteen minutes before commencement of the examination.
- 22.6 Candidates will be admitted by the invigilator to the examination room ten (10) minutes before the time the examination is due to begin. They must not begin writing the examination before they are told to do so by the invigilator. Where large numbers of candidates are affected, invigilators may admit candidates to the examination room fifteen (15) minutes in advance. During these ten minutes the invigilator will:
 - a) Make an announcement to remind the candidates that unauthorized materials are not allowed into the examination room and that they should be removed from the examination room;
 - b) Display the sealed envelope containing examination papers before opening it;
 - c) Make an announcement to the effect that candidates should satisfy themselves that they are in possession of the correct examination paper;
 - d) Call attention to any rubric at the head of the paper which seems to require attention;
 - e) Announce that both sides of the paper must be used.
 - f) Candidates will be given five minutes to read the paper. The invigilator will then tell candidates when they may begin writing.
- 22.7 Candidates are permitted to do rough work beginning the last page of the booklet. This should be crossed through at the end of the examination.
- 22.8 No books, bags, cell phones, smart watches, laptops, drinks or any other material may be taken by candidates into the examination room. Candidates are not allowed to use materials that are not permitted to a particular examination.
- 22.9 Candidates are not allowed to borrow or exchange items such as rulers, pens, pencils and calculators during the examination. Should such a need arise the candidate should request the assistance of the invigilator.
- 22.10 Once a student is found with unauthorized material during examinations, regulation 9.3 shall apply.
- 22.11 No candidate will be permitted to enter the examination room after the lapse of thirty (30) minutes from the commencement of the examination and no candidate will be permitted to leave the examination room until thirty minutes have expired.
- 22.12 At the end of the examination period, and on instructions from the invigilator, candidates must stop writing and assemble their scripts, which they should personally hand them to the invigilator unless instructed otherwise.
- 22.13 Candidates are not allowed to take any examination papers or materials out of the examination room.

23.0 Directives to Invigilators

23.1 Before the Examination:

- i) Invigilators should be present in the examination room at least twenty minutes before the commencement of the examination.
- ii) Invigilators should be provided with the following items by the School Examinations Officer:
 - a) Sealed envelopes containing question papers, code and name of examination to be attempted by candidates and room number where examination will be held,
 - b) The sealed examination envelopes must be personally collected by each invigilator from the said Examinations Officer at least twenty (20) minutes before the examination. All invigilators who have reported to the Examinations Officer within this period should immediately go to their respective examination rooms.

- iii) Invigilators must ensure that ONLY ONE answer booklet is provided for each candidate unless the rubric on the question paper requires otherwise. The answer booklet must be filled before any additional answer booklet is provided.
- iv) Question papers and any other material prescribed in the rubric (e.g., log-tables, charts etc.) should be set out by the invigilator with the help of the Internal Examiner.
- v) Bags, books, cell phone (dully switched off), smart watches, laptops, drinks, attach cases, papers and other related items shall not be brought into the examination room.
- vi) The University assumes no responsibility for personal property lost in or near any examination room.
- vii) Invigilators should ensure that they admit candidates with valid student identification cards into examination rooms. Student identification cards should be visibly placed on the top the desk throughout the examination for Invigilators to check.
- viii) Invigilators should admit candidates to the examination room ten (10) minutes before the commencement of the examination and they should arrange sitting of candidates at right places. Where big numbers of candidates are involved, invigilators may admit candidates to the examination room fifteen (15) minutes in advance. During these ten/fifteen minutes the invigilator should:
 - a) Make an announcement to remind candidates that unauthorized materials are not allowed in the examination room.
 - b) Display the sealed envelope containing examination papers before opening it;
 - c) Make an announcement to the effect that candidates should satisfy themselves that they are in possession of the correct examination paper;
 - d) Call attention to any rubric at the head of the paper which seems to require attention;
 - e) Announce that, where this is practicable, both sides of the paper must be used.
 - f) Candidates will be given five minutes to read the paper. The invigilator will then inform candidates when they may begin writing the examination and time for finishing the examination.
- ix) Invigilators should not admit candidates to the examination room after thirty (30) minutes from the commencement of the examination and should not permit them to leave the room until thirty (30) minutes have expired.

23.2 During the Examination

- i) At the commencement of the examination, invigilators should remind candidates to ensure that they are attempting the right examination paper.
- ii) At the end of the first thirty minutes the invigilator should take record of candidates present in the examination room. Invigilators should then collect blank answer-books (if any) from all vacant places. Spare question papers should be returned to the correct envelopes for collection by the Internal Examiner.
- iii) During the examination, invigilators should ensure that candidates are provided with any additional requirements (e.g., scripts, blotting-paper, log-tables etc.). Candidates may be permitted to do rough work on the left-hand pages of the script on the understanding that this is crossed out after the end of the examination. No candidate should be permitted to leave his/her place during the examination except to leave the examination room.
- iv) Candidates are not allowed to borrow or exchange items such as rulers, pens, pencils and calculators during the examination.
- v) Once a student is found with unauthorized material during examination, regulation 9.3 shall apply.
- vi) The candidate shall be informed that he/she has contravened the examination regulation 9 and that he/she will be reported, but shall not be prevented from continuing with his/her examination paper. A written report on the irregularity

incident with all evidences and details must be sent to the DVC-ARC by the School Dean. It is the invigilator's duty to move around the examination room as quietly as possible at frequent intervals.

23.3 At the End of the Examination

- i) Invigilators shall not permit candidates to leave their places before their scripts have been collected. Candidates who wish to leave the examination room before the end of the examination shall hand over their scripts to the invigilator before leaving the examination room.
- ii) No candidate shall leave the examination room during the last ten minutes of the time allocated for the examination except in case of emergency.
- iii) At the end of the examination period invigilators shall instruct the candidates to stop writing and then collect all the scripts.
- iv) Candidates are not allowed to take any examination papers or materials out of the examination room.
- v) Invigilators shall enter the number of examination scripts collected from the candidate on the attendance sheet provided by the Head of Department at the time of collecting the examination papers.
Invigilators shall sign the said attendance sheet before they hand over all the scripts to the Head of Department who shall check correctness of received number of scripts against list of attendance. On receipt of the examination booklets from Head of Department, Internal Examiners will check them.
- vi) Invigilators shall hand over all extra examination booklets to the respective Head of Department.

24.0 General Notes and Instructions

- 24.1 Internal Examiners (or their assistants) are required to attend in the examination rooms within thirty (30) minutes from the commencement of each examination.
- 24.2 Examination instructions, which the examiners (or their assistants) may wish to be given to candidates, should be announced by the invigilators.
- 24.3 Cases of illness should be reported in writing to the Head of Department by the student or class representative on or before the day of examination.
- 24.4 Chief Examinations Officer is the Deputy Vice Chancellor for Academic, Research and Consultancy.
- 24.5 A candidate required to carry over courses shall find his/her own time to do so while following regular courses in the on-going semester.

25.0 Dissertation Assessment

Dissertation assessment shall comprise of continuous assessment and university examination. Continuous assessment shall account for 30% while the university examination shall account for 70% (49 % for written report and 21% for oral presentation).

**UNDERGRADUATE GENERAL EXAMINATION
REGULATIONS**

**A) UNDERGRADUATE GENERAL EXAMINATION
REGULATIONS - UNIT SYSTEM**

UNDERGRADUATE GENERAL EXAMINATION REGULATIONS – UNIT SYSTEM

1. Academic Programmes in Schools are currently organized under a unit system based on two semesters per academic year with each semester examined independently. Each course is assigned a unit weight that reflects time devoted to it on the timetable or work plan. One unit of the theoretical subject is equivalent to 15 hours while one unit of studio or practical subject constitutes 30-45 hours. The end of the academic year means the end of 2 semesters. There shall be an 8 weeks Industrial Training at the end of 1st, 2nd and 3rd (and 4th year for five-year degree programmes) academic years, which shall contribute to GPA.
2. With the exception of students doing dissertation in their final year semester 2, students shall take a minimum of 15 units in each semester. A minimum of 90, 120 and 150 units must be taken and passed in a three, four and five-year programme of study respectively for the award of Bachelor degree.
3. Full time students shall register at the beginning of each semester for a total minimum of 15 course units.
4. Part-time students may register as per respective Short term and Occasional Students regulations.
5. A student shall be allowed to continue with his/her degree programme from one academic year to the next if he/she has scored an annual average GPA of 2.0 or higher.
6. Continuous coursework assessment and university examinations shall be specified by respective school curriculum and regulations.
7. Assessment of practical, dissertation, studio, projects and oral presentation shall be as per respective School examination regulations.
8. For the purpose of continuous assessment in theoretical courses, tests shall carry weight 2 against weight 1 for assignments.
9. A student shall be allowed to sit for supplementary examinations if s/he has obtained a min GPA of 2.0 and passed two thirds of all the courses in an academic year.
10. A student who fails in more than three supplemented courses shall be discontinued from studies.
11. The highest grade awarded in a supplemented subject shall be “C”
12. A student who obtains a minimum GPA of 2.0 but failed Semester Project; Studio, Dissertation(s); Engineering Drawings; and Industrial Training (IT) cannot sit for supplementary examinations for the said courses.
13. A student who fails studio, pre-dissertation/dissertation I, in-semester project courses shall repeat (and clear) the said course(s) in the subsequent academic year of study prior to proceeding to the next academic year.
14. Any student who qualifies to sit for supplementary examinations shall be required to do so in all the courses in which he/she had failed before proceeding to the next academic year.
15. A final-year student who does not qualify to supplement on the basis of average annual GPA of at least 2.0 shall be evaluated on the basis of the overall average of the three year or four-year or five-year GPA for the purpose of qualifying to supplement a failed course or re-submit a dissertation.
16. A final year student whose overall average GPA for all academic years is less than 2.0 shall be failed studies.
17. No course shall be carried over for more than once, except for courses offered in final year which may be carried over twice within the maximum registration period of the programme.
18. A student who fails in a supplementary examination but is qualified to continue with studies shall repeat the course(s) which he/she has failed in the subsequent year.
19. A student may be allowed to carry over a maximum of three failed courses from one academic year to another.
20. A student can be allowed to sit for special examination in all or a specified number of courses due to compelling reasons (proved medical or social problems).

21. A candidate who fails in a supplementary examination may be allowed to proceed to the next semester and carry over the courses he/she failed to the next academic year.
22. Carry over course assessment shall follow assessment of the first examination sitting.
23. It shall not be mandatory for supplementary examinations to be examined by External Examiners.
24. A candidate who fails in a repeated course that is assessed by continuous coursework assessment only shall be discontinued from studies.
25. The maximum time for which a student may register for studies for the Bachelor degree shall be five consecutive years for a three-year programme, six consecutive years for a four-year programme and seven consecutive years for a five-year programme.
26. It shall be a responsibility of the student to acquaint himself/herself regularly with all the necessary university by-laws, regulations, guidelines, procedures and any other instruments governing their academic and social life at the University.

27. Semester Projects

Semester projects shall be governed and assessed by respective School Regulations.

28. Dissertations

- 28.1 The conduct of dissertations shall be governed by respective School Regulations.
- 28.2 A student who fails in dissertation shall be given a maximum of three months from the date the Senate approved the results to re-submit the dissertation.
- 28.3 Re-submission of a dissertation shall be regarded as a supplementary examination and a maximum score shall be "C" grade.
- 28.4 Dissertations shall be assessed as per respective School Regulations.

29. In-semester Fieldwork

In-semester fieldwork shall be governed and assessed by respective School Regulations.

30.0 Industrial Training

- 30.1 There shall be Industrial Training at the end of each academic year as prescribed in each curriculum.
- 30.2 Review (or non-review) Industrial Training reports by External Examiners shall be governed by School Regulations.
- 30.3 Each IT session shall be treated as a course of the succeeding academic year and shall contribute to GPA of that year.
- 30.4 The School shall be responsible for making arrangements for students' IT placement.
- 30.5 Each student on IT shall be visited and assessed by an examiner from the School at least once during the IT period.
- 30.6 Students shall hand in his/her logbook to the Head of Department not later than two weeks after the commencement of the immediate academic year.
- 30.7 Any loss of IT logbook should be reported to a respective Head of Departments not later than two weeks after the commencement of the immediate academic year. If proved true with all relevant evidence, such an IT shall be cleared prior to continuing with IT of the next academic year.
- 30.8 Any student who does not hand in IT logbook within two weeks since the commencement of a new academic year without compelling reasons shall be regarded to have absconded the IT and shall be discontinued from studies.
- 30.9 Any student who does not hand IT logbook with compelling reasons, shall repeat/clear the IT prior to continuing with IT of the next academic year.
- 30.10 A student who does not report at IT allocated place without compelling reasons shall be regarded to have absconded the IT and shall be discontinued from studies.
- 30.11 A student who does not report at IT allocated place with compelling reasons shall repeat/clear the IT prior to continuing with IT of the next academic year.
- 30.12 A student who goes to the allocated IT place but does not follow the training programme without compelling reasons shall be regarded to have failed the IT.

- 30.13 A student who goes to the allocated IT place but does not follow the training programme with compelling reasons, shall repeat the IT when next offered and clear it prior to proceeding to the IT of the next year.
- 30.14 A student who fails a repeated IT shall be discontinued from studies.
- 30.15 A student who fails IT shall be required to repeat the IT when next offered and clear it prior to proceeding to the IT of the next year.
- 30.16 A student who conducts himself/herself at his place of IT attachment in a manner that disgraces the University shall be subject to disciplinary action.
- 30.17 Assessment of Industrial Training shall be prescribed by Schools.
- 30.18 Candidates who are full time students are required to pass a total minimum of 30 course units in examinations in the academic year and attain a minimum overall GPA of 2.0 before proceeding to the following year of study
- 30.19 A candidate may be allowed to carry over failed courses in a Supplementary Examinations if he or she has attained an overall GPA of 2.0 or above in the First Sitting calculated in accordance with the credit weighting of individual courses.
- 30.20 No candidate shall be allowed to repeat any year of study on academic grounds, except with special permission or approval of the Senate upon recommendation of a School, or academic Institute/Board, and the Senate Undergraduate Studies Committee.
- 30.21 Carryover of elective courses will only be allowed in exceptional circumstances, normally only when those units are counted for the annual GPA
- 30.22 To qualify for a degree award, the cumulative total minimum number of course units shall be a multiple of the minimum number of course units required per academic year for the duration of each degree programme. That is:
 - a) For a three-year degree programme, it shall be 90 units,
 - b) For a four-year degree programme, it shall be 120 units, and
 - c) For a five-year degree programme, it shall be 150 units
- 30.23 Subject to approval by Senate, the internal examination regulations of a School, academic Institute, shall provide for cumulative maximum number of course credits for which a candidate may register.

**B) UNDERGRADUATE GENERAL EXAMINATION
REGULATIONS - CREDIT SYSTEM**

UNDERGRADUATE GENERAL EXAMINATION REGULATIONS – CREDIT SYSTEM

In addition to the General University Examination Regulations, the following Regulations shall also apply to all undergraduate programmes

1. Academic Programmes in Schools are organized under a credit system, currently based on two semesters per academic year with each semester examined independently. Each course is assigned a credit weight that reflects time devoted to it on the timetable or work plan. One credit of the theoretical subjects is equivalent to 10 notional-hours. Notional hours mean total hours for lectures, tutorials, seminars, practical, independent study and assignment.
2. Students shall take a minimum of 60 credits in each semester. A minimum of 360, 480 and 600 credits must be taken and passed in a three, four and five-year programme of study, respectively for the award of Bachelor degree.
3. Full time students shall register at the beginning of each semester for a total minimum of 60 credits.
4. Part-time students may register as per respective short term and occasional students' regulations.
5. A student shall be allowed to continue with his/her degree programme from one academic year to the next if he/she has scored an annual average GPA of 2.0 or higher.
6. Continuous coursework assessment and university examinations shall be 30% for CA and 70% for UE except those specified by respective School/Institute curriculum and regulations.
7. Assessment of practical, dissertation, studio, projects and oral presentation shall be as per respective School examination regulations.
8. For the purpose of continuous assessment in theoretical courses, tests shall carry weight 2 against weight 1 for assignments
9. A student shall be allowed to sit for supplementary examinations s/he has obtained a minimum GPA of 2.0.
10. A student who fails in more than three supplemented courses shall be discontinued from studies
11. The highest grade awarded in a supplemented subject shall be "C"
12. A student who obtains a minimum GPA of 2.0 but failed Semester Project, Studio, Pre-Dissertation, Dissertation(s), Engineering Drawings or Industrial Training (IT) cannot sit for supplementary examinations.
13. A student who fails Studio, Pre-dissertation/Dissertation I, In-Semester Project courses shall repeat (and clear) the said course(s) in the subsequent academic year of study prior to proceeding to the next academic year.
14. Any student who qualifies to sit for supplementary examinations shall be required to do so in all the courses in which he/she had failed before proceeding to the next academic year.
15. A final-year student:
 - a) Who does not qualify to supplement on the basis of average annual GPA of at least 2.0 shall be evaluated on the basis of the overall average of the three year or four-year or five-year GPA for the purpose of qualifying to supplement a failed course or re-submit a dissertation.
 - b) Whose overall average GPA for all academic years is less than 2.0 shall be regarded to have failed studies and shall be discontinued
16. No course shall be carried over for more than once, except for courses offered in final year which may be carried over twice within the maximum registration period of the programme
17. A student who fails in a supplementary examination but is qualified to continue with studies shall repeat the course(s) which she/he has failed in the subsequent year.
18. A student may be allowed to carry over a maximum of three failed courses from one academic year to another.

19. A candidate who fails in a supplementary examination may be allowed to proceed to the next semester and carry over the courses he/she failed to the next academic year.
20. Carry over course assessment shall follow assessment of the first examination sitting.
21. It shall not be mandatory for supplementary examinations to be examined by External Examiners
22. A candidate who fails in a repeated course that is assessed by continuous coursework assessment only shall be discontinued from studies
23. The maximum time for which a student may register for studies for the Bachelor degree in five consecutive years for a three-year program, six consecutive years for a four-year program and seven consecutive years for a five-year program
24. It shall be the responsibility of the respective Heads of Departments in the School to appraise students at the beginning of an academic year on the methods of assessment
25. It shall be a responsibility of the student to acquaint himself/herself regularly with all the necessary University by-laws, regulations, guidelines, procedures and any other instruments governing their academic and social life at the University

26.0 Semester Projects

Semester projects shall be governed and assessed by respective School Regulations

27.0 Dissertations

- 27.1 Where there is a dissertation in final year of study, their conduct will be governed by respective School Regulations
- 27.2 A student who fails in dissertation shall be given a maximum of three months from the date the Senate approved the results to re-submit the dissertation.
- 27.3 Re-submission of a dissertation shall be regarded as a supplementary examination and a maximum score shall be "C" grade.
- 27.4 Dissertations shall be assessed as per respective school regulations

28.0 In-semester Fieldwork

In-semester fieldwork shall be governed and assessed by respective School Regulations.

29.0 Industrial Training

- 29.1 There shall be Industrial Training at the end of semester university examinations session in each academic year as prescribed in each curriculum
- 29.2 Review of Industrial Training reports by External Examiners shall be governed by School Regulations.
- 29.3 Each IT session shall be treated as a course of the succeeding academic year and shall contribute to GPA of that year.
- 29.4 The School shall be responsible for making arrangements for students' IT placement.
- 29.5 Each student on IT shall be visited and assessed by an examiner from the School at least once during the IT period.
- 29.6 Students shall hand in his/her logbook to the Head of Department not later than two weeks after the commencement of the immediate academic year
- 29.7 Any loss of IT logbook should be reported to respective Heads of Departments not later than two weeks after the commencement of the immediate academic year. If proved true with all relevant evidence, such an IT shall be cleared prior to continuing with succeeding IT of the next academic year
- 29.8 Any Student who does not hand in IT logbook to the Head of Department within two weeks since the commencement of a new academic year without compelling reasons, shall be regarded to have absconded the IT and shall be discontinued from studies.
- 29.9 Any Student who does not hand in IT logbook to the Head of Department with compelling reasons, shall repeat/clear the IT prior to continuing with succeeding IT of the next academic year.
- 29.10 A student who does not report at IT allocated place without compelling reasons shall be regarded to have absconded the IT and shall be discontinued from studies
- 29.11 A student who does not report at IT allocated place with compelling reasons, shall repeat/clear the IT prior to continuing with succeeding IT of the next academic year

- 29.12 A student who goes to the allocated IT place but does not follow the training programme without compelling reasons shall be regarded to have failed the IT.
- 29.13 A student who does not follow the IT program with compelling reasons, shall be allowed to repeat the IT when next offered and clear it prior to proceeding to the IT of the following year of study.
- 29.14 A student who fails in IT shall be required to repeat the IT when next offered and clear it prior to proceeding to the IT of the following academic year of study.
- 29.15 A student who fails a repeated IT shall be discontinued from studies.
- 29.16 A student who fails to complete part of the IT with compelling reasons shall be allowed to complete the missing part during the vacation prior to proceeding to the next academic year.
- 29.17 A student who conducts himself/herself at his place of IT attachment in a manner that disgraces the University shall be subject to disciplinary action
- 29.18 Assessment of Industrial Training shall be prescribed by Schools regulations

30.0 Progress from Year to Year

- 30.1 Candidates who are full time students are required to pass a total minimum of 120 course credits in examinations in the academic year and attain a minimum overall GPA of 2.0 before proceeding to the following year of study.
- 30.2 A candidate may be allowed to carry over failed courses in a Supplementary Examinations if he or she has attained an overall GPA of 2.0 or above in the First Sitting calculated in accordance with the credit weighting of individual courses.
- 30.3 No candidate shall be allowed to repeat any year of study on academic grounds, except with special permission or approval of the Senate upon recommendation of the Senate Undergraduate Studies Committee.
- 30.4 Carryover of elective courses will only be allowed in exceptional circumstances, normally only when those credits are counted for the annual GPA
- 30.5 To qualify for a degree award, the cumulative total minimum number of course credits shall be a multiple of the minimum number of course credits required per academic year for the duration of each degree programme. That is:
 - a) For a three-year degree programme, it shall be a minimum of 360 credits
 - b) For a four-year degree programme, it shall be a minimum of 480 credits, and
 - c) For a five-year degree programme, it shall be a minimum of 600 credits
- 30.6 Subject to approval by Senate, the internal examination regulations of a School, academic Institute, shall provide for cumulative maximum number of course credits for which a candidate may register

SCHOOLS UNDERGRADUATE EXAMINATION REGULATIONS

**A) EXAMINATION REGULATIONS FOR
UNDERGRADUATE PROGRAMMES IN THE
SCHOOL OF ARCHITECTURE, CONSTRUCTION
ECONOMICS AND MANAGEMENT - UNIT SYSTEM**

EXAMINATION REGULATIONS FOR UNDERGRADUATE PROGRAMMES IN THE SCHOOL OF ARCHITECTURE, CONSTRUCTION ECONOMICS AND MANAGEMENT - UNIT SYSTEM

In addition to University General Examination Regulations and Undergraduate Examinations Regulations, the following regulations will apply to the undergraduate programmes in the School of Architecture, Construction Economics and Management

A. School regulations for the programmes of Bachelor of Architecture, Bachelor of Science in Interior Design and Bachelor of Science in Landscape Architecture

1. Design Studio Project

- 1.1 Design Studio Project is the core course of Architecture. A first-year student who fails one of any semester design studio project shall be discontinued from studies. A second to fifth year student who fails a design studio project shall repeat the failed studio in the semester where it is offered provided he/she has attained annual GPA of at least 2.0.
- 1.2 A student shall not be allowed to do two design studio projects in one semester.
- 1.3 A student shall not be allowed to repeat the same design studio project more than once.
- 1.4 A student who fails two design studio projects in the same year of study shall be discontinued.
- 1.5 Assessment for design studio project will be based on 30% coursework, 10% timed studio examination and 60% final design studio project presentation for year one and year two. For years three, four and five, assessment for design studio project shall be based on 40% coursework, and 60% final design studio project presentation.
- 1.6 Marking Criteria for Design Studio Projects

1.6.1 Design Studio Project I

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Ability to understand physical form and lines	30		
Ability to understand proportions and scaling of objects	10		
Ability to compose orthographic projections	15		
Ability to compose three dimensional drawings (axonometric and Perspectives)	15

2. Pre- Design Dissertation and Design Dissertation

- 2.1 A student shall be required to submit pre- design dissertation research proposal on the 10th week of the second semester of the year preceding the final year, and obtain approval before the end of the 3rd or 4th academic year for the four- and five-degree programmes respectively.
- 2.2 Pre-design dissertation shall be assessed three times as Coursework Assessment (CA) as shall be programmed from time to time by the departments. The final written pre-design dissertation report shall be submitted for assessment during the University Examinations session.
- 2.3 A Candidate who has been barred from sitting for Pre-Design Dissertation Examination shall NOT be allowed to proceed with Dissertation Course offered in the following semester.
- 2.4 The Dean of School shall arrange for an improvement programme in Semester II for such candidate barred in Pre-Design Dissertation.
- 2.5 Pre- design Dissertation and Design Dissertation shall be assessed by at least three examiners in a minimum of three interim presentations as coursework and during the University Examinations.
- 2.6 A pre- design dissertation may be passed subject to corrections. Any pre- design dissertation which is passed subject to correcting shall be considered to be completed only when the errors/mistakes/shortfalls pointed out by the examiner(s) have been corrected to the satisfaction of the Department and two hard bound copies of the pre- design dissertation submitted to the Department. Failure by the student to do so without compelling reasons before a date prescribed by the School shall cause the pre- design dissertation to be failed.
- 2.7 A final year student who fails in a re-submitted Design Dissertation shall be required to repeat the subject as a private candidate under scheduled critique and presentation sessions.

2.8 Marking Criteria for Dissertation

2.8.1 Pre-Design Dissertation

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Extent of defining architectural/landscape/interior research problems	20

3. In- Semester Field Work

- 3.1 There shall be a 14 days in-semester field work for year 1 to 4 for B. Arch programme and year 1 to 3 for BSc. ID and BSc. LA.
- 3.2 In-semester fieldwork shall commence in the seventh week of semester one.
- 3.3 Assessment of the in-semester work will be by presentation of a report at the end of the field and will constitute 10 % of the marks for continuous assessment of the Studio design project in that semester.
- 3.4 A student who fails to complete in-semester fieldwork with compelling reasons shall be required to repeat the studio.
- 3.5 A student who failed to complete in-semester fieldwork without compelling reasons shall fail the relevant design studio.

4. Industrial Training (IT)

- 4.1 There shall be six weeks industrial training for year 1 to 4 for B. Arch. programme and year 1 to 3 for BSc. ID and BSc. LA. programmes.
- 4.2 The Industrial Training (IT) shall be supervised by site supervisors and lecturers.
- 4.3 Assessment of industrial training shall be through presentation of IT log books.
- 4.4 IT site or office supervisors' marks will contribute 30% of the final mark.

School regulations for the programmes of Bachelor of Science in Building Economics

1. Studio Work

- 1.1 Studio work takes 20% out of 30% of Building Construction coursework.
- 1.2 A student should pass studio before being allowed to sit for end of semester examination in Building Construction. A student has to score at least 8 out of 20 (40%) in order to qualify for final exam.
- 1.3 Student who fails studio will not be allowed to sit for the end of semester exam for Building Construction. He/She will be required to repeat studio to satisfy the minimum coursework requirement of 8/20. In the event He/She fail three (twice) times, he/she shall be discontinued.

2. Semester Project Work

- 2.1 Project work assigned to students shall be interdisciplinary and shall be assessed independent of other subjects.
- 2.2 Project work will comprise any task assigned to students by the department in the form of practical work and/or studio work to be carried out in groups.
- 2.3 For the purpose of continuous assessment, there shall be at least two interim oral presentations in each semester where semester project has been prescribed.
- 2.4 Continuous assessment marks shall be derived from group presentation involving all the group members giving a maximum score of 20%. In arriving at the 20% for continuous assessment, oral presentation shall account for 10% and group participation 10%. The format of interim oral presentation will be as indicated in Table 2.1.

Table 2.1 Interim Oral Presentation Assessment

Assessment Criteria	Maximum marks

Satisfactory answers to question raised	10
Total	20%

- 2.5 Continuous assessment shall account for 20% and final oral presentation for 30% whilst written group work shall account for 50%, both leading to an overall or total assessment of 100%.
- 2.6 Loose bound project report shall be submitted in five (5) copies and handed to the department a week before University examinations begin and must be dully endorsed by the semester project supervisor(s). Final project work not submitted within specified period without compelling reasons shall be penalized by deducting five marks for each day the project is not submitted. Deduction shall be made to a maximum of five working days. Further delay will render project work unacceptable.

- 2.7 Final written project work report shall be submitted in two (2) copies. The presentation format of written semester project report shall conform to departmental guidelines on the presentation of semester project/dissertation reports.
- 2.8 For the purpose of deriving the 80% indicated under 3.5 above, marks for the University semester project examination shall be awarded as indicated in Table 2.2.

3. Industrial Training (IT)

- 3.1 Assessment of Industrial Training shall be based on the following three attributes.
- Student logbook verified and assessed by training officer of the organization training the student.
 - Training certificate signed and stamped by the training officer.
 - Arrival note to be received by the school within four (4) weeks from the date of starting the IT.
 - Report by internal (University) supervisor.
 - Student final written report.
 - Oral presentation by the student.
- 3.2 A student who fails to submit any one or more of the documents mentioned in 3.1 a, b, c and e within the time stipulated in the university regulations without compelling reasons shall be deemed to have failed the Industrial Training.

- 3.3 The assessment criteria for IT are indicated in Table 3.1.

- 3.5 A student who fails to appear for oral presentation without compelling reasons shall be discontinued from studies.

4. Dissertation

- 4.1 Each student in final year, semester II, shall be required to submit a dissertation. The dissertation shall be based on an independent study carried out during the Semester, under supervision by a Supervisor appointed by the Head of Department within two weeks from the beginning of the semester.
- 4.2 Students are required to submit and present their dissertation proposals for preliminary assessment not later than end of the twelfth week of final year, semester I.
- 4.3 Students shall be required to present their dissertation proposal for final approval by the department within the first two weeks of semester II.
- 4.4 For the purpose of continuous assessment, there shall be two oral presentations
- 4.5 Continuous assessment shall account for 20% and University Dissertation Examination comprising an oral presentation and examination of the dissertation report shall account for 80%.
- 4.6 For the purpose of deriving the 20% for the continuous assessment oral presentation, the format will be as indicated in Table 4.1.

- 4.10 Students must submit draft dissertation to their supervisors for endorsement before submission of loose bound copies to the department.
- 4.11 Loose bound dissertations must be submitted a week before the commencement of the university examinations. Any dissertation not submitted within the specified period of time without compelling reasons shall be penalized by deducting five actual marks for each day the dissertation is not submitted. Deduction shall be made to a maximum of five working days after which it shall be deemed to have failed.
- 4.12 Each dissertation shall be marked by the two internal examiners appointed by the head of the department.
- 4.13 Any dissertation which is passed subject to corrections shall be considered to have been completed only when all errors and or mistakes pointed out by examiners have been corrected and an error free well bounded dissertation submitted to the department.
- 4.14 The final dissertation report shall be submitted in three (3) copies. The format of dissertation report shall conform to school guidelines.
- 4.15 Any dissertation that does not comply with school guidelines shall not be accepted.

**B) EXAMINATION REGULATIONS FOR
UNDERGRADUATE PROGRAMMES IN THE
SCHOOL OF ARCHITECTURE, CONSTRUCTION
ECONOMICS AND MANAGEMENT - CREDIT
SYSTEM**

EXAMINATION REGULATIONS FOR UNDERGRADUATE PROGRAMMES IN THE SCHOOL OF ARCHITECTURE, CONSTRUCTION ECONOMICS AND MANAGEMENT–CREDIT SYSTEM

In addition to the University General Examination Regulations and Undergraduate Examinations Regulations, the following regulations will apply to the Undergraduate programmes in the School of Architecture, Construction Economics and Management.

School regulations for the programmes of Bachelor of Architecture, Bachelor of Science in Interior Design and Bachelor of Science in Landscape Architecture

1.0 Design Studio Project

- 1.1 Design Studio Project is the core course of Architecture. Any student who fails one of any semester design studio project shall not proceed with the next semester courses and shall repeat the failed Design Studio in the semester the studio is offered regardless the attainment of annual GPA of at least 2.0³. Such a student shall be allowed to proceed with the next semester only when the failed design studio is cleared
- 1.2 A student shall not be allowed to repeat the same design studio project more than once.
- 1.3 Assessment for design studio project will be based on 30% coursework, 10% timed studio examination and 60% final design studio project presentation for year one and year two. For years three, four and five, assessment for design studio project shall be based on 40% coursework, and 60% final design studio project presentation.
- 1.4 Marking Criteria for Design Studio Projects for the B. Arch

Design Studio Project I

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Ability to understand physical form and lines	30		
Ability to understand proportions and scaling of objects	10		
Ability to compose orthographic projections	15		
Ability to compose three dimensional drawings (axonometric and Perspectives)	15		
Architectural graphics	30		
Total 100	100		

Design Studio Project II

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Ergonomics of Space Anthropometrics	30		
Special requirements of human body at different postures	10		
Human circulation and movement pattern	20		
Awareness of simple domestic functions	10		
Response to climatic elements on design	10		
Architectural graphics	20		
Total 100	100		

Design Studio Project III

³The fate of the students will be determined in each semester and not only once in a year. This will abolish the backlogs and associated challenges including collision of lessons for students repeating studios and other subjects.

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Programming of multifunctional project	10		
Applicable data collection and programming	5		
Site analysis, design options and alternatives	5		
Synthesis and arrival at design concept	20		
Degree of utility	15		
Creativity in form	15		
Attempt of possible design alternatives	15		
Integration with the context	5		
Perspective drawing and rendering 5 Model making and presentation	5		
Model Making presentation	5		
Total 100	100		

Design Studio Project IV

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Analysis and application of the chosen structural system	20		
Attempt of possible design alternatives	20		
Co-ordination of architectural and specialist drawings	20		
Contents of working drawing and detailing	40		
Total	100		

Design Studio Project V

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Project formulation and appraisal	10		
Decision making in concept development based on design objectives, principles (criteria) and philosophies	35		
Exploitation and diversity in building technology as expressed by selected structural systems, choices of construction materials and application of various systems of building services 3	30		
Environmental consciousness in - Climatic design - Environmental protection etc. - Use of natural forces ventilation, lighting etc.	10		
Design methodology and presentation techniques.	15		
Total	100		

Design Studio Project VI

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Project formulation and appraisal	7		
Ability to do an independent research and observations of architectural related issues	20		
Decision making in concept development based on design objectives, principles (criteria) and philosophies	30		
Exploitation and diversity in building technology as expressed by selected structural systems, choices of construction materials, details and application of various systems of building services	25		
Environmental consciousness in Climatic design - Environmental protection etc. Use of natural forces ventilation, lighting etc.	10		
Design methodology and presentation techniques	8		
Total	100		

Design Studio Project VII

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Identification and analysis of urban, physical and social problems necessary for consideration in design of an urban block	30		
Application of architectural, urban design and planning concepts in design	25		
Development and application of design/planning guidelines and their relevance in the block design	20		
The use of three-dimensional models in design process	15		
Presentation quality, coordination and relevance of contents to the project theme	10		
Total	100		

Design Studio VIII

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Examination of a wide range of architectural and urban design factors and considerations at advanced level	30		
Correspondence between ideas and constraints at all stages of design development of a complex building	25		
Exploration of ideas and creativity in architecture as related to the immediate and extended physical development context	20		
The use of three-dimensional models in design process	15		
Application of materials, construction methods, and integration of services	5		
Consideration to site co-ordination	5		
Total	100		

Design Studio Project IX

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Evidence of build ability by a well-articulated structural system.	30		
Creativity and innovative in running the project work as a consultant on his/her own.	20		
Evidence of applied advanced technologies and innovative building systems in the totality of project evolution through proper architectural detailing.	50		
Total	100		

1.5 **Marking Criteria for Design Studio Projects for the BSc.ID.****Interior Design Studio I**

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Ability to understand physical form and lines	30		
Ability to understand proportions and scaling of objects	20		
Ability to compose orthographic projections	20		
Design Graphics	30		
Total	100		

Interior Design Studio II

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Anthropometrics, Ergonomics of Space and Human body requirements in interior spaces	30		
Understanding of basic interior design process	20		
Basic understanding of material choice and use for interior spaces	30		
Architectural & Interior Design Graphics	20		
Total	100		

Interior Design Studio III

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Understanding of interior requirements, conceptualizing, analysis, synthesis and providing alternative solutions	30		
Composition of various aspects of interior space – plans, elevations, color scheme	30		
Creativity in functional, aesthetic, structural, environmental and artistic achievement	20		
Interior graphics and Model Making presentation	20		
Total	100		

Interior Design Studio IV

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Interior composition, Spatial layout, construction and material detailing and specification	30		
Specification of surface finishes and fixtures – floor, walls, ceiling, cabinets, fixtures, ironmongery	30		
Co-ordination of interior design, services and specialist drawings	20		
Working drawing and detailing graphic presentation	20		
Total	100		

Interior Design Studio V

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Project formulation and ability to develop design brief	20		
Decision making in concept development based on diverse interior design factors – art, aesthetic, visual, comfort, functional, environmental, technical, physical and others	35		
Integration, application and the art of utilizing building services and technology in interior spaces	30		
Interior presentation graphics and techniques.	15		
Total	100		

Interior Design Studio VI

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Project formulation and ability to develop design brief	20		
Ability to do an independent project analysis and formulating design solutions	30		
Decision making in concept development basing on design objectives, principles (criteria) and philosophies	30		
Design methodology and presentation techniques	20		
Total	100		

Interior Design Studio VII

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Identification and analysis of interior design problems, synthesis and developing of alternative solutions. Developing of comprehensive design brief	30		
Critical analysis of site context and development of context-based design tools	25		
Compliance of design to social, economic, safety and environmental requirements (Coordination of building services, codes requirements, etc.)	15		
Development of working drawings to include material specification, Schedules (furniture, windows, doors, partitioning systems, accessories including lighting, plumbing, and decorative elements) and	20		
Presentation quality, graphics precision	10		
Total	100		

1.6 **Marking Criteria for Design Studio Projects for the BSc.LA**
Studio Design Project I

Marking Considerations	Maximum Marks	Marks Awarded	Remarks
Ability to understand Landscape Architectural Graphics and Language	30		
Show understanding in proportions and scales of objects	25		
Show understanding of landscape modeling and the use of tools	15		
Express different landscape ideas through the landscape language	15		
Model making, presentation and communication skills	15		
Total	100		

Studio Design Project II

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Awareness of problem solving through landscape design considering human requirements and space anthropometrics and ergonomics.	30		
Human circulation and movement pattern within the landscape.	20		
Response to climatic conditions and sustainability	15		
Awareness of integration of landscape elements to create human functional spaces.	20		
Landscape graphics, model making, presentation and communication skills	15		
Total	100		

Studio Design Project III

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Ability to understand, observe and analyse the project using design principles to integrate architectural and landscape architectural concepts in design.	30		
Awareness of integration of architectural and landscape elements to create proportioned and scaled human functional spaces within given context.	25		
Response to climatic conditions, sustainability, maintenance and environmental protection.	15		
Creativity in project approach and design alternatives.	15		
Landscape graphics, model making, presentation and communication skills	15		
Total	100		

Studio Design Project IV

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Observation and analysis techniques of the site.	30		
Exploitation and diversity in a variety of landscape approaches and ideas as expressed by concept development, requirements, objectives and the setting of real community environmental issues.	20		
Consideration to site coordination of integrated services such as storm water management, utilities, site fittings and furniture etc.	20		
Working drawing contents and detailing of construction methods, planting techniques and fitting and furniture specifications.	15		
Landscape graphics, presentation and communication skills	15		
Total	100		

Studio Design Project V

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Ability to recognise theories, paradigms, concepts and principles of design and applying them to the design.	30		
Exploitation and diversity in landscape approaches and ideas as expressed by concept development, requirements, objectives and the setting of real community environmental issues.	25		
Consideration in material schedules i.e. planting palettes, material palettes, planting methods and techniques, constructions methods and techniques and details of planting and construction.	15		
Consideration to site coordination of integrated services such as storm water management, utilities, site fittings and furniture etc.	15		
Landscape graphics, presentation and communication skills	15		
Total	100		

Studio Design Project VI

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Ability to recognise theories, paradigms, concepts and principles of design and applying them to the design.	30		
Ability to showcase an independent research and observations to landscape architectural related issues in the real world.	20		
Consideration in material schedules i.e., planting palettes, material palettes, planting methods and techniques, constructions methods and techniques and details of planting and construction.	20		
Environmental Consciousness e.g., environmental protection, project maintenance and sustainability, climatic design, the use of natural forces such as air ventilation and lighting to reduce energy consumption etc	15		
Landscape Graphics, presentation and communication skills	15		
Total	100		

Studio Design Project VII

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
The level of understanding comprehensive landscape urbanism schemes such landscape master plans and land-use plans in design project.	30		
Correspondence between ideas and constraints at all stages of the design development.	20		
Environmental Consciousness e.g., environmental protection, project maintenance and sustainability, climatic design, the use of natural forces such as ventilation and lighting to reduce energy consumption etc	20		
Integration of systems on large scale such as waste management, storm water management, clean water, sewage systems etc in the design.	20		
Landscape graphics, presentation and communication skills	10

2.0 Pre-Design Dissertation and Design Dissertation

- 2.1 A student shall be required to present and submit pre-design dissertation research proposal on the 10th week of the second semester of the year preceding the final year, and obtain approval before the last week of the same semester for the four and five years degree programmes respectively.
- 2.2 Pre- design dissertation shall be assessed at least three times as the Coursework Assessment (CA) as shall be programmed from time to time by the departments. The final written pre- design dissertation report shall be presented and submitted for assessment during the University Examinations sessions. The final Pre-dissertation presentation shall be marked in accordance with the following criteria:

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Clarity in problem statement and comprehension and ability to define architectural problems	20		
Evidence and quality of literature review	20		
Display by researched material the ability to formulate an architectural project towards solving realistic community problems	40		
Validity and relevance of conclusions and recommendations	10		
Report presentation quality	10		
Total	100		

- 2.3 A candidate who has not attained the Pre-Design Dissertation qualifications to sit for an Examination such as attending at-least five consultations with the supervisor and/or scored less than 30% marks of the coursework shall NOT be allowed to proceed with Dissertation Course offered in the following semester: hence repeat.
- 2.4 Pre-Design Dissertation and Design Dissertation shall be assessed by at least three examiners in a minimum of three interim presentations as coursework and during the University Examinations.
- 2.5 A Pre- Design Dissertation may be passed subject to corrections. Any Pre- Design Dissertation passed subject to corrections shall be considered to be completed only when the errors/ mistakes/ shortfalls pointed out by the examiner(s) have been corrected to the satisfaction of the Department. Failure by the student to do so without compelling reasons before a date prescribed by the School shall cause the Pre- Design Dissertation to be failed.
- 2.6 A final year student who fails in a re-submitted Design Dissertation shall be required to repeat the subject under scheduled critique and presentation sessions.
- 2.7 A candidate who failed Pre-Design Dissertation Examination shall not be allowed to proceed with Dissertation Course offered in the following semester instead shall be required to repeat when it is offered.

2.8 Marking Criteria for Design Dissertation

2.8.1 Pre-Design Dissertation

Marking Consideration	Maximum Marks	Marks Awarded	Remarks
Extent of defining architectural/landscape/interior research problems	20		
Evidence and quality of literature review	20		
Display by researched material of ability to formulate an architectural project towards solving realistic community design problems	20		
Validity and relevance of conclusions and recommendations	20

3.0 In- Semester Field Work

- 3.1 There shall be a 14 days in-semester field work for year 1 to 4 for B. Arch programme and year 1 to 3 for BSc. ID and BSc. LA programmes.
- 3.2 As a core part of Design Studio, in- semester fieldwork shall commence in the seventh week of semester one in order to inform the ongoing design studio project.
- 3.3 Assessment of the in- semester work will be by presentation of a report at the end of the field and will constitute 10% of the marks for continuous assessment of the Studio Design Project in Semester One.
- 3.4 A student who fails to complete in- semester fieldwork with compelling reasons shall be required to repeat the studio.
- 3.5 A student who failed to complete in- semester fieldwork without compelling reasons shall fail the relevant design studio. In this case, Regulation 1.1 shall apply.

4.0 Industrial Training (IT)

- 4.1 There shall be six weeks industrial training for year 1 to 4 for B. Arch programme and year 1 to 3 for BSc. ID and BSc. LA programmes.
- 4.2 The Industrial Training (IT) shall be supervised by site supervisors and academic staff members who are Assistant Lecturers and above.
- 4.3 Assessment of Industrial Training shall be through presentation of IT log books.
- 4.4 There shall be terms of reference for Industrial Training courses prescribing aims, expected outcomes, contents to be covered and assessment criteria for each year as prescribed in the respective curricular. The terms of reference together with the supervisor's confidential form shall be given to the student who will in turn avail the same to the supervisor in the respective IT attachment.

BACHELOR OF SCIENCE IN QUANTITY SURVEYING AND CONSTRUCTION ECONOMICS

1.0 Studio Work

- 1.1 Studio work takes 20% out of 30% of Building Construction coursework.
- 1.2 A student should pass studio before being allowed to sit for end of semester examination in Building Construction. A student has to score at least 8 out of 20 (40%) of the studio in order to qualify for final exam.
- 1.3 Student who fails studio will not be allowed to sit for the end of semester exam for Building Construction. S/he will be required to repeat studio when next offered to satisfy the minimum coursework requirement of 8/20. In the event she/he fails the studio work two (twice) times, she/he shall be discontinued.

2.0 Semester Project Work

- 2.1 Project work assigned to students shall be interdisciplinary and shall be assessed independent of other subjects.
- 2.2 Project work will comprise any task assigned to students by the department in the form of practical work and/or studio work to be carried out in groups. Assessment criteria will be as seen in the Table 2.1

Table 2.1 Interim Oral Presentation Assessment

Assessment Criteria	Maximum marks
Presentation (Style, arrangement, relevance of the content, time management, language and appearance)	10
Individual basis: Oral examination of individual candidates. In this respect, each candidate shall be interviewed/ examined on the project work. Each candidate shall be asked at least three questions from the readers. Individual marks will be awarded based on the response to questions asked.	30
Total	40%

- 2.3 For the purpose of continuous assessment, there shall be at least two interim oral presentations in each semester where semester project has been prescribed.
- 2.4 Continuous assessment marks shall be derived from group presentation involving all the group members giving a maximum score of 40%. In arriving at the 40% for continuous assessment, group participation shall account for 10% and oral examinations to individuals shall account 30%. The format of interim oral presentation is indicated in Table 2.1.

- 2.5 Continuous assessment shall account for 40% and final oral presentation for 20% whilst written report shall account for 40%, both leading to an overall or total assessment of 100%.
- 2.6 Loose bound project report shall be submitted in three (3) copies and handed to the department a week before University examinations begin and must be duly endorsed by the semester project supervisor(s).

- 2.7 Final project work not submitted within specified period without compelling reason shall be regarded as absconded.
- 2.8 Final written project work report shall be submitted in two (2) copies. The presentation format of written semester project report shall conform to departmental guidelines on the presentation of semester project/dissertation reports.
- 2.9 For the purpose of deriving the 60% marks for the semester project University examination, the marks shall be awarded as indicated in Table 2.2.

- 2.11 For the purpose of deriving the 40% indicated for the University Final Written works shall be awarded as indicated in Table 2.4. Two assessors shall assess the written work and shall submit to the assessment panel the awarded marks in the format given in Table 2.4 soon after the group presentation. Written work marks for the group shall be discussed by the panel and decided immediately after presentation.
- 2.12 A student who fails in Project Work shall repeat the Project Work in the respective semester of the following academic year
- 2.13 A candidate who fails a repeated Project Work within the specified time without compelling reasons shall be considered to have absconded and hence be discontinued from studies.

3.0 Industrial Training

- 3.1 Assessment of Industrial Training shall be based on the following three attributes:
- Student logbook verified and assessed by training officer of the organization training the student.
 - Training certificate signed and stamped by the training officer.
 - Arrival note to be received by the department within four (4) weeks from the date of starting the IT.
 - Report by internal (University) supervisor.
 - Student final written report.
 - Oral presentation by the student.
- 3.2 A student who fails to submit any one or more of the documents mentioned in 3.1 a, b, c and e within the time stipulated in the university regulations without compelling reasons shall be deemed to have absconded the Industrial Training course and shall be discontinued from studies.
- 3.3 The assessment of Industrial Training is made by aggregating marks as shown in the Table 3.1.

4.0 Dissertation

- 4.1 Each year IV Semester II student shall be required to submit a dissertation based on an independent study carried out during their final year. Dissertations shall be written in Semester II under supervision of a Supervisor to be recommended by the Department within two weeks from the beginning of the year IV Semester I.

- 4.2 Assessment shall be made through interim oral presentations, final oral presentation and written semester project.
- 4.3 Students are required to submit and present their dissertation proposals for preliminary assessment not later than final week of Semester I.
- 4.4 Students shall be required to present their dissertation proposal for final approval by the department within the first two weeks of Semester II.
- 4.5 For the purpose of continuous assessment, there shall be two oral presentations
- 4.6 Continuous assessment shall account for 20% and University Dissertation Examination comprising an oral presentation and examination of the dissertation report shall account for 80%.
- 4.7 For the purpose of deriving the 20% for the continuous assessment oral presentation, the format will be as indicated in Table 4.1

- 4.10 Students must submit draft dissertation to their supervisors for endorsement before submission of loose bound copies to the department.
- 4.11 Loose bound dissertations must be submitted in three copies a week before the commencement of the university examinations.
- 4.12 A candidate who fails to submit Project Work within the specified time without compelling reason shall be considered to have absconded and hence shall be discontinued from studies.
- 4.13 Each dissertation report shall be marked by the two internal examiners appointed by the Head of the department.
- 4.14 Any dissertation which is passed subject to corrections shall be considered to have been completed only when all mistakes pointed out by examiners have been corrected and endorsed by the supervisor.
- 4.15 The final dissertation report shall be submitted in two (2) copies. The format of dissertation report shall conform to school guidelines.

**A) EXAMINATION REGULATIONS FOR
UNDERGRADUATE PROGRAMMES IN THE
SCHOOL SPATIAL PLANNING AND SOCIAL
SCIENCES - UNIT SYSTEM**

EXAMINATION REGULATIONS FOR UNDERGRADUATE PROGRAMMES IN THE SCHOOL SPATIAL PLANNING AND SOCIAL SCIENCES - UNIT SYSTEM

In addition to University General Examination Regulations and Undergraduate Examinations Regulations, the following regulations will apply to the undergraduate programmes in the School of Spatial Planning and Social Sciences.

1.0 Studio Projects

- 1.1 There shall be in-semester field work of at least 10 days as a basis for studio projects. In-semester field work shall commence at least the 6th week of the semester of study.
- 1.2 Assessment for studio shall be based on 40% coursework, 20% timed studio examination and 40% final studio presentation.
- 1.3 Assessment of studio course work shall be as follows:
 - a) Pre-field studio programme-10%
 - b) In-semester field work-10%
 - c) Post fieldwork outputs-20%
 - d) Marks shall be derived from continuous assessments (e.g. presentations, reports, assignments etc) as shown in the criteria for studio assessment.
- 1.4 A student(s) who do not have adequate attendance in in-semester fieldwork shall be barred from doing other studio exercises and shall be declared to have failed the studio project. Adequate attendance shall imply 100% of the time allocated for in-semester fieldwork.
- 1.5 A student who fails both Semesters I and II studios in the same academic year shall be discontinued.
- 1.6 A student who fails in either Semester I or II studio shall repeat the failed studio provided he/she has attained annual GPA of at least 2.0. Such a student(s) shall repeat studio when it is running. Such a student (s) shall repeat studio when it is running
- 1.7 No students shall attend two studios in a semester.

2.0 Dissertations / Project Paper

- 2.1 In the final year semester I, each student shall be required to develop a Dissertation Proposal (Dissertation I/Project Paper I) and get it approved by the department. Dissertation I/Project Paper I shall be assessed three times as Coursework Assessment (CA) as shall be programmed from time to time by the departments. The final written dissertation proposal shall be submitted for assessment during the University Examinations session.
- 2.2 As per University Regulation 3.4, a candidate who has been barred from sitting for Dissertation I/Project Paper I Examination shall NOT be allowed to proceed with Dissertation Course/ Project Paper offered in the following semester.
- 2.3 The barred student shall arrange with the Dean of School for an improvement programme in Semester II for such candidate barred in Pre-Dissertation/Dissertation I/Project Paper I.
- 2.4 Continuous assessment of Dissertation I/ Project Paper I shall carry 60% and submitted written proposal shall carry 40%. The criteria for assessment are as shown in the Tables (2.1-2.4).

- 2.5 In semester II of the final year, FOUR presentations shall be made programmed from time to time by the department. The first presentation shall focus on fieldwork results; the second on analysis and findings and the third on conclusions and recommendations. The fourth oral presentation shall focus on the overall dissertation/Project Paper.
- 2.6 The first three oral presentations shall carry a total mark of 30% distributed equally, each carrying 10%.
- 2.7 The fourth oral presentation carries a total mark of 28% based on the following criteria; understanding of topic and self-expression, methodology, data analysis, graphical presentation, originality and contribution to the profession, conclusions and recommendations. These assessment criteria shall be graded as shown in Table 2.5.

- 2.8 Students shall be given additional guidelines on what they should present from time to time by the Departments. Comments given during presentation shall be compiled and distributed to both students and supervisors.
- 2.9 Both supervisors and students shall be required to sign and keep log books after consultations.
- 2.10 Students shall submit three copies of loose/spiral bound reports to the head of department one week before commencement of the examinations. Any dissertation not submitted within the specified period shall be penalized 2 marks for every day of delay.
- 2.11 Assessment of the written dissertation carries a total mark of 42% based on the following criteria; presentation format (language, graphic communication and structural organization of the report), conceptual framework, empirical bases (results), data processing and analysis, conclusions and recommendations, originality and contribution to the profession as shown in table below (Table 2.6).

- 2.12 Assessment of final written dissertation shall determine acceptability and passing of the candidate. Written dissertations that do not qualify to be deposited in the Library and with substantial English language and editorial mistakes shall be assessed as FAIL and shall be treated as resubmission cases. Students shall have to clear/correct all English and editorial mistakes before the School Board meeting that shall discuss the results.
- 2.13 The Internal Examiner(s) shall mark the dissertation/Project Paper II using the following criteria:
- Written dissertation/Project Paper II accepted with marks without additional corrections.
 - Written dissertation/ Project Paper II accepted with.....marks subject to making minor corrections and revisions in the dissertation/thesis one week before the School Board sits to provisionally approve examination results. Minor corrections refer to editorial corrections, re-organisation of some sections and modifications/improvement of tables and diagrams. A candidate who fails to make minor corrections within the prescribed time shall be declared to have failed the dissertation/thesis.
 - Written dissertation/ Project Paper II NOT accepted with.....marks. Candidate fails and resubmits dissertation/ Project Paper II within three months after the examination results approval by the Senate.
- 2.14 Any dissertation/ Project Paper II, which has been passed subject to corrections, shall be considered to be completed only when all errors/mistakes/shortfalls pointed out by the examiners have been corrected and accepted and three spiral bound copies of the dissertation/ Project Paper II submitted to the Department. Failure to do so before the School Board meeting shall cause the dissertation/ Project Paper II to be failed.
- 2.15 A student who fails dissertation/ Project Paper II shall be required to resubmit the dissertation/ Project Paper II within three months from the date he/she is declared by Senate. Re-submission of dissertation/ Project Paper II shall be regarded as a supplementary examination. In that case the maximum grade that can be awarded is C.
- 2.16 In case the internal examiners differ significantly (where one fails and the other passes the candidate) in the assessment, the Department shall appoint a third internal examiner to mark the dissertation/ Project Paper II. Average of the two examiners who concur in marking shall constitute the final mark.
- 2.17 The External Examiner (s) shall moderate final Internal Examiners' assessment.
- 2.18 In case there is a significant difference in the moderation of marks, the Head of Department shall be called upon to discuss with Internal and External Examiners to come with agreed mark.

3 Industrial Training

- 3.1 Assessment of Industrial Training shall be awarded marks as follows:

B. Bachelor of Science in Information Systems Management

1. In-semester Projects

- 1.1 Continuous assessment shall comprise assessments of oral presentation, participation in group work, consultation with supervisors, exercises and tests as the case may be in each department.
- 1.2 Both the supervisor(s) and the students shall be required to sign a consultation monitoring Log Book after every consultation session.
- 1.3 For the purpose of continuous assessment, there shall be at least two oral presentations of project work for each class doing semester project.

- 1.4 Continuous assessment marks shall be derived from group presentation involving all members of the group as well as from individual interview before a panel of examiners.
- 1.5 Continuous assessment (i.e., oral presentations) shall account for 40% and final oral presentation and written group work for 60% both leading to an assessment of 100%. Each department shall prescribe detailed modalities of assessment.
- 1.6 Departments shall prescribe formats of project reports.
- 1.7 Loose bound 3 copies of project reports from each group shall be handed in to the Head of Department by the last Friday preceding University Semester Examinations and the same must be endorsed by supervisors before submitting to the head of department; only then, shall the candidate be allowed to attend the oral examination. Students who fail to observe this rule without compelling reasons shall be deemed to have failed the project.
- 1.8 The Project work shall be word-processed double-spaced on A-4 sheets, using font size 12. The main body shall contain at least 30 pages.
- 1.9 A panel of at least two examiners shall assess the final oral presentation.
- 1.10 Examination of the project work shall comprise the following parts:
 - (a) Evaluation of the written report (40%),
 - (b) Group presentation (oral) before a panel of departmental examiners (5%),
 - (c) Oral examination (interview) of individual students. In this regard, candidates shall be interviewed/examined on the project work and, whenever it is considered necessary, questions may be asked from other topics related to the project (15%),
- 1.11 An unsatisfactory written report (i.e., scoring less than 16 marks) will mean a fail in the project.
- 1.12 Each student must pass the final individual oral presentation. If a student fails the final oral presentation, (i.e., gets less than 6 marks), the marks for the written report shall not be considered. In that case the student shall be deemed to have failed the project.
- 1.13 Group oral presentations must be passed for the written reports to be assessed.
- 1.14 A Semester project may be passed subject to corrections.
- 1.15 A Semester project, which is passed subject to corrections, shall be considered to be completed when all errors/mistakes/shortfalls pointed out by the examiners have been corrected, and three copies of acceptable hard bound project report, endorsed by the supervisor are submitted to the Head of Department. Failure to do so without compelling reasons at least 7 days before the scheduled date for school board meeting shall cause the project to be failed.
- 1.16 The oral presentation and the written reports shall be assessed in accordance with the following format:

3. Industrial Training

Assessment of Industrial Training shall be based on the following attributes:

- a) The Assessment by the visiting internal (University) supervisor (10%).
- b) Assessment by the on-site external (organization) supervisor (20%).
- c) Student's Logbook (and IT report) verified by the external supervisor: the student's oral presentation before a panel of his/her departmental academic staff (70%).

School regulations for the programmes of Bachelor of Science in Land Management and Valuation, Bachelor of Science in Real Estate (Finance and Investment), Bachelor of Science in Property and Facilities Management, and Bachelor of Science in Accounting and Finance

1. Taught Courses

- 1.1 Continuous assessment of taught courses shall comprise timed tests and homeworks. Timed tests shall be written or oral. In each semester there shall be at least two tests under examination conditions; and at least two homeworks or practical exercises, or a combination thereof per course. Questions or thematic reading areas for oral examinations shall be pre-determined and made available to students apriori.
- 1.2 For the purposes of oral examination for continuous assessment:
 - a) Examination panel shall comprise at least two examiners including the course instructor;
 - b) The assessment shall be based on the contents and/or responses of the candidates;
 - c) The final mark shall be the average of the scores awarded by the members of the examination panel;
 - d) Oral examinations shall not apply to the following courses: LM 111 Mathematics, LM 112 Statistics, LM121 Architectural Studies and Construction, BB 151 Business Mathematics, BB 152 Business Statistics, RE 211 Financial Mathematics, RE 316 Quantitative Methods, EC 218 Quantitative Methods I, EC 219 Econometrics I, RE 342 Econometrics, and LM 466 Valuation Casework.
- 1.3 At least one test shall be in form of written examination.
- 1.4 Tests as part of coursework assessment shall be held between the 4th and 12th weeks of the semester; and the results shall be posted before the last Friday of the 14th week of the semester.
- 1.5 Homework, practicals, take home assignments, essays, reports and combination thereof shall be submitted to the respective lecturer before the 12th week of the semester.
- 1.6 Final continuous assessment marks shall be posted a week prior to the start of the University Examinations.

2. Semester Project

- 2.1 Continuous coursework assessment in Semester Project shall comprise oral presentation, participation in group work, and consultation with supervisor(s), as the case may be in each department.
- 2.2 For the purpose of continuous coursework assessment, there shall be two oral presentations of Semester Project in the semesters in which the course is offered. The second Semester Project assessment shall be held, at the latest, a week before the University examinations commence.
- 2.3 For the purpose of Semester Project, University examination shall comprise a written group Semester Project Report and oral presentation of the Semester Project by the students.

- 2.4 Three loose bound written semester project reports from each group shall be handed in to the Head of Department by the last Friday preceding University examinations and the same must be signed by the Semester Project Supervisor(s). Students who fail to observe this rule without compelling reasons shall be penalized by deducting from the total score of the semester project five marks for each day delayed.
- 2.5 A panel of at least three examiners, one of whom shall have the requisite competence in the subject, shall assess the final oral Semester Project presentation of the University Examination.
- 2.6 A Semester Project may be passed subject to corrections. Any Semester Project, which is passed subject to corrections, shall be considered to be completed only when all the errors/mistakes/shortfalls pointed out by the examiner(s) have been corrected to the satisfaction of the Department; and two hard bound copies of the Report, signed by the supervisor(s) is submitted to the Department. Failure by the students to correct, without compelling reasons, before the School Board meeting shall render the Semester Project failed.
- 2.7 The Dean shall publish results of Semester Projects in advance of the other examinations to enable students to comply with School Regulation 2.6.
- 2.8 The oral presentation and the written reports shall be assessed in accordance with prescribed Form No. 2.1 – 2.4.

3. Dissertation

- 3.1 In the final year Semester I, each student shall be required to develop a Dissertation Proposal (Dissertation 1) for approval by the department. Dissertation 1 shall be assessed three times as Coursework Assessment (CA) as shall be programmed from time to time by the departments. The final written dissertation proposal shall be submitted for assessment during the University Examination Session.
- 3.2 The Dean of School may bar any candidate from being admitted to a Pre-Dissertation/Dissertation 1 examination where he or she is satisfied that the candidate has NOT satisfactorily performed well in his/her CA. Satisfactory performance in CA in Pre-Dissertation/Dissertation 1 Course shall mean an award of at least 50%.
- 3.3 A Candidate who has been barred from sitting for Pre-Dissertation/Dissertation 1 Examination shall NOT be allowed to proceed with Dissertation Course offered in the following semester
- 3.4 The candidate shall be required by the School to improve the bad pre-dissertation/Dissertation 1 and re-submit.
- 3.5 The Head of Department shall appoint a dissertation coordinator whose responsibility shall be to coordinate all the designated dissertation works in the department. The coordinator shall be assisted by supervisors assigned to each student.

- 3.6 There shall be a minimum of 5 students/staff consultations in each semester. Dissertation supervisor(s) and students shall sign a Consultation Monitoring Form after every consultation session. Supervisors shall avail the consultation forms to the head of department in the last week before commencement of end of University Semester Examinations. Where less than three consultations have been made, this shall be regarded as inadequate and hence, the candidate shall repeat the dissertation.
- 3.7 Dissertation shall be assessed three times during Semester II of final year; in the 4th and 13th weeks of the semester and the final assessment shall be done during the University Examination session.
- 3.8 For the purposes of continuous coursework assessment, dissertation shall be assessed twice. The School Board shall prescribe the time and mode of assessment which supervisors and students shall adhere to.
- 3.9 The University Examination for dissertation shall comprise an oral presentation and an assessment of the written dissertation report. The maximum marks for the written dissertation shall be 60% and 40% for continuous assessment including oral presentation.
- 3.10 A panel of at least three examiners shall assess the final oral presentation.
- 3.11 Three loose bound dissertation reports endorsed by the supervisor(s) shall be submitted to the Department by the last Thursday preceding the commencement of University Examinations in the second semester of the final year of study. Students who fail to observe this rule shall be penalised by deducting five marks for each day the dissertation report is not submitted.
- 3.12 A dissertation may be passed subject to corrections. Any dissertation which is passed subject to corrections shall be considered to be completed only when all the errors/mistakes/shortfalls pointed out by the examiner(s) have been corrected to the satisfaction of the Department and two hard bound copies of the report submitted to the Department. Failure by the student to correct, without compelling reasons, before a date prescribed by the School shall cause the dissertation to be failed.
- 3.13 The School shall publish results of Assessment of Dissertations immediately after oral examinations.
- 3.14 A student who fails in Dissertation shall be given a maximum period of three months to re-submit from the date the Senate approves examination results.
- 3.15 Re-submission of a dissertation shall be regarded as a supplementary examination of a carryover course, which shall be subject to University Regulations 23 and 28.

 - d) Students who miss assignments/tests or any other type of Continuous Assessment shall be required to provide evidence such as excuse on duty (E.D.) from the University Dispensary or permission from the Head of Department to the effect that satisfactorily justify their absence to qualify for special test/assignment.
 - e) Any student who for compelling reason as (d) fails to sit for any test/assignment, presentation or any other assessed activity of a taught course shall be given an opportunity to sit for the missed CA assessment activity before the compilation and final release of Continuous assessment results.
 - f) Any candidate who fails to observe (d) and (e) shall be deemed to have absconded examinations.
- 1.3 For the purposes of oral examination for continuous assessment of taught courses:
 - a) Examination panel shall comprise at least two examiners including the course instructor;
 - b) The assessment shall be based on the contents and/or responses of the candidates;
 - c) The final mark shall be the average of the scores awarded by the members of the examination panel;
- 1.4 There shall be a minimum of two take home assignments and two written tests under examination conditions per semester for any Taught Course. Written tests shall carry a weight of two (2) against a weight of one (1) for assignments, all leading to a total assessment of 30% marks.
- 1.5 At least one test shall be in form of written examination
- 1.6 Tests as part of continuous assessment shall be conducted during such time as specified in the University Almanac.
- 1.7 Assignments, practical, essays, reports or/and any combination thereof as part of continuous assessment shall be submitted to the respective lecturer course instructor two three weeks prior to the start of Semester University Examinations
- 1.8 Examinations of courses involving caseworks shall be conducted by the last Friday preceding semester examinations

2.0 **Semester Project**

- 2.1 For the purpose of continuous assessment in Semester Projects, there shall be a minimum of two assessed oral presentations of Semester Project in the semesters in which the course is offered. The second Semester Project assessment shall be held, at the latest, a week before the University examinations commence
- 2.2 The assessment of Semester project shall be made through continuous assessment (interim oral presentations) and final examination (final oral presentation and written semester project report).
- 2.3 For the purpose of continuous assessment in Semester Project there shall be a minimum of two (2) assessed oral presentations in the semester in which the course is offered. The second semester project assessment shall be held at the latest a week before University examination commences.
- 2.4 Three loose bound written Semester Project reports from each candidate or group of candidates shall be handed in to the Head of Department two weeks by the last Friday preceding University examinations prior to the start of the semester University examinations. Students who fail to observe this rule without compelling reasons shall be deemed to have absconded examination and therefore be discontinued from studies.
- 2.5 For the purpose of submission of final report of the Semester Project the candidate must obtain the supervisor's endorsement whereas;
 - a) Any student who fails to obtain the supervisors endorsement without compelling reasons shall cause the student to have unsatisfactory progress in the whole course; and such student shall be barred from final examinations and shall repeat the whole course when next offered
 - b) Any student who is barred as per GUER 3.4 shall be informed by the Dean one week before the start of the University examinations
 - c) All cases of unsatisfactory progress in the course Semester Project must be reported by the supervisor to the Head of Department two weeks prior to the start of the Semester examinations.
 - d) All Semester Project Report that are not reported to be associated with unsatisfactory progress shall be endorsed by the supervisor and accepted for submission.
- 2.6 The Semester Project report shall be word-processed 1.5 spaced on A-4 sheets, font size 12, font type Times New Roman, margins should be 2.5 cm on top and left margin and 1 cm on the right and bottom margins. The main body shall contain between 30 and 50 pages.
- 2.7 The Semester Project Report shall be examined by two examiners; one of them shall be the supervisor of the student.
- 2.8 A panel of at least three examiners, one of whom shall have the requisite competence in the subject, shall assess the final oral Semester Project presentation of the University Examination
- 2.9 Any examined Semester Project report which upon assessment by the panel of examiners in the final presentation requires any corrections, shall be considered to be completed and dully submitted only when all the errors/mistakes/shortfalls pointed out by the examiner(s) have been corrected to the satisfaction of the Supervisor/s; and two hard bound copies of the Report, signed by the supervisor(s) is submitted to the Department.
- 2.10 Failure by a student to correct the errors/mistakes/shortfalls pointed out by the examiner(s) in the Semester Project report, without compelling reasons, within seven days after the final assessment of the Semester Project, shall cause the results to be withheld until the first three weeks of a new semester beyond which shall be regarded as an abscondment and hence discontinued from studies.
- 2.11 Continuous assessment in Semester Project shall comprise oral presentation, participation in group work, and consultation with supervisor(s), as the case may be in each department
- 2.12 For the purpose of continuous assessment, there shall be at least two oral presentations of project work for each class doing semester project.

- 2.13 Continuous assessment marks shall be derived from group presentation involving all members of the group as well as from individual interview before a panel of examiners.
- 2.14 Unless specified otherwise in the programme specific regulations, any student who fails in semester project shall be required to repeat the course when next offered.

3.0 Pre-dissertation

- 3.1 During Semester I, of each Final Year Student shall be required to undertake a Pre-dissertation course in which they will be required to develop a Dissertation Proposal in consultation with members of staff in their respective department and have it approved by that department.
- 3.2 Passing a Pre-dissertation course shall be a pre-requisite for proceeding to the Dissertation course offered in Semester two of final year
- 3.3 Pre-Dissertation shall be assessed by means of oral presentations and written proposal which shall contribute to the Continuous Assessment (CA) and the University Examination (UE). The CA shall account for 40%, and the UE shall account for 60%; all leading to an assessment of 100%.
- 3.4 The CA for Pre-dissertation shall constitute three oral presentations;
 - a) First CA oral presentation shall be conducted in the third week of Semester I to evaluate the relevance, scope and feasibility of the proposed topic and assign supervisor(s) to the student(s). The student will not be awarded any marks from this presentation
 - b) Second and Third CA oral presentations assessment shall be conducted for each candidate within the semester in which In-semester project is conducted depending on the fulfillment of the requirement of first presentation.
- 3.5 The UE for the Pre-dissertation shall constitute the final examination oral presentation and a fully developed and written dissertation proposal as a prerequisite for the Dissertation course offered in semester II.
- 3.6 Three loose bound written Pre-dissertation research proposals from each candidate or group of candidate as the case may be shall be handed in to the Head of Department by the last Friday prior to the start of the semester University examinations. Students who fail to observe this rule without compelling reasons shall be deemed to have absconded examination and therefore be discontinued from studies
- 3.7 For the purpose of submission of final report of the Pre-dissertation research proposal the candidate must obtain the supervisor's endorsement whereas;
 - a) Any student who fails to obtain the supervisors endorsement without compelling reasons shall cause the student to have unsatisfactory progress in the whole course;
 - b) All cases of unsatisfactory progress in the course Pre-dissertation must be reported by the supervisor to the Head of Department two weeks prior to the start of the Semester examinations;
 - c) All Pre-dissertation research proposals that are not reported to be associated with unsatisfactory progress shall be endorsed by the supervisor and accepted for submission.
- 3.8 Unsatisfactory progress in Pre-dissertation shall mean failure by the candidate to conduct a minimum of 5 students/staff consultations in the semester in which the Pre-dissertation is scheduled and/or failure by the candidate to effect required improvements on a draft written report as evident in the consultation monitoring form whereas;
 - a) The Pre-dissertation supervisor(s) and students shall sign a Consultation Monitoring Form after every consultation session.
 - b) A copy of the Pre-dissertation consultation form shall be held by both the supervisor/s and the student.
 - c) All such cases of unsatisfactory progress in Pre-dissertation shall be reported to the Dean two weeks prior to the start of Semester University Examinations.
- 3.9 A student who fails pre-dissertation shall not be allowed to proceed with the Dissertation course offered in Semester II.

- 3.10 A student who is barred from a Pre-Dissertation University Examination under UGER or fails Pre-Dissertation shall be required to repeat the course when next offered.
- 3.11 A student, who passes a repeated pre-dissertation shall be required to proceed with the Dissertation course offered during Semester II
- 3.12 A student, who fails a repeated pre-dissertation, shall be discontinued from studies.

4.0 Dissertation

- 4.1 Each final year student or when allowed by the department a group of two final year students shall be required to submit a dissertation report from an independent study carried out during Semester II of the final year of study.
- 4.2 In the second week of the second Semester of Final year, each student shall be required to submit a dissertation proposal of the quality accepted by the department. In this regard, students shall if so required by the respective department, execute the research proposal prepared in the course Pre-dissertation offered in Semester I of the final year of study.
- 4.3 Unsatisfactory progress in dissertation shall mean failure by the candidate to conduct a minimum of 5 students/staff consultations in the semester in which the Dissertation is scheduled and/or failure by the candidate to effect the required improvement on the draft written report as evident in the consultation monitoring forms whereas;
 - a) The Dissertation supervisor(s) and students shall sign a Consultation Monitoring Form after every consultation session.
 - b) A copy of the dissertation consultation form shall be held by both the supervisor/s and the student.
 - c) All such cases of unsatisfactory progress in dissertation shall be reported to the Dean two weeks prior to the start of Semester University Examinations.
 - d) If no such case is reported as in (c) above, the dissertation report shall be endorsed by the supervisor and accepted for submission.
- 4.4 Dissertation shall be assessed three times; twice within the semester during which it is conducted and once during the University Examinations. The first two assessments (oral presentations) shall constitute continuous assessment. The final assessment shall comprise of an oral presentation and a written dissertation report.
- 4.5 Three loose bound of written Dissertation reports from each candidate or group of candidates as the case may be shall be handed in to the Head of Department by the last Friday preceding University examinations. Students who fail to observe this rule without compelling reasons shall be deemed to have absconded examination.
- 4.6 For the purpose of submission of final report of the Dissertation each candidate must obtain the supervisors' endorsement whereas:
 - a) Failure by the student to obtain the supervisors endorsement without compelling reasons shall cause the student to have unsatisfactory progress in the whole course;
 - b) All cases of unsatisfactory progress in the course Dissertation must be reported by the supervisor to the Head of Department two weeks prior to the start of the Semester University examinations;
 - c) Any Dissertation report that is not reported as being associated with unsatisfactory progress shall be endorsed by the supervisor and accepted for submission.
- 4.7 A panel of at least three examiners shall assess the final oral presentation as specified in respective degree programmes
- 4.8 Any examined Dissertation report which upon assessment by the panel of examiners in the final presentation requires any corrections, shall be considered to be completed and duly submitted only when all the errors/mistakes/shortfalls pointed out by the examiner(s) have been corrected to the satisfaction of the Supervisor/s; and two hard bound copies of the Report, signed by the supervisor(s) is submitted to the Department.
- 4.9 Failure by the student to correct the errors/mistakes/shortfalls pointed out by the examiner(s) in the Dissertation report, without compelling reasons, within three weeks after the final assessment of the Dissertation shall be deemed to have absconded examination and shall be discontinued from studies.
- 4.10 A student who fails in Dissertation shall be given a maximum period of three months to re-submit from the date the Senate approves examination results.

- 4.11 Re-submission of a dissertation shall be regarded as a supplementary examination, which shall be subject to University General Examination Regulations.
- 4.12 A candidate who fails in the re-submission of a Dissertation shall be required to repeat the course when next offered.

5.0 Industrial Training

- 5.1 Unless otherwise specified in these regulations, Industrial Training shall be conducted as per the University Undergraduate General Examination Regulations (UGER)
- 5.2 Assessment of the oral presentation of the Industrial Training shall involve individual students. A group of students sharing the IT placement and thus the work done during the IT may be allowed to deliver a group oral presentation which shall be followed by individual oral assessment of students constituting the group before a panel of examiners.
- 5.3 The filled logbook and written report shall be submitted to the Head of the Department within the first two weeks following the commencement of semester one. Students who fail to observe this rule without compelling reasons shall be deemed to have absconded examination and shall be discontinued from studies.
- 5.4 Only logbooks assessed/verified by the on-site supervisor shall be accepted for the UE. Any candidate whose logbook is not assessed by the onsite supervisor/s shall be treated as not having attended Industrial Training hence absconded Industrial Training and therefore be discontinued from studies.
- 5.5 The Industrial Training reports shall be submitted to the Head of Department within the first two weeks following commencement of semester one. Unsatisfactory attendance of IT by less than 80% shall amount to abscondment and therefore discontinued from studies.
- 5.6 Oral presentations of Industrial Training shall be assessed by a minimum of two examiners.
- 5.7 Any candidate who fails to appear to any assessment of Industrial Training without compelling reasons shall be deemed to have absconded IT and therefore shall be discontinued from studies.
- 5.8 A candidate who fails Industrial Training shall be required to repeat the same within the maximum registration period of the program
- 5.9 For each degree programme, the School Board shall approve the mode and manner of conducting Industrial Training as proposed by departments.

BACHELOR OF SCIENCE IN GEOMATICS AND BACHELOR OF SCIENCE IN GIS AND REMOTE SENSING

1.0 In-semester projects

- 1.1 The In-semester projects shall commence and be conducted as per Almanac of the respective Semester as prescribed in the curriculum and shall last for five weeks.
- 1.2 Unsatisfactory progress in In-Semester Project shall mean failure by the candidate to attend satisfactorily the fieldwork (practical) sessions, to conduct a minimum of 2 students/staff consultations during the office-work (report writing) session in the semester which the In-Semester Project is scheduled and/or failure by the candidate to effect the proposed improvements on the draft written report as evident in the consultation monitoring forms whereas;

 - b) A copy of the In-Semester Project attendance form and consultation form shall be held by both the supervisor(s) and the students.
 - c) All such cases of unsatisfactory progress in In-Semester Project shall be reported to the Dean by one week prior to the start of Semester University Examinations.

- 1.3 The assessment of In-semester projects shall be made through a Continuous Assessment that shall comprise oral presentations and a final University examination that shall comprise one final oral presentation and assessment of a written report.
- 1.5 Continuous assessment of In-semester project shall comprise assessments of oral presentation, participation in group work and consultation with supervisors as prescribed in the curriculum.
- 1.6 For the purpose of continuous assessment of In-semester project, there shall be two oral presentations of the project work for each class doing semester project (each weighing 2 i.e., 20%). One oral presentation shall be conducted during the field work and shall be assessed by the supervisor(s) and one oral presentation shall be conducted after completion of the fieldwork but before the start of University Examination and shall be assessed by other members of staff in the department in addition to the project supervisor(s).
- 1.7 Continuous assessment marks of In-semester project shall be derived from group presentation involving all members of the group as well as individual interview before a panel of examiners. Group presentation shall account for 7.5 marks of the 20%, and individual assessment shall account for 12.5 marks of the 20%.
- 1.8 Continuous assessment of In-semester project (i.e., oral presentations) shall account for 40% and final oral presentation and assessment of the written group report for 60% both leading to an assessment of 100%.
- 1.9 The University Examination of the In-semester project shall comprise the following parts:
 - a) Assessment of the group written report – weight 3 (30%),
 - b) Group oral presentation Weight 1 (10%),
 - c) Individual oral Examination. In this regard, candidates shall be interviewed/examined on the project work and, whenever it is considered necessary, questions may be asked from other topics related to the project – Weight 2 (20%).
- 1.10 Three loose bound written In-semester project reports from each group shall be handed in to the Head of Department by the last Friday preceding University Semester examinations. Students who fail to observe this rule without compelling reasons shall be deemed to have absconded the examination and shall be discontinued from studies.
- 1.11 For the purpose of submission of final report of the In-semester Project report the candidate must obtain the supervisor(s)' endorsement whereas;
 - a) Any candidate who fails to obtain the supervisors endorsement without compelling reasons shall cause the student to have unsatisfactory progress in the whole course;
 - b) All cases of unsatisfactory progress in the course Semester Project must be reported by the supervisor to the Head of Department one week prior to the start of the Semester examinations;
 - c) All Semester Project Reports that are not reported to be associated with unsatisfactory progress shall be endorsed by the supervisor and accepted for submission.
- 1.12 The In-semester Project report shall be word-processed 1.5 line-spaced on A-4 sheets, font size 12, font type Times New Roman, margins should be 2.5cm on top and left margin and 1cm on the right and bottom margins The main body shall contain at least 30 pages.
- 1.13 A panel of at least three examiners shall assess the final University Examination oral presentation of In-semester project
- 1.14 Any examined in-semester Project report which upon assessment by the panel of examiners in the final presentation requires any corrections, shall be considered to be completed and dully submitted only when all the errors/mistakes/shortfalls pointed out by the examiner(s) have been corrected to the satisfaction of the Supervisor(s); and two hard bound copies of the Report, signed by the supervisor(s) is submitted to the Department.

- 1.15 Failure by the student to correct the errors/mistakes/shortfalls pointed out by the examiner(s) within two weeks, without compelling reasons shall be considered to have absconded examination and shall be discontinued from studies.
- 1.16 For the first year of study, the In-semester project shall last for four weeks commencing in the first week following the University Examinations and after the four weeks students shall proceed to their Industrial Training placements.
- 1.17 Both Continuous Assessment and University Examination of the first year in-semester project shall be completed within the four weeks.
- 1.18 Continuous assessment marks for the first year in-semester project shall be derived from individual assessments only. These shall constitute at least one assessment of the Field Participation (20%) and at least one Practical Assessment (20%). Both assessments shall involve project supervisor(s) and other members of staff in the department.
- 1.19 The University Examination of the first year In-semester project shall comprise the following parts:
- Individual practical assessment - Weight 2 (20%),

3.0 Research Proposal Writing Workshop

- 3.1 During Semester I of final year, each student shall be required to attend a series of research skills building workshops in the course Research Proposal Writing Workshops.
- 3.2 Continuous Assessment (CA) for Research Proposal Writing Workshops will comprise the average score in the level of participation (active) in the activities of the workshops being weighted at 30% of the overall score of the course. The level of participation in each workshop session shall be assessed based on the criteria specified in Form 3.2.1.

Table 2.3.1 Participation Assessment Form

S/N	Name of Student	Participation criteria			
		Quality of arguments	Quality of presentations	Cross referencing in arguments	Group leadership role
	Max Score	5%	10%	20%	5%

- 3.3 For the purpose of continuous assessment:
- Seven (7) workshops will be done each being aligned towards a particular stage in research proposal writing. Students attending the course will be required to attend all the seven seminars, and fully participate in the activities.
 - The level of participation of each participant attending the workshop will be evaluated by the workshop organizer(s) and graded accordingly.
 - Before the final workshop assessment, the organizer(s) shall decide on the progress of each candidate and report the same to the dissertation coordinator who shall report to the HoD.
 - The HoD shall report all cases of “unsatisfactory progress” in the Research Proposal Writing Workshop to the Dean at least two weeks before the final presentation.
 - The school Dean upon receiving a report from the HoD on any “unsatisfactory progress” shall bar the candidate from submitting the final dissertation proposal.
 - A candidate who is so barred shall be required to repeat the course when next offered.
 - Candidates with satisfactory progress shall proceed to submitting and presenting their final dissertation proposals.
- 3.4 Any student who fail in the course Research Proposal Writing Workshop shall be required to Repeat the course when next offered

- 3.5 For the purposes of final examination assessment:
- Each candidate will be required to produce a research proposal after a thorough consultation with at least three members of academic staff.
 - The quality of the proposal will be evaluated by the three members of academic staff independently and graded accordingly.
 - The final proposal assessment will comprise 20% of final oral presentation and 50% for the written final report all making a total of 70% of the overall score for the course. The final oral presentation of the proposal shall be before a panel of at least three academic members of staff and the quality of the presentation will be evaluated and graded according to these guidelines.

- 3.5.1 The final examination grade for the course Research Proposal Writing Workshop shall be computed as shown in Form 5.1

1.0 Semester Project

1.1 All final year student shall be required to undertake an independent research project in the course Semester Project during the second semester of final year

1.2 For the purpose of continuous coursework assessment,

- There shall be two oral presentations of Semester Project in the semesters in which the course is offered.
- Continuous assessment marks shall be derived from student presentation with maximum score of 20%. In arriving at the 20% for continuous assessment, student responses to question shall account for 15% and presentation arrangement shall account for 5%. Continuous assessment marks shall be derived from student presentation with maximum score of 20%. In arriving at the 20% for continuous assessment, student responses to question shall account for 15% and presentation arrangement shall account for 5%.
- Failure by the candidate to complete any part of the Continuous Assessment in Semester Project without compelling reasons shall constitute an abscondment of the Semester Project

1.3 For purpose of Semester Project final examination;

- University examination shall comprise a written individual Semester Project Report and oral presentation of the semester project by the students.
- The final Project Assessment mark shall be derived from the assessment of the final project report (50%) and final presentation (30%).
- Failure by the candidate to complete any part of the University Examination in Semester Project without compelling reasons shall constitute an abscondment of the Semester Project and shall be discontinued from studied.

1.4 A student who fails in Semester Project shall be given a maximum period of three months to res-submit from the date of Senate approval of the examination results

- 1.5 For the purpose of project's assessment in Semester Project:

**A) EXAMINATION REGULATIONS FOR
UNDERGRADUATE PROGRAMMES IN THE
SCHOOL OF ENGINEERING AND
ENVIRONMENTAL STUDIES - UNIT SYSTEM**

EXAMINATION REGULATIONS FOR UNDERGRADUATE PROGRAMMES IN THE SCHOOL OF ENGINEERING AND ENVIRONMENTAL STUDIES–UNIT SYSTEM

In addition to University General Examination Regulations and Undergraduate Examinations Regulations, the following regulations will apply to the undergraduate programmes in the School of Engineering and Environmental Studies.

1. Semester Projects

- 1.1 Continuous assessment in these subjects shall comprise assessments of oral presentation, participation in group work, consultation with supervisors, exercises and tests as the case may be in each department.
- 1.2 For the purpose of continuous assessment, there shall be two oral presentations of Semester Project, in the semesters in which the subject is offered. The second assessment shall be done, at the latest, one week before the University Examinations start.
- 1.3 Continuous assessment for project work shall account for 70% and final presentation and written group work for 30% all leading to an assessment of 100%.
- 1.4 Project work shall be handed in to the Department two days before University Semester Examinations start. Final project work not submitted within specified period without compelling reasons shall be penalized by deducting from the total score 5 marks per day.
- 1.5 Project work shall be word processed in 1.5 spaced A 4 sheets, Font 12, well bound and submitted in two copies. The main body shall contain between 40 and 70 pages.
- 1.6 The final assessment of project work shall comprise of oral presentation and written group work.

1.7 Assessment of Semester Project

- 1.7.1 The assessment sheet for the written project work shall have the following format:

1. Group No.
2. Name of students
3. Project Title
4. Name of Examiner
5. Date

Marking Criteria	Maximum Marks (%)	Marks Awarded	Remark
Form and Format of presentation (style, language, word processing etc).	10

- 1.8 The final assessment shall be made by a panel of examiners, which shall consist of one project supervisor, one member of academic staff who did not supervise the project and the external examiner(s).
- 1.9 Each student shall pass the final oral presentation. Where a student is deemed to have failed the final oral presentation, the written group work mark shall not be considered.
- 1.10 A Semester Project may be passed as it is, outright failed or passed subject to corrections.
- 1.11 Any Semester Project, which is passed subject to corrections, shall be considered to be completed when all errors/mistakes/shortfalls pointed out by the examiners have been corrected, and an acceptable hard bound project report, endorsed by the supervisor is submitted to the Head of Department. Failure by student to do so without compelling reasons before the School Board meeting shall cause the project to be failed.
- 1.12 The marks for both written group work and final oral presentation shall be in the ratio of 5 to 2 of the 70%.

2. Engineering Drawing

- 2.1 Continuous assessment for Engineering Drawing shall be awarded out of 70% of the total and final assessment 30% all leading to an assessment of 100%.
- 2.2 For the purpose of continuous assessment, there shall be at least eight exercises and two tests taken under examination conditions. The marks for exercises and tests shall be in the ratio of 5 to 2 of the 70%.
- 2.3 The final assessment shall be made by a panel of examiners, which shall consist of two internal examiners and the external examiner(s).
- 2.4 The assessment of Engineering Drawing shall be based on evaluation of drawing work and student's understanding of the subject matter using the following format and marking criteria.

Marking Criteria	Maximum Marks (%)	Marks Awarded	Remarks
Format and arrangement of drawing components (views, choice of scale, dimensions etc.)	20		
Content (correctness of concept and practicability) and completeness of requirements for a drawing.	25		
Neatness, correct choice of pen sizes for different uses, lettering quality, clarity, etc.	20		
Overall understanding of elements of engineering drawing	35		
Total	100		

- 2.5 For the purpose of assessment, the practical exercises shall account for 70% and tests done after completion of each workshop and final test shall account for 30%
- 2.6 The marks for individual workshop tests and final test shall be in the ratio of 1 to 1 of the 30%.

3. Dissertation

- 3.1 Dissertations shall be assessed four times during the 2nd semester of final year. The third assessment of dissertations shall be conducted about four weeks before the University semester examinations start. The final assessment shall be done during the University semester examinations. The first three oral presentations shall constitute continuous assessment.
- 3.2 Continuous assessment (i.e., the first three presentations) shall account for 30% while the written dissertation work and final oral presentation for 70% all leading to an assessment of 100%.
- 3.3 The marks for the written dissertation work and final oral presentation shall be in the ratio of 7 to 3 of 70%
- 3.4 The oral presentations shall be attended by at least two (2) of the Departmental Examiners and respective supervisor(s).

- 3.5 The final assessment shall be made by a panel of examiners which shall consist of one dissertation supervisor and one member of academic staff who did not supervise the dissertation.
- 3.6 The assessment of the dissertation written works shall have the following format;
1. Name of Students.....
 2. Dissertation Title.....
 3. Name of Examiner.....
 4. Date

Marking Criteria	Maximum Marks (%)	Marks Awarded	Remarks
Format of presentation (style, language, word processing etc.)	15

Total	100		

- 3.8 All dissertations must be submitted well bound one week before the start of the University semester examinations. Any dissertation not submitted within the specified period shall be penalized by deduction from the total score 2 marks per day for the first five days after which a student shall be deemed to have failed the dissertation.
- 3.9 A dissertation may be passed as it is, outright failed or passed subject to corrections.
- 3.10 Any dissertation, which is passed subject to corrections, shall be considered to be completed when errors/mistakes/shortfalls pointed out by the examiners have been corrected, and three copies of acceptable hard bound dissertation report, endorsed by the supervisor are submitted to the Head of Department. Failure to do so without compelling reasons before the school board meeting shall cause the dissertation to be failed.

4. Industrial Training

- 4.1 Assessment of Industrial Training shall be done by at least three (3) internal examiners using the following format:

Item	Maximum Marks	Marks Awarded	Remarks
Student logbook, which has been verified and assessed by the external (organization) Supervisor	20		
The assessment report of the internal (University) supervisor	20

School regulations for the programmes of Bachelor of Science in Civil Engineering

1. Studio Work

- 1.4 Studio work takes 20% out of 30% of Building Construction coursework.
- 1.5 A student should pass studio before being allowed to sit for end of semester examination in Building Construction. A student has to score at least 8 out of 20 (40%) in order to qualify for final exam.
- 1.6 Student who fails studio will not be allowed to sit for the end of semester exam for Building Construction. He/She will be required to repeat studio to satisfy the minimum coursework requirement of 8/20. In the event He/She fail three (twice) times, he/she shall be discontinued.

2. Semester Project Work

- 2.12 Project work assigned to students shall be interdisciplinary and shall be assessed independent of other subjects.
- 2.13 Project work will comprise any task assigned to students by the department in the form of practical work and/or studio work to be carried out in groups.
- 2.14 For the purpose of continuous assessment, there shall be at least two interim oral presentations in each semester where semester project has been prescribed.
- 2.15 Continuous assessment marks shall be derived from group presentation involving all the group members giving a maximum score of 20%. In arriving at the 20% for continuous assessment, oral presentation shall account for 10% and group participation 10%. The format of interim oral presentation will be as indicated in Table 2.1.

- 2.16 Continuous assessment shall account for 20% and final oral presentation for 30% whilst written group work shall account for 50%, both leading to an overall or total assessment of 100%.
- 2.17 Loose bound project report shall be submitted in five (5) copies and handed to the department a week before University examinations begin and must be dully endorsed by the semester project supervisor(s). Final project work not submitted within specified period without compelling reasons shall be penalized by deducting five marks for each day the project is not submitted. Deduction shall be made to a maximum of five working days. Further delay will render project work unacceptable.
- 2.18 Final written project work report shall be submitted in two (2) copies. The presentation format of written semester project report shall conform to departmental guidelines on the presentation of semester project/dissertation reports.
- 2.19 For the purpose of deriving the 80% indicated under 3.5 above, marks for the University semester project examination shall be awarded as indicated in Table 2.2.

3. Industrial Training (IT)

- 3.2 Assessment of Industrial Training shall be based on the following three attributes.
- Student logbook verified and assessed by training officer of the organization training the student.
 - Training certificate signed and stamped by the training officer.
 - Arrival note to be received by the school within four (4) weeks from the date of starting the IT.
 - Report by internal (University) supervisor.
 - Student final written report.
 - Oral presentation by the student.
- 3.2 A student who fails to submit any one or more of the documents mentioned in 3.1 a, b, c and e within the time stipulated in the university regulations without compelling reasons shall be deemed to have failed the Industrial Training.
- 3.3 The assessment criteria for IT are indicated in Table 3.1.

4. Dissertation

- 4.1 Each student in final year, semester II, shall be required to submit a dissertation. The dissertation shall be based on an independent study carried out during the Semester, under supervision by a Supervisor appointed by the Head of Department within two weeks from the beginning of the semester.
- 4.2 Students are required to submit and present their dissertation proposals for preliminary assessment not later than end of the twelfth week of final year, semester I.
- 4.3 Students shall be required to present their dissertation proposal for final approval by the department within the first two weeks of semester II.
- 4.4 For the purpose of continuous assessment, there shall be two oral presentations
- 4.5 Continuous assessment shall account for 20% and University Dissertation Examination comprising an oral presentation and examination of the dissertation report shall account for 80%.

SCHOOL OF ENGINEERING AND
ENVIRONMENTAL STUDIES - CREDIT SYSTEM**

EXAMINATION REGULATIONS FOR UNDERGRADUATE PROGRAMMES IN THE SCHOOL OF ENGINEERING AND ENVIRONMENTAL STUDIES – CREDIT SYSTEM

In addition to University General Examination Regulations and Undergraduate Examinations Regulations, the following regulations will apply to the undergraduate programmes in the School of Engineering and Environmental Studies.

1.0 Semester Projects

- 1.1 Continuous assessment in these Semester Projects shall comprise assessments of oral presentation, participation in group work, consultation with supervisors.
- 1.2 For the purpose of continuous assessment, there shall be two oral presentations of Semester Project, in each semester in which the subject is offered.
- 1.3 Continuous assessment for project work shall account for 40% and final presentation and written group work for 60% (40% assessment of written report and 20% shall account for oral presentation) all leading to an assessment of 100%.
- 1.4 Project work shall be handed in to the Department two days before University Semester Examinations start. Final project work not submitted within specified period without compelling reasons for both continuing and finalist shall be regarded to abscond and hence discontinued from studies.
- 1.5 Project work shall be word processed in 1.5 spaced A 4 sheets, Times new roman with Font 12, well bound and submitted in two copies. The main body shall contain between 40 and 70 pages.
- 1.6 The final assessment of project work shall comprise of oral presentation and written group work.
- 1.7 Assessment of Semester Project
 - (a) The assessment sheet for oral semester project presentation: Shall have the following format.
 1. Group No.
 2. Name of Student
 3. Project title
 4. Name of Examiners.....
 5. Date

Marking Criteria	Maximum Marks (%)	Marks Awarded	Remarks
Understanding of the problem	10		
Data analysis and interpretation	25

- 1.8 The final assessment during university examinations shall be made by a panel of at least three examiners, which shall consist of two independent examiners. The project supervisor shall be the chairperson of the panel
- 1.9 Each student shall pass the final oral presentation. Where a student is deemed to have failed the final oral presentation, he/she has failed the entire project course. The failed project course has to be repeated when next offered in the subsequent academic year. Additionally, No appeal shall be allowed to the failed project course.
- 1.10 A Semester Project may be passed as it is, outright failed or passed subject to corrections.
- 1.11 Any Semester Project, which is passed subject to corrections, shall be considered to be completed when all errors/mistakes/shortfalls pointed out by the examiners have been corrected, and two (2) acceptable hard bound project reports, endorsed by at least one of the supervisors are submitted to the Head of Department. Failure by student to do so without compelling reasons before the Departmental it shall be absconded and hence discontinued from studies.

2.0 Engineering Drawing

- 2.1 Continuous assessment for Engineering Drawing shall be awarded out of 70% of the total and final assessment 30% all leading to an assessment of 100%.
- 2.2 For the purpose of continuous assessment, there shall be at least seven exercises.
- 2.3 A student who does not do one of the exercises of the continuous assessment with compelling reasons shall be barred from proceeding with university examination of the same course and shall repeat the course in the next subsequent academic year. Those without compelling reasons shall be regarded to have absconded the course and hence be discontinued from studies.
- 2.4 The final assessment shall be made by a panel of examiners, which shall consist of at least three examiners in which one of them should be a course instructor.
- 2.5 The assessment of Engineering Drawing shall be based on evaluation of drawing work and student understands of the subject matter using the following format and marking criteria.

Marking Criteria	Maximum Marks (%)	Marks Awarded	Remarks
Format and arrangement of drawing components (views, choice of scale, dimensions etc.)	20		
Content (correctness of concept and practicability) and completeness of requirements for a drawing.	25		
Neatness, correct choice of pen sizes for different uses, lettering quality, clarity, etc.	20

3.0 Dissertation

- 3.1 A candidate in consultation with his/her supervisor shall formulate a dissertation research proposal. The proposal will be presented during 1st semester of the final year. Such presentation(s) shall not be graded.
- 3.2 Dissertations shall be assessed three times during the 2nd semester of final year. The first and second assessment of dissertations shall be conducted alongside Test I and II as per University Almanac. The final assessment shall be done during the University semester examinations. The first two oral presentations shall constitute continuous assessment.
- 3.3 Continuous assessment (i.e., the first three presentations) shall account for 30% while the written dissertation work and final oral presentation for 70% (49 % for written report and 21% for oral presentation) all leading to an assessment of 100%.
- 3.4 The oral presentations of the continuous assessment shall be attended by at least two (2) examiners and at least one supervisor(s).
- 3.5 The final assessment shall be made by a panel of examiners, which shall consist of at least two independent internal examiners.
- 3.6 The assessment of the dissertation written works shall have the following format;
1. Name of Students
 2. Dissertation Title

- 3.8 All dissertations must be submitted as loose bound one week before the start of the University semester examinations. Any dissertation not submitted within the specified period shall be penalized by deduction from the total score 2 marks for each delayed day for the first five days after which a student shall be deemed to have absconded examination and hence be discontinued from studies.
- 3.9 A dissertation may be passed as it is, outright failed or passed subject to corrections.
- 3.10 Any dissertation, which is passed subject to corrections, shall be considered to be completed when errors/mistakes/shortfalls pointed out by the examiners have been corrected, and three copies of acceptable hard bound dissertation report, endorsed by at least one of the supervisors are submitted to the Head of Department within two weeks after university examinations. Failure to do so before the departmental meeting without compelling reasons shall be deemed to have absconded examination and hence be discontinued from studies.

4.0 Industrial Training

- 4.1 Assessment of Industrial Training shall be done by at least three (3) examiners using the following format:

Item	Maximum Marks	Marks Awarded	Remarks
Student logbook, which has been verified and assessed by the external (organization) Supervisor	20		
The assessment report of the internal (University) supervisor	20		
The student's final report and presentation before a panel	60

4.4 An industrial training may be passed as it is or outright failed.

4.5 Failure to present industrial training without compelling reasons, it shall be considered as abscondment case and it leads to discontinuation from studies.

5.0 Workshop Training

5.1 Continuous assessment in all workshops shall comprise assessments of theories, practical exercises, assignments and tests.

5.2 For the purpose of continuous assessment, there shall be three practicals, two assignments and one test for each workshop before the start of University Examinations.

5.3 Continuous assessment for workshop training shall account for 70% (40% practical exercises, 15% assignment and 15% test) and university examination shall account for 30% all leading to an assessment of 100%.

5.4 The university examination for workshop training (EG 100) shall account for average of four workshops carried out for the entire academic year

5.5 If a student fails university examination, he/she shall supplement a written examination.

5.6 If a student fails supplementary examination of workshop training, shall be required to carry the course.

BACHELOR OF SCIENCE IN CIVIL ENGINEERING

1.0 Studio Work

- 1.1 Studio work takes 20% out of 30% of Building Construction coursework.
- 1.2 A student should pass studio before being allowed to sit for end of semester examination in Building Construction. A student has to score at least 8 out of 20 (40%) of the studio in order to qualify for final exam.
- 1.3 Student who fails studio will not be allowed to sit for the end of semester exam for Building Construction. S/he will be required to repeat studio when next offered to satisfy the minimum coursework requirement of 8/20. In the event she/he fails the studio work two (twice) times, she/he shall be discontinued.

2.0 Semester Project Work

- 2.1 Project work assigned to students shall be interdisciplinary and shall be assessed independent of other subjects.
- 2.2 Project work will comprise any task assigned to students by the department in the form of practical work and/or studio work to be carried out in groups. Assessment criteria will be as seen in the Table 2.1

- 2.3 For the purpose of continuous assessment, there shall be at least two interim oral presentations in each semester where semester project has been prescribed.
- 2.4 Continuous assessment marks shall be derived from group presentation involving all the group members giving a maximum score of 40%. In arriving at the 40% for continuous assessment, group participation shall account for 10% and oral examinations to individuals shall account 30%. The format of interim oral presentation is indicated in Table 2.1.

- 2.11 For the purpose of deriving the 40% indicated for the University Final Written works shall be awarded as indicated in Table 2.4. Two assessors shall assess the written work and shall submit to the assessment panel the awarded marks in the format given in Table 2.4 soon after the group presentation. Written work marks for the group shall be discussed by the panel and decided immediately after presentation.
- 2.12 A student who fails in Project Work shall repeat the Project Work in the respective semester of the following academic year
- 2.13 A candidate who fails a repeated Project Work within the specified time without compelling reasons shall be considered to have absconded and hence be discontinued from studies.

3.0 Industrial Training

- 3.1 Assessment of Industrial Training shall be based on the following three attributes:
- Student logbook verified and assessed by training officer of the organization training the student.
 - Training certificate signed and stamped by the training officer.
 - Arrival note to be received by the department within four (4) weeks from the date of starting the IT.
 - Report by internal (University) supervisor.
 - Student final written report.
 - Oral presentation by the student.
- 3.2 A student who fails to submit any one or more of the documents mentioned in 3.1 a, b, c and e within the time stipulated in the university regulations without compelling reasons shall be deemed to have absconded the Industrial Training course and shall be discontinued from studies.
- 3.3 The assessment of Industrial Training is made by aggregating marks as shown in the Table 3.1.

4.0 Dissertation

- 4.1 Each year IV Semester II student shall be required to submit a dissertation based on an independent study carried out during their final year. Dissertations shall be written in Semester II under supervision of a Supervisor to be recommended by the Department within two weeks from the beginning of the year IV Semester I.

- 4.2 Assessment shall be made through interim oral presentations, final oral presentation and written semester project.
- 4.3 Students are required to submit and present their dissertation proposals for preliminary assessment not later than final week of Semester I.
- 4.4 Students shall be required to present their dissertation proposal for final approval by the department within the first two weeks of Semester II.
- 4.5 For the purpose of continuous assessment, there shall be two oral presentations
- 4.6 Continuous assessment shall account for 20% and University Dissertation Examination comprising an oral presentation and examination of the dissertation report shall account for 80%.
- 4.7 For the purpose of deriving the 20% for the continuous assessment oral presentation, the format will be as indicated in Table 4.1

**A) POSTGRADUATE GENERAL EXAMINATION
REGULATIONS – UNIT SYSTEM**

POSTGRADUATE GENERAL EXAMINATION REGULATIONS - UNIT SYSTEM

In addition to the General University Examination Regulations the following Regulations shall also apply to Postgraduate Diploma, Masters and PhD programmes.

1. Postgraduate Diploma

- 1.1 The Postgraduate Diploma Programmes shall involve full-time day programmes mode, full-time evening programmes mode; and modular programmes mode (part-time day and evening Programmes).
- 1.2 Candidates for the full-time day programmes mode are expected to complete their programmes within two semesters. Candidates for the modular mode (part-time) day or evening programmes are expected to complete their programmes within three semesters. The unit system shall be used to gauge the workload involved. One unit shall be equivalent to 15 hours of lectures of 30-45 hours of project
- 1.3 The maximum time for which student may remain registered as a Postgraduate Diploma student shall be two years.
- 1.4 A candidate admitted to a Postgraduate Diploma programme must complete all courses prescribed by the respective department in order to qualify for the award of the Postgraduate Diploma.
- 1.5 A candidate may be advised by his/her department to take prerequisite undergraduate courses which shall not be examinable and shall not contribute to the Postgraduate Diploma award.
- 1.6 Passing a course shall mean scoring at least a B grade, which shall combine both University Examination at the end of each semester. Continuous Assessment for theoretical courses shall account for 40% while the University examination shall account for 60%.
- 1.7 Courses will be assessed and grades awarded within the semester in which they are completed.
- 1.8 The Department shall prescribe guidelines for Continuous Assessment. Such guidelines shall be approved by School Boards.
- 1.10 A candidate whose overall GPA is 2.7 or above but has failed one or more courses, shall be required to sit for a supplementary examination in the failed course(s). Supplementary examinations shall be conducted after the release of the results of the second semester examination in the academic year.
- 1.11 A candidate whose overall GPA is below 2.7 shall be discontinued from the programme.
- 1.12 The maximum attainable grade in a supplementary examination shall be a B grade.
- 1.13 A candidate who fails in more than one supplementary examination shall be discontinued from the programme.
- 1.14 A candidate who repeats a course and fails in the first examination sitting shall be allowed to supplement the failed course, and if the candidate fails the supplementary examination, he/she shall be discontinued from studies forthwith.
- 1.15 A candidate in consultation with his/her supervisor shall formulate a project final paper proposal.
- 1.16 A candidate is required to make oral presentations of the proposal to the Department's Postgraduate Committee for endorsement and approval. Such presentations shall not be graded.
- 1.17 The Postgraduate Diploma award shall not be classified.
- 1.18 Assessment of the Project final paper should be as per school regulations.

2. Masters (By Coursework and Dissertation)

- 2.1 The Programme will comprise full-time and part-time students. Full-time students shall complete their course work within the first two semesters of enrolment. Part-time candidates shall complete their coursework within the first three semesters of enrolment.

- 2.2 The Master's Programme shall involve the full-time day programmes mode; full-time evening programmes mode; and modular programmes mode (part-time, day or evening programmes).
- 2.3 The unit system shall be used to gauge the workload involved. One unit shall be equivalent to 15-hour lectures or 30-45 hours of dissertation.
- 2.4 The maximum time for which student may remain registered as a Masters student shall be three years for full-time students and four years for part-time students.
- 2.5 A candidate admitted to a Master's programme must complete all courses prescribed by the department in order to qualify for the award of the Master's Degree. Departments shall provide a list of electives to be taken in any semester.
- 2.6 A candidate may be advised by his/her department to take prerequisite undergraduate courses which shall not contribute to the Master's Degree award.
- 2.7 Passing a course shall mean scoring at least a "B" grade which shall combine both Continuous Assessment and University Examination at the end of each semester. Continuous Assessment shall account for 40%, while the University Examinations shall account for 60%.
- 2.8 Departments shall prescribe guidelines for continuous Assessment. Such guidelines shall be approved by the School Board.
- 2.9 A candidate whose overall GPA is 2.7 or above but has failed one or more courses, shall be required to sit for a supplementary examination in the failed course(s). Supplementary examinations shall be conducted after the release of the results of the second semester examination in the academic year.
- 2.10 A candidate whose overall GPA is below 2.7 shall be discontinued from the programme.
- 2.11 The maximum attainable grade in a supplementary examination or resubmission of a dissertation shall be a "B" grade.
- 2.12 A candidate who fails in any supplementary examination and has a GPA of 3.0 or above may be allowed to repeat failed courses but shall not be allowed to proceed to Dissertation phase.
- 2.13 A candidate, who fails in only one supplementary examination, shall be allowed to repeat the failed course.
- 2.14 A candidate who repeats a course and fails in the first sitting examination shall be allowed to supplement the failed course, and if the candidate fails the supplementary examination, he/she shall be discontinued forthwith.
- 2.15 A candidate in consultation with his/her supervisor shall formulate a dissertation research proposal. The supervisor shall approve the proposal subject to the endorsement of the Department's Postgraduate Committee.
 - (i) A candidate is required to make oral presentation(s) of the proposal to the Department's Postgraduate Committee. Such presentation(s) shall not be graded.
 - (ii) Continuous assessment in dissertation shall comprise at least two oral presentations. The Department shall prescribe the time and mode of assessment.
- 2.16 Every dissertation shall be assessed by at least two examiners appointed by the School Board and approved by the SENATE as follows:
 - (i) The Supervisor who will act as an Internal Examiner,
 - (ii) An External examiner appointed from outside the University
- 2.17 The passing grade for a dissertation shall be a "B" or higher. A candidate scoring below a "B" grade shall be allowed to re-submit the failed dissertation within a period specified in the University General Regulations and Guidelines for Postgraduate Study Programmes.
- 2.18 A candidate failing in the re-submission may be allowed another re-submission of the dissertation at the discretion of the Senate, and the Senate shall prescribe the time for such re-submission.

3. Masters (By Thesis)

- 3.1 The registration period for the programme shall normally be 24 months for full-time students and up to 36 months for part-time students.
- 3.2 Enrolment for the programme shall be at any time in the academic year.

- 3.3 Having satisfied the admission criteria for Master's degree by thesis candidates will have to observe the following procedures:
- a) A candidate shall submit a two-page statement of the intended research topic (ARU/PG.F3) to the Postgraduate Committee, as appropriate. On the basis of his/her statement, the School shall assign supervisor(s) to the candidate, and the candidate's studentship commences thereafter.
 - b) The maximum time for which student may remain registered as a Masters student shall not exceed three and a half years. Candidates shall pay extension fee as specified in the University General Regulations and Guidelines for Postgraduate Study programmes for each monthly extended beyond the 24 months. Extension fees shall be paid in a span of three months and no extension shall be granted after the third extension.
- 3.4 A candidate registered for a Master's degree program by thesis may, on recommendations of the School Board, be required to do one or more undergraduate course appropriate to their field of study.
- 3.5 Candidates will undertake the programme under the guidance of their supervisors in accordance with standing Regulations and Guidelines of Postgraduate Studies of the Ardhi University.
- 3.6 A candidate failing in the re-submission may be allowed another re-submission of the thesis at the discretion of the Senate, and Senate shall prescribe the time for such re-submission.
- 3.7 Submission of the thesis and oral Examination (Viva Voce) shall follow the Ardhi University General Regulations and Guidelines for Postgraduate Study Programmes.
- 3.8 The Master's Degree award shall not be classified.

4. PhD

- 4.1 The registration period for the programme shall normally be 3 years for full-time students and up to 5 years for part-time students.
- 4.2 The maximum time for which student may remain registered as a PhD student shall not exceed 5 years for full-time student and 7 years for part-time student.
- 4.3 Enrolment for the programme shall be at any time in the academic year.
- 4.4 The assessment of PhD thesis will be conducted as per ARU General Regulation and Guidelines for Postgraduate Study Programmes.

**B) POSTGRADUATE GENERAL EXAMINATION
REGULATIONS - CREDIT SYSTEM**

POSTGRADUATE GENERAL EXAMINATION REGULATIONS–CREDIT SYSTEM

In addition to the General University Examination Regulations, the following Regulations shall also apply to Master's and PhD programmes

1 Maximum registration period

- 1.1 The maximum time for which a student may remain registered as a Master's by coursework and dissertation student shall be three years for full-time students, four years for part-time students and Five years for executive programmes/modular students.
- 1.2 The maximum time for which a student may remain registered as a Master's student by thesis shall not exceed four years for full time students and five years for part time students.
- 1.3 A candidate who fails to complete the study programme within the maximum period of registration shall be discontinued from studies.
- 1.4 Registration for both the programme and courses shall take place during the first two weeks of each semester making up the duration of the programme. A student who exceeds the three/four semester duration of the programme without completing his/her studies shall be required to seek for extension of a study period.
- 1.5 Candidates shall pay extension fees for Postgraduate Study programmes for each month extended beyond normal registration period. Extension fees shall be paid in a span of three months and no extension shall be granted after the third extension. Details of the fees are as specified in the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020).
- 1.6 The conduct of Joint or Double Degree Programmes shall be based on the joint agreement between ARU and the participating institutions.
- 1.7 No candidate shall be allowed to proceed to the dissertation phase before fulfilling all coursework requirements i.e., all taught/practical courses as prescribed in the respective curriculum.
- 1.8 The draft thesis shall be reviewed by at least two reviewers before the final examination of the thesis.
- 1.9 There shall be a viva voce examination for all postgraduate programmes.
- 1.10 All postgraduate dissertations/thesis shall be checked for plagiarism before they are accepted. Dissertations/Theses exceeding 25% similarity shall be rejected.
- 1.11 The viva voce examination shall take place only after the School and Senate have been satisfied that the dissertation submitted by the candidate is considered by the examiners to be satisfactory.

2.0 Master's (By Coursework and Dissertation)

- 2.1 Master's by Coursework and Dissertation Programmes can be full-time or part-time. Full-time students shall complete their course work within twelve months from the date of enrolment. Part-time candidates shall complete their coursework within eighteen months. The dissertation shall take six months.
- 2.2 The Master's Programme shall involve full-time day programmes mode; full-time evening programmes mode; and modular programmes mode (part-time, day or evening programmes) or modular executive programme.
- 2.3 Modular executive programmes shall take three years. Coursework for modular programmes shall be completed within twenty-four Months and dissertations shall take twelve months.
- 2.4 The credit system shall be used to gauge the workload involved. One credit shall be equivalent to 10 notional hours for both lectures and dissertation.
- 2.5 A candidate in a Master's by coursework and dissertation degree programme shall be required to make at least two seminar presentations, one during the proposal writing stage and the other during research stage before examination or submission of dissertation. The Schools/ Institute shall prescribe assessment mode of the seminars.

- 2.6 A candidate admitted to a Master's programme must register and complete all courses prescribed by the department in order to qualify for the award of the Master's Degree. Departments shall provide a list of electives to be taken in any semester.
- 2.7 Continuous Assessment shall comprise tests, report(s) from field attachment, assessed group work(s), oral presentation(s) or individual reviews of scholarly work(s) (i.e. books, papers in peer reviewed journals or research reports).
- 2.8 Continuous Assessment for taught courses shall account for 40%, while the University Examinations shall constitute 60% of the total marks awarded to a course.
- 2.9 The University Examination shall comprise written examination, timed test(s), take-home assignment(s), and oral examination or seminar presentations and papers.
- 2.10 The assessment of the Dissertation shall constitute a Continuous Assessment (CA) and University Examination.
 - a) The Continuous Assessment shall be derived from seminar papers/presentations which shall account for 30% of the total dissertation marks.
 - b) The University Examination Assessment shall be derived from dissertation report examination and viva voce examination which shall account for 70% (49% and 21%, respectively) of the total dissertation marks.
- 2.11 A Dissertation may be passed subject to corrections. Any dissertation which is passed subject to corrections shall be considered to be completed only when the errors/mistakes/shortfalls pointed out by the examiner(s) have been corrected to the satisfaction of the Department and two hard bound copies of the dissertation submitted to the Department.
- 2.12 Failure by the student to submit the corrected version within the period prescribed in the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020) without compelling reasons shall be deemed to have absconded and hence discontinued from studies.
- 2.13 A candidate may be required by his/her department to take some undergraduate courses which shall not contribute to the Master's Degree award.
- 2.14 A candidate whose overall GPA is 2.7 or above but has failed one or more courses, shall be required to sit for a supplementary examination in the failed course(s). This regulation shall not apply to courses which cannot be supplemented.
- 2.15 Supplementary examinations shall be conducted after the Senate approval of the results of the academic year examination as per University Almanac.
- 2.16 A candidate whose overall GPA is below 2.7 shall be discontinued from the programme.
- 2.17 The maximum attainable grade in a supplementary examination or resubmission of a dissertation shall be a "B" grade.
- 2.18 A candidate who fails in any supplementary examination and has a GPA of 3.0 or above may be allowed to repeat failed courses but shall not be allowed to proceed to Dissertation phase.
- 2.19 A candidate who repeats a course and fails in the first sitting examination shall be allowed to supplement the failed course, and if the candidate fails the supplementary examination, he/she shall be discontinued forthwith.
- 2.20 A candidate in consultation with his/her supervisor shall formulate a dissertation research proposal. The proposal shall be approved by the School/Institute Board.
 - i) A candidate is required to make oral presentation(s) of the proposal to the Departmental Higher Degrees Research and Publications Committee.
 - ii) A candidate shall address all comments from the SHDRPC and submit the same to the Head of Department for endorsement for onward submission to School/Institute Board.
- 2.21 Every dissertation shall be assessed by at least two independent examiners appointed by the School Board and approved by the Senate as follows:
 - a) An independent internal examiner who is not a student's supervisor;
 - b) An External examiner appointed from outside the University.
 The final examination shall include an oral presentation to a panel of at least three examiners including an external examiner or his/her representative.
- 2.22 For a candidate in a Master's by Coursework and Dissertation programme to qualify for an award, a minimum of 180 credits shall be required, which shall be accumulated from

at least two semesters with 120 credits and the dissertation shall have a minimum of 60 credits and for a programme with more than three semesters, a multiple of 60 credits per semester shall apply.

- 2.23 The examination of the dissertation shall be awarded marks and graded; hence the final award of the candidate shall have a GPA value and/or a Grade.
- 2.24 For a candidate to qualify for an award of Master's degree by Coursework and Dissertation, he/she shall produce at least one published article or draft paper manuscript based on his/her research results intended for submission in peer-reviewed journal, the journal being acceptable or recognizable by Ardhi University.
- 2.25 The publishable manuscript shall be submitted and examined together with the dissertation.
- 2.26 Submission of published article from the dissertation in a journal recognized by ARU shall not be examined.
- 2.27 The passing grade for a dissertation shall be a "B" or higher. A candidate scoring below a "B" grade shall be allowed to re-submit the failed dissertation within a period specified in the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020)
- 2.28 A candidate failing in the re-submission may be allowed another re-submission of the dissertation at the discretion of the Senate, and the Senate shall prescribe the time for such re-submission.
- 2.29 A candidate who fails to complete the study programme within the maximum period of registration shall be discontinued from studies.
- 2.30 Master's by Coursework and dissertation students shall make a final presentation to the Departmental Higher Degrees Research and Publications Committee before the theses are submitted for examinations. The committee must satisfy itself that the work is to the standard of been sent to examiners.

3.0 Master's (By Thesis)

- 3.1 The registration period for the programme shall normally be 24 months for full-time students and up to 36 months for part-time students.
- 3.2 Enrolment for the programme shall be at any time in the academic year.
- 3.3 Having satisfied the admission criteria for Master's degree by thesis, candidates shall submit a two-page statement of the intended research topic (Concept note) to the Departmental Higher Degrees, Research and Publications Committee, as appropriate. On the basis of his/her statement, the School shall assign supervisor(s) to the candidate, and the candidate's studentship commences thereafter.
- 3.4 Master's by thesis students may be required to take compulsory courses that impart knowledge and skills on conduct of research and dissemination of findings.
- 3.5 Candidates will undertake the programme under the guidance of their supervisors in accordance with standing Regulations and the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020).
- 3.6 A candidate in a Master's by thesis programme shall be required to make at least three seminar presentations, one during the proposal writing stage and the other two during the research stage before examination. The Department must satisfy itself that the thesis is of the acceptable standards before it is sent to examiners.
- 3.7 A Master's by thesis student shall be required to have his/her proposal approved by the Senate within a maximum period of six months. A student who fails to have his proposal approved shall be deemed to have absconded and shall be discontinued from studies.
- 3.8 Theses shall be graded as described in the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020).
- 3.9 Master's students by thesis shall be required to produce two manuscripts with at least one accepted for publication in journals recognized by ARU prior to examination. The publication must emanate from his/her master's research work.
- 3.10 The final examination shall include a viva voce session composed of a panel of at least five examiners including one external to the University or their representatives.
- 3.11 All theses/dissertations shall be subjected to plagiarism check using a software which ARU has use license:

- a) The guidelines on the allowed overlap shall not exceed 25%;
- b) If the overlap exceeds 25% the student will be discontinued from studies.
- 3.12 At least one independent internal examiner and one external examiner to the University shall examine the thesis.
- 3.13 The final examination shall include an oral presentation to a panel of at least three examiners including an external examiner or his/her representative.
- 3.14 If a Thesis that is not accepted but may be resubmitted subject to fulfilment of additional requirements by the examiner(s) shall be resubmitted within six (6) months since Senate approval of the results.
- 3.15 A candidate failing in the re-submission may be allowed another re-submission of the thesis at the discretion of the Senate, and Senate shall prescribe the time for such re-submission.
- 3.16 For a candidate to qualify for an award of a Master's by research and thesis degree he/she shall accumulate a minimum of 240 credits. Distribution of credits shall be as prescribed by School/ Institute regulations.
- 3.17 ARU credit transfer guidelines shall apply to students intending to transfer their credits.

4.0 PhD

4.1 Registration

- 4.1.1 The maximum time for which a PhD by thesis student may remain registered as a PhD student shall not exceed five years for full-time student and seven years for part-time student.
- 4.1.2 The maximum time for which a PhD by coursework and dissertation student may remain registered as a PhD student shall not exceed six years for full-time student and seven years for part time students.
- 4.1.3 PhD students (both by Thesis and by Course work and Dissertation) shall be required to have their research proposals approved by the Senate within a maximum period of six months or more as approved by the Senate from the date of registration. The students may for compelling reasons apply for extension not exceeding three months. A student who fails to have his/her proposal approved by the Senate within a period of six months for no compelling reasons shall be deemed to have failed and shall be discontinued from studies.

4.2 PhD by Coursework and Dissertation

4.2.1 Coursework

- 4.2.1.1 A candidate whose overall GPA is 2.7 or above but has failed one or more courses, shall be required to sit for a supplementary examination in the failed course(s). Supplementary examinations shall be conducted after the release of the results of the second semester examination in the academic year.
- 4.2.1.2 A candidate whose overall GPA is below 2.7 shall be discontinued from the programme.
- 4.2.1.3 The coursework will be offered during the first four semesters. This shall consist of core, specialized and elective courses that shall add up to a minimum of 240 credits. Part-time candidates have to complete their coursework before they are given part-time status.
- 4.2.1.4 Passing a course shall mean scoring at least a B grade; and the grade combines both Continuous Assessment and University Examinations.
- 4.2.1.5 Each PhD candidate shall be required to prepare, present and produce two semester papers or reports in any two courses offered in a semester as shall be prescribed by the respective Department in consultation with the Supervisors.
- 4.2.1.6 The University Examination shall comprise written examination, timed take-home assignments, oral examination or seminar presentations.
- 4.2.1.7 A PhD candidate shall be required to complete and pass all the prescribed courses before he/she submits and defends his/her dissertation.

4.3 PhD Dissertation and Write-up

- 4.3.1 There shall be a dissertation report which shall consist of 300 credits.
- 4.3.2 A candidate in consultation with his/her supervisors shall prepare a concept note; outlining the problem or issue to be pursued, including the underlying conceptual, theoretical and methodological approaches; and presents it to the relevant Department. Once the concept note is endorsed by the respective Department/School organs and approved by School Higher Degrees Research and Publications Committee, the candidate will be required to develop a comprehensive research proposal.
- 4.3.3 On the basis of the approved concept note, the School/Institute shall appoint two supervisors to supervise the candidate.
- 4.3.4 Supervisors shall scrutinize and endorse the draft dissertation proposals before they are submitted to the Departments' and Schools' Higher Degree Research and Publication Committees for endorsement; and finally, to Senate Higher Degrees Research and Publications Committee for further review and approval.
- 4.3.5 A PhD candidate shall be required to present at least one seminar based on his/her dissertation every six months, to the Departmental Higher Degrees, Research and Publications Committee.
- 4.3.6 A PhD dissertation may be produced either as a monograph or a compilation of papers. A PhD candidate opting for monograph shall be required to produce a written report comprising several interlinked chapters that include: Introduction, Literature Review, Methodology, Conceptual and Theoretical Framework, Results, Discussion, and Conclusion and Recommendations. Elaborate guidelines for monograph type of dissertations are provided for in the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020). Section 4.4.9 also applies for students who have opted for PhD by Monograph.
 - a) PhD candidates opting for dissertation by compilation of published papers shall:
 - i) Be required to produce at least three papers emanating from his/her PhD work. At least one paper shall be published and two accepted. The candidate must be the lead author in the three papers published;
 - ii) Ensure that the three papers have been published or accepted for publication in an international journal recognized by ARU. At least one paper must be published/ accepted in a journal with an Impact Factor (ISI) all recognized by the Web of Science. The papers must be published in at least two different journals;
 - iii) The dissertation by published papers shall in addition to the three papers present an elaborate Introductory Chapter that articulates and synthesise key issues presented in the (three) papers. The Chapter shall cover key issues which relate to the methodological, empirical, conceptual and theoretical premises of the three papers. The Chapter shall also present commonalities and or divergences (if any) of the concepts presented in the papers and the implications of the findings. This Chapter ought therefore to strive to lift and raise scholarly debate beyond the arguments presented in the papers; and,
 - b) Examination of PhD dissertation shall be open to public, and conducted in accordance with the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020)

4.4 PhD by Thesis

- 4.4.1 The registration period for the programme shall normally be 3 years for full-time students and up to 5 years for part-time students.
- 4.4.2 Enrolment for the programme shall be at any time in the academic year.
- 4.4.3 The assessment of PhD thesis will be conducted as per the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020).
- 4.4.4 Students may be required to take courses that impart knowledge and skills on conduct of research and dissemination.
- 4.4.5 A candidate in a PhD by Thesis degree programme shall be required to make at least one seminar presentation after every six months.

- 4.4.6 At least one independent internal examiner and two examiners external to the University shall examine the thesis.
- 4.4.7 The final examination shall include a viva voce session composed of a panel of at least five examiners including two examiners external to the University or their representatives.
- 4.4.8 For a candidate to qualify for the PhD award shall accumulate a minimum of six semesters with 540 credits
- 4.4.9 PhD by thesis submitted as a monograph shall be accepted for examination after having at least one published paper and at least two accepted manuscripts in a peer reviewed journal based on research and the journal should be acceptable or recognizable by the University.
- 4.4.10 The PhD Thesis/dissertation may be submitted either as a single monograph or journal papers. PhD by papers shall be governed by the following conditions:
 - (a) The candidate shall submit at least 3 journal papers with introduction and conclusion chapters;
 - (b) The journal papers must be recognized by the University;
 - (c) The candidate must be the principal author in all journal papers submitted for the award of a PhD degree. The approved supervisors shall be co-authors.
- 4.4.11 PhD by thesis student shall make a final presentation to the Departmental Higher Degrees Research and Publications Committee before the thesis is submitted for examinations. The committee must satisfy itself that the work is to the standard of being sent to examiners

4.5 Transfer of students

- 4.5.1 ARU shall allow a postgraduate student to transfer to another University or to join ARU based on transfer arrangements mutually agreed between the sending and ARU and certified by the TCU.
- 4.5.2 A transfer of a postgraduate student shall take into consideration availability of positions at ARU of needed training resources, academic support and supervision capacity.
- 4.5.3 A supervisor of a postgraduate student transferring to ARU can transfer his/her supervisor(s) to ARU upon approval of ARU Senate.
- 4.5.4 Students transfer shall be guided by ARU Credit Transfer Guidelines.

4.6 Viva Voce for PhD students

- 4.6.1 ARU shall ensure that each PhD candidate in the University shall appear for a viva voce examination in addition to writing a thesis as part of the assessment of the PhD thesis and to validate and authenticate the candidate's work.
- 4.6.2 The viva voce examination shall take place only after the School/Institute Board handling postgraduate studies and Senate have been satisfied that the thesis submitted by the candidate is considered by the examiners to be of acceptable standard.
- 4.6.3 For double or joint degree programmes, the conduct of viva voce shall take place based on the joint agreement between the participating universities.
- 4.6.4 The members of the viva voce panel shall be so selected as to ensure that sufficiently qualified and experienced scholars in the research or related area examine the candidate.
- 4.6.5 The viva voce examination shall comprise of at least five but not exceeding seven examiners (panel members) who are experts in the relevant field of the Thesis appointed by the Senate through the relevant College /School /Institute Board and the Board of the relevant academic unit handling postgraduate studies and shall be constituted as follows:
 - a) Chairperson with voting power who shall also be the representative of the Principal/Dean/Director;
 - b) External Examiner who examined the thesis or his/her representative;
 - c) Internal Examiner
 - d) Research Supervisor who supervised the student; and,
 - e) Head of Department where the candidate is registered or his/her Appointee.

- 4.6.6 The Chairperson of the viva voce panel shall be a senior academician.
- 4.6.7 Where the panellists are unable to reach a unanimous agreement as to whether the candidate passes or fails, a vote shall be taken to arrive at a decision and a majority vote in favour of passing the candidate shall be required for passing a viva voce examination.
- 4.6.8 The number of viva voce panellists should be odd.
- 4.6.9 The duration of the viva voce examination shall not exceed three hours arranged in the following order: (a) maximum of 45 minutes of an oral presentation; (b) maximum of 1 hour and 45 Minutes of questions and answers; and (c) maximum of 30 minutes of deliberations.
- 4.6.10 A viva voce examination shall be open to the general public but non-members of the viva voce panel shall be just observers.

4.7 Credit Transfer

- 4.7.1 All candidates aspiring to transfer credits shall be required to follow the ARU Guidelines and Procedures for Credit Accumulation and Transfer and Tanzania Commission for Universities (TCU) University Qualification Framework.
- 4.7.2 The School/Institute shall assess the credit value of courses that are transferrable to ARU and accordingly recommend for endorsement/approval by the University organs as appropriate.

SCHOOLS POSTGRADUATE EXAMINATION REGULATIONS

**A) EXAMINATION REGULATIONS FOR
POSTGRADUATE PROGRAMMES IN THE SCHOOL
OF ARCHITECTURE, CONSTRUCTION
ECONOMICS AND MANAGEMENT - UNIT SYSTEM**

Examination Regulations for Postgraduate Programmes in the School of Architecture, Construction Economics and Management–Unit System

In addition to the University General Examination Regulations, General Postgraduate Regulations, and General Regulations and Guidelines for Postgraduate Study programmes of Ardhi University the following Regulations shall apply for Postgraduate programmes in the School of Architecture, Construction Economics and Management.

A. School regulations for the programmes of Postgraduate Diploma in Architecture, Master in Architecture and PhD in Architecture

1. Postgraduate Diploma in Architecture

- 1.1 Students who are admitted to the Postgraduate Diploma in Architecture must complete all the prescribed courses, which add up to 34 course units.
- 1.2 Completing a course shall mean scoring at least B grade, which combines continuous assessment and University examination at the end of each semester. Continuous assessment in theoretical subjects shall account for 40%, while the University examination accounts for 60%. Design studio and Final projects shall be assessed through three interim presentations on a continuous basis and at the final presentation (University Examination). The continuous assessment shall make up 40% and 60% for the final presentation (University Examinations).
- 1.3 Each student in consultation with the supervisor shall carry out a Final Project.
- 1.4 The Department postgraduate committee shall evaluate and approve the candidate's final project proposal. Assessment criteria are as shown in Tables 1.1 and 1.2.
- 1.5 There shall be no transfer of grades from Postgraduate Diploma in Architecture to Masters of Architecture.

2. Masters' Degree in Architecture (Coursework and Dissertation)

2.1 Students who are admitted to the M. Arch. Programme must complete all the prescribed courses, which amount to 40 units.

2.2 Courses shall be assessed and grades awarded within the semester in which they are completed.

2.3 Completing a course shall mean scoring at least B grade. Course work in subjects other than studio projects shall include two tests and two assignments in each course in each semester. Course work assessment through continuous assessment shall make up 40% while final examination makes up 60% of the final grade in that course. Design studio and Dissertation shall be assessed through three interim presentations on a continuous assessment shall make up 40% and 60% for the final presentation (University Examination). Studio assessment shall be made up of continuous assessment 40% and final presentation 60%. Assessment criteria are as shown in tables 2.1-2.5

2.4 No student shall be allowed to supplement Design Studio Project.

2.5 Student who fails design studio subject shall be discontinued.

2.6 Students must score GPA of at least 3.0 in order to proceed to dissertation stage.

4. Ph.D in Architecture (By Thesis)

The assessment of Ph.D. Thesis shall be conducted as per ARU General Regulations and Guidelines for postgraduate study programmes.

B. School regulations for the programmes of Postgraduate Diploma in Construction Economics and Management, and Master of Science in Construction Economics and Management

1. Postgraduate Diploma in Construction Economics and Management

- 1.1 Students, who are admitted to the Postgraduate Diploma in Construction Economics and Management, must complete all the prescribed courses.
- 1.2 Each student in consultation with the supervisor shall carry out a Postgraduate Diploma Final Paper.
- 1.3 The Department shall evaluate and approve the candidate's final paper proposal.
- 1.4 The PGD-Final Paper shall be assessed through final oral presentation and written work although there shall be consultations on a continuous basis. The final oral presentation shall make up 40% while the written work accounts for 60%.
- 1.5 Each student shall submit a written FINAL PAPER to be examined by the department in the 15th week of semester II of the relevant academic year. The assessment of final oral presentation for Final Paper shall be based on criteria indicated in Table 1.1.

2. Master of Science in Construction Economics and Management

- 2.1 Students, who are admitted to the Master of Science in Construction Economics and Management, must complete all the prescribed courses.
- 2.2 Courses will be assessed and grades awarded within the semester in which they are completed. Each subject master shall provide course programme at the beginning of each course.
- 2.3 Completing a course shall mean scoring at least B grade, which combines continuous assessment and University examination at the end of each semester. Continuous assessment in theoretical subjects shall account for 40%, while the University examination accounts for 60%.
- 2.4 Each student in consultation with the supervisor shall carry out a MSc. Dissertation
- 2.5 The Department shall evaluate, approve and examine the candidate's dissertation proposal.
- 2.6 The MSc. Dissertation shall be assessed in three interim oral presentations and written work. The three interim oral presentations shall contribute a total mark of 40% while the written work shall contribute 60%. The three interim oral presentations shall be made programmed from time to time by the department.
- 2.7 The assessment of first, second and third interim oral presentation for dissertation shall be based on criteria indicated in Table 2.1, 2.2 and 2.3 respectively.

**B) EXAMINATION REGULATIONS FOR
POSTGRADUATE PROGRAMMES IN THE SCHOOL
OF ARCHITECTURE, CONSTRUCTION
ECONOMICS AND MANAGEMENT - CREDIT
SYSTEM**

Examination Regulations for Postgraduate Programmes in the School of Architecture, Construction Economics and Management–Credit System

In addition to the General University Examination Regulations and Postgraduate Examinations Regulations, the following regulations shall apply to the Postgraduate programmes which include Master's and PhD programmes in the School of Architecture, Construction Economics and Management.

A MASTER OF ARCHITECTURE, PHD IN ARCHITECTURE AND PHD IN URBAN DESIGN

1.0 Master of Architecture

- 1.1 Students who are admitted to the M. Arch. Programme must complete all prescribed courses, which amount to 204 credits.
- 1.2. Courses shall be assessed and grades awarded within the semester in which they are completed.
- 1.3 Completing a course shall mean scoring at least B grade. Course work in subjects other than studio projects shall include two tests and two assignments in each course in each semester. Course work assessment through continuous assessment shall make up 40% while final examination makes up 60% of the final grade in that course. Design studio and Dissertation shall be assessed through three interim presentations (continuous assessment). Studio assessment shall make up 40% and 60% for the final presentation (University Examination). Studio assessment shall be made up of continuous assessment 40% and final presentation 60%. Assessment criteria are as shown in Table 2.1-2.5.

2 Master of Architecture (By Thesis)

The assessment of Master's Degree in Architecture by Thesis shall be conducted as per General Postgraduate Examination Regulations and the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020).

3 **PhD in Urban Design by Coursework and Dissertation**

The assessment shall be guided by General Postgraduate Examination Regulations and the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020).

4 **PhD in Architecture (By Thesis)**

The assessment of PhD by thesis shall be conducted as per General Postgraduate Examination Regulations and the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020).

B EXAMINATION REGULATIONS FOR MASTER OF SCIENCE IN CONSTRUCTION ECONOMICS AND MANAGEMENT, MASTER'S IN PROJECT MANAGEMENT AND PhD

1.0 Master of Science in Construction Economics and Management

- 1.1 Students who are admitted to the Master of Science in Construction Economics and Management must complete all the prescribed courses which amount to 188 credits
- 1.2 Completing a course shall mean scoring at least B grade, which combines continuous assessment and University examination at the end of each semester. Continuous assessment in theoretical subjects shall account for 40%, while the University examination accounts for 60%.
- 1.3 Each second-year student of the programme shall be required to submit a dissertation proposal on the construction economics and management theme in Semester I and write a dissertation in Semester II.
- 1.4 Assessment is made through final oral presentation and written dissertation work, where assessment for oral presentation will comprise 30% while the written work will comprise 70%, and the format will be as indicated in Table 2.1.

**A) EXAMINATION REGULATIONS FOR
POSTGRADUATE PROGRAMMES IN THE SCHOOL
OF SPATIAL PLANNING AND SOCIAL SCIENCES -
UNIT SYSTEM**

Examination Regulations for Postgraduate Programmes in the School of Spatial Planning and Social Sciences–Unit System

In addition to the University General Examination Regulations, General Postgraduate Regulations and General Regulations and Guidelines for Postgraduate Study programmes of Ardhi University the following Regulations shall apply for Postgraduate programmes in the School of Urban and Regional Planning.

Post Graduate Diploma in Urban Planning and Management

- 1.1 Students, who are admitted to the Postgraduate Diploma in Urban Planning and Management, must complete all the prescribed courses, which add up to 32 course units.
- 1.2 Candidates may be allowed to take a maximum of 4 units of advanced (300 or 400 series) undergraduate courses, which can be counted towards the Postgraduate Diploma Programme. Such courses must not only be passed with at least B grade but must also be prescribed as being prerequisite for the regular Postgraduate Course and must not have been previously taken by the candidate. The additional courses will not be weighted for the final postgraduate diploma evaluation.
- 1.3 Courses will be assessed and grades awarded within the semester in which they are completed.
- 1.4 Completing a course shall mean scoring at least B grade, which combines continuous assessment and University examination at the end of each semester. Continuous assessment in theoretical subjects shall account for 40%, while the University examination accounts for 60%. Studio projects shall be assessed through presentations of outputs on a continuous basis and at the end of the project. The continuous assessment shall make for 60%, while the final presentation accounts for 40%. The course lecturer at the beginning of the course shall announce the form of continuous assessment, after endorsement by respective School.

1.5 Final Paper Regulations

- 1.4.1 In the Postgraduate Urban Planning and Management PGD (UPM) programme, each student shall prepare, write and submit a final paper in semester two on a chosen topic in urban planning and management.
- 1.4.2 Each PGD (UPM) student shall within the Second Semester, identify a topic and two supervisors to assist in writing a scientific paper.
- 1.4.3 Progress in Final Paper shall be assessed in three oral presentations as shall be organized by the Department. The three oral presentations shall contribute a total mark of 30% distributed equally while written Final Paper presentation shall contribute 70% (Table 1.1).
- 1.4.4 Criteria for assessing progress in final scientific paper shall be based on the criteria indicated in Table 1.2.
- 1.4.5 Each student must in the 15th week of Semester II submit three spiral-bound copies of the final paper to the Office of the Head of Department.

- 3.7.6 As per University Regulation 3.4, a candidate who has been barred from sitting for Dissertation I Examination shall NOT be allowed to proceed with Dissertation II course offered in the following semester.
- 3.7.7 The barred student shall arrange with the Dean of School for an improvement programme in Semester II for such candidate barred in Dissertation I.
- 3.7.8 Each student shall write DISSERTATION (Dissertation II) in Semester II of the MSc URPM programme.
- 3.7.9 Modalities for assessing Dissertation II of MSc URPM programme is via a viva voce.

Viva Voce Examinations for MSc URPM Programme

- 3.7.9.1 There shall be *viva voce* examination for MSc URPM. The Department of URP and School Board (URP) shall be responsible for the conduct and processing of all examinations results. The Senate Higher Degrees Research and Publication Committee (SHDRPC) shall provide oversight responsibilities and forward the results to the Senate for approval.
- 3.7.9.2 The *viva voce* examination shall take place only after the School and SHDRPC and Senate have been satisfied that the dissertation submitted by the candidate is considered by the examiners to be satisfactory.
- 3.7.9.3 The questions to be asked in the *viva voce* examination shall primarily focus on the candidate's dissertation research area. Questions in peripheral areas are also encouraged, if they help to establish the candidate's level of academic maturity on the dissertation subject matter.
- 3.7.9.4 The members of the *viva voce* panel shall be so selected as to ensure that sufficiently qualified and experienced scholars in the research or related area examine the candidate.
- 3.7.9.5 The *viva voce* examination panel for MSc URPM shall comprise five academics who shall be appointed by the SHDRPC on the recommendation by the School and the Head of Department where the candidate is registered. The *viva voce* panel shall be as follows:
- The School Dean or his/her nominee (Chairperson);
 - External Examiner (or his/her) representative, recommended by the School Dean;
 - Internal Examiner who assessed the dissertation;
 - The candidate's second supervisor (if applicable or appointee of the Dean);
 - Head of Department (or his/her appointee).
- 3.7.9.6 The Director of Postgraduate Studies, Research and Publication or his/her representative may attend the *viva voce* examination to guide panel members on the conduct of the examination.

- 3.7.9.7 The SHDRPC and Senate must approve the date of examination at least two weeks before the examination.
- 3.7.9.8 The time and place of the master's defence shall be, officially announced by the Director of Postgraduate Studies, Research and Publication or the School at least two (2) weeks before the scheduled oral defence.
- 3.7.9.9 The defence may be held only if:
- (i) The dissertation manuscript has been received by each member of the Master's Examination Panel at least one (1) week before the scheduled examination; and
 - (ii) All members of the Examination Panel are present. If the External Examiner is absent, she/he shall be required to send the comments to the Chair of the Panel who shall integrate these in the final report. If any other member is absent the defence shall be rescheduled.
- 3.7.9.10 The function of the *viva voce* shall be to ascertain that the dissertation presented fulfils the following criteria:
- (i) The dissertation is the original work of the candidate;
 - (ii) The broader subject area in which the study is based is fully grasped by the candidate;
 - (iii) Any weaknesses in the dissertation are adequately clarified by the candidate; and a definite recommendation is made to the SHDRPC whether the candidate should be declared as having passed or failed.
- 3.7.9.11 The *viva voce* panellists should, as far as possible, work towards arriving at a unanimous decision on the candidate's performance. Where the panellists are unable to reach a unanimous agreement as to whether the candidate passes or fails, a vote shall be taken to arrive at a decision. A majority vote shall be required for passing the *viva voce* examination.
- 3.7.9.12 At the end of the *viva voce* examination, the panel members shall sign viva voce Examination Results Form ARU/PG.F11 giving specific recommendations on the candidate's performance. This shall be submitted, along with a detailed report on how the candidate handled the questions, to the Chairperson of SHDRPC for further processing.
- 3.7.9.13 Where there is a disagreement between the recommendation of the dissertation examiners and *viva voce* examiners, the Senate's Higher Degrees Committee shall study the case and recommend to Senate one of the following options:
- (i) The candidate revises and re-submits the dissertation and subsequently re-appears for a further oral/written, or practical examination, within a specified period, but not exceeding 6 months since the date of the decision by Senate: or
 - (ii) The candidate is deemed to have failed outright.
- 3.7.9.14 The duration of the *viva voce* examination for (URPM) dissertation shall not exceed two hours:
- (i) 30 minutes of presentation;
 - (ii) 1 hour and 15 minutes of questions and answers;
 - (iii) 15 minutes of deliberations.
- 3.7.9.15 The final decision on the award of the higher degree shall be made by the Senate on the recommendation of the SHDRPC.
- 3.7.9.16 If the student fails the defence, he/she may submit himself/herself for a second defence. Failure to pass the second defence disqualifies the student from the master's programme. Furthermore, this disqualifies the student from being admitted into other master's programmes offered by the School.
- 3.7.9.17 Subsequent publications from a dissertation submitted for a Masters degree of the Ardhi University must contain a statement that the work is based on a dissertation submitted to the University.
- 3.7.9.18 **Appeals:** The General University Examination Regulations of ARU (2008/9) shall govern the conduct of appeals against the decision of the Senate pertaining to examination results. Such appeals must be lodged within the appropriate University authorities within six months from the date of approval of the results.

Submission of dissertation for degree award

- 3.7.9.18.1 The copies of the dissertation (4 copies for Masters) for initial submission should be in loosely bound form.
- 3.7.9.18.2 After satisfactorily completing all the corrections recommended by examiners seven (7) hard bound error free copies of dissertations shall be submitted as a requirement for graduation.
- 3.7.9.18.3 The seven bound copies of the approved dissertations shall be distributed as follows:
- (i) The original copy for the University Library (ARU);

- (ii) One copy for the Student;
- (iii) One copy for the Dortmund University of Technology;
- (iv) One copy for the host area/district where the study was conducted;
- (v) One copy for the National Library and;
- (vi) Two copies (one each) to the supervisors.
- (vii) Soft copies of the Masters dissertations in PDF format shall be submitted to ARU University and School Libraries.

**B) EXAMINATION REGULATIONS FOR
POSTGRADUATE PROGRAMMES IN THE SCHOOL
OF SPATIAL PLANNING AND SOCIAL SCIENCES -
CREDIT SYSTEM**

Examination Regulations for Postgraduate Programmes in the School of Spatial Planning and Social Sciences–Credit System

In addition to the General University Examination Regulations and Postgraduate Examinations Regulations, the following regulations shall apply to the Postgraduate programmes which include Master's and PhD programmes in the School of Spatial Planning and Social Sciences.

A. MASTER OF SCIENCE IN URBAN PLANNING AND MANAGEMENT

1.0 General Regulations

- 1.1 A minimum of 196 Credits shall be completed to satisfy the coursework requirement before proceeding to the dissertation phase.
- 1.2 Completing a course shall mean scoring at least B grade. Course work in courses other than Studio projects shall include two tests and two assignments in each course in each semester.
- 1.3 For the purpose of continuous assessment in all taught courses (except studio), there shall be a minimum of two Home works/Assignments and two Written Tests under examination conditions per semester.

Written tests shall carry a weight of 3 against a weight of 1 for assignments, all leading to an assessment of 40%.

- 1.4 Course Work for studio project shall constitute at least four (4) presentations and or report/paper submissions carried out during the period of 15 weeks of a semester. Studio assessment shall be made up of continuous assessment 60%.
- 1.5 The University Examination for theoretical courses shall carry a weight of 60% and 40% for studio.
- 1.6 No student shall be allowed to supplement Studio Project. Student(s) who fails in Studio Project shall be discontinued.

2.0 Dissertation Regulations

- 2.1 The Ardhi University General Postgraduate Guidelines for preparation of dissertation shall apply.
- 2.2 Each student in consultation with supervisor (s) shall formulate a Dissertation research proposal-(Research Methodology and Proposal Development) in Semester 2 of the programme.

Both students and supervisor shall sign a consultation form (Appendix One) every time they meet for consultation. A copy of the consultation form shall be submitted to the panel of examiners during each planned presentation.

- 2.3 Progress in dissertation proposal preparation shall be monitored through three marked oral presentations, which will constitute the continuous assessment for dissertation One. The criteria for marking are as provided by Table 1.1, Table 1.2. and Table 1.3

Table 1.1: Assessment Criteria for First Oral Presentation

- 2.7 A student who fails Research Methodology and Proposal Development shall be required to resubmit the proposal within three (3) months after approval of the results by the Senate. Failure to submit, the student shall be deemed to have absconded and shall be discontinued from studies.
- 2.8 Each student shall write Dissertation in semester I of the second year of the MSc. UPM programme. Assessment of dissertation shall comprise of course work and final examination.
- 2.9 For the purpose of continuous assessment, each candidate shall prepare and present two (2) seminar papers per semester, which are related to his/her dissertation work. Seminar papers shall be assessed and contribute 20% of the total dissertation marks.
- 2.10 Seminar papers shall be assessed by a panel of at least 4 internal examiners including supervisor(s) of the student. The assessment of seminar paper shall comprise of oral presentation and a written scientific paper.

- 2.11 The assessment sheet for the seminar paper presentation shall have the following format:

Marking Criteria	Maximum Marks	Marks Awarded
Clarity of the research issue	10	
Methodology	15	
Theoretical/conceptual framework	15	
Data analysis and interpretation	20	
Discussion of results	20	
Conclusions	10	
Response to Questions	10	

The marks for the written scientific seminar paper and oral presentation of the same shall be in the ratio of 4 to 1 of the 20%.

- 2.15 Students who are admitted to the M.Sc. UPM programme shall produce at least one manuscript for publication in a peer reviewed scientific journal prior to award of the degree.
- 2.16 A student who fails in Dissertation shall be allowed to resubmit the failed Dissertation subject to approval by the Senate.

B. MSC IN URBAN AND REGIONAL DEVELOPMENT PLANNING AND MANAGEMENT

MSc. in Urban and Regional Development Planning and Management (MSc. URPM) is a joint programme between University of Dortmund and Ardhi University. Its conduct is governed by a MoU and Joint Examinations Regulations between the two Universities.

3.0 General Regulations

- 3.1 Students who are admitted into the M.Sc. (URPM) programme must complete all the prescribed courses, which amount to 240 credits (at ARU and University of Dortmund).
- 3.2 Courses shall be assessed and grades awarded within the semester in which they are completed.
- 3.3 Completing a course shall mean scoring at least B grade. Course work in courses other than Studio Projects shall include two tests and two assignments in each course in each semester.
- 3.4 Continuous assessment shall make up 60% while final examination makes up 40% of the final grade in that course.
- 3.5 No student shall be allowed to supplement Studio Project. Student(s) who fails in Studio Project shall be discontinued.

4.0 Dissertation Regulations

- 4.1 Each student in consultation with the supervisor shall formulate a dissertation research proposal (Dissertation I) in Semester I of the programme at ARU and supervisors shall be appointed as per the University procedures.
- 4.2 The Department shall evaluate, approve and examine the candidate's Dissertation proposal (Dissertation I).
- 4.3 Progress in dissertation proposal preparation shall be monitored through regular presentations that are marked. Three marked oral presentations shall be programmed from time to time by the Department.

Continuous assessment of Dissertation I preparation shall carry 60% and submitted written proposal shall carry 40%.

- 4.4 Each student shall submit a complete DISSERTATION PROPOSAL (Dissertation I) to be approved and examined by the Department in the 15th week of Semester I. The criteria for assessing Dissertation I are provided in Tables, 3.1, Table 3.2, Table 3.3 and Table 3.4.

- 4.5 The barred student in Dissertation I shall arrange with the Head of Department for an improvement programme in Semester II.
- 4.6 Each student shall prepare a Dissertation (Dissertation II) in Semester II of the MSc URPM programme.
- 4.7 Modalities for assessing Dissertation II of MSc URPM programme is via a viva voce.

5.0 Viva Voce Examinations for MSc URPM Programme

- 5.1 There shall be viva voce examination for MSc URPM. The Department of URP and School Board shall be responsible for the conduct and processing of all examinations results. The Senate Higher Degrees Research and Publication Committee (SHDRPC) shall provide oversight responsibilities and forward the results to the Senate for approval.

- 5.2 The viva voce examination shall take place only after the School and SHDRPC and Senate have been satisfied that the dissertation submitted by the candidate is considered by the examiners to be satisfactory.
- 5.3 The questions to be asked in the viva voce examination shall primarily focus on the candidate's dissertation research area. Questions in peripheral areas are also encouraged, if they help to establish the candidate's level of academic maturity on the dissertation subject matter.
- 5.4 The members of the viva voce panel shall be so selected as to ensure that sufficiently qualified and experienced scholars in the research or related area examine the candidate.
- 5.5 The viva voce examination panel for MSc URPM shall comprise five academics who shall be appointed by the Senate on the recommendation by the School.

The viva voce panel shall be as follows:

- i) The School Dean or his/her nominee (Chairperson);
 - ii) External Examiner (or his/her) representative, recommended by the School Dean;
 - iii) Internal Examiner who assessed the dissertation;
 - iv) The candidate's second supervisor (if applicable or appointee of the Dean);
 - v) Head of Department (or his/her appointee);
 - vi) A secretary who shall not have voting rights.
- 5.6 The Director of Postgraduate Studies, Research and Publication or his/her representative may attend the viva voce examination to guide panel members on the conduct of the examination.
- 5.7 The time and place of the master's defence shall be, officially announced by the Director of Postgraduate Studies, Research and Publication or the School at least two (2) weeks before the scheduled oral defence.
- 5.8 The defence may be held only if:
 - (i) The dissertation manuscript has been received by each member of the Master's Examination Panel at least one (1) week before the schedule examination; and
 - (ii) All members of the Examination Panel are present. If the External Examiner is absent, she/he shall be required to send the comments to the Chair of the Panel who shall integrate these in the final report. If any other member is absent the defence shall be rescheduled.
- 5.9 The function of the viva voce shall be to ascertain that the dissertation presented fulfils the following criteria:
 - (i) The dissertation is the original work of the candidate;
 - (ii) The broader subject area in which the study is based is fully grasped by the candidate;
 - (iii) Any weaknesses in the dissertation are adequately clarified by the candidate; and a definite recommendation is made to the SHDRPC whether the candidate should be declared as having passed or failed.
- 5.10 The duration of the viva voce examination for (URPM) dissertation shall not exceed two hours:
 - (i) 30 minutes of presentation;
 - (ii) 1 hour and 15 minutes of questions and answers;
 - (iii) 15 minutes of deliberations.
- 5.11 The final decision on the award of the higher degree shall be made by the Senate on the recommendation of the SHDRPC.
- 5.12 If the student fails the defence, he/she may submit himself/herself for a second defence. Failure to pass the second defence disqualifies the student from the master's programme. Furthermore, this disqualifies the student from being admitted into other master's programmes offered by the School.
- 5.13 Subsequent publications from a dissertation submitted for a Master's degree of the Ardhi University must contain a statement that the work is based on a dissertation submitted to the University.

- 5.14 The General University Examination Regulations of ARU shall govern the conduct of appeals against the decision of the Senate pertaining to examination results.

6.0 Submission of Dissertation for Degree Award

- 6.1 The copies of the dissertation (4 copies for Master's dissertation) for initial submission should be in loosely bound form.
- 6.2 After satisfactorily completing all the corrections recommended by examiners, seven (7) hard bound error free copies of dissertations shall be submitted as a requirement for graduation.
- 6.3 The seven bound copies of the approved dissertations shall be distributed as follows:
- i) The original copy for the University Library (ARU);
 - ii) One copy for the Student;
 - iii) One copy for the Dortmund University of Technology;
 - iv) One copy for the host area/district where the study was conducted;
 - v) One copy for the National Library and;
 - vi) Two copies (one each) to the supervisors.
 - vii) Soft copies of the Master's dissertations in PDF format shall be submitted to ARU University and School Libraries.
- 6.4 Students who are admitted to the M.Sc. URPM programme shall produce at least one manuscript for publication in a peer reviewed scientific journal prior to award of the degree.

C. PhD PROGRAMMES

7.0 General Regulations

- 7.1 Admission and registration processes shall follow the General University Admission Regulations.
- 7.2 A candidate shall prepare and present at least one seminar paper related to his/her PhD in every academic year during her registration period. The seminar paper presentation shall be arranged by the candidate in consultation with his/her supervisor and Head of Department. Seminar papers shall be assessed but they shall not contribute to the final assessment of a PhD thesis.
- 7.3 Passing a seminar paper on candidate's research area shall be a prerequisite requirement for submission of a PhD thesis for examination. Pass mark for a seminar paper shall be 60%. The details of assessment are as provided in Table. 7.1.

Table 7.1: Assessment Criteria for Seminar Paper

Assessment Criteria	Marks
Subject relevance	10
Quality of literature review and theoretical basis for the paper	10
Originality	10

- 7.4 Seminar papers shall be assessed by a panel of at least 3 internal examiners including supervisor(s) of a student. The structure of presentation shall depend on the structure of the seminar paper.

**A) EXAMINATION REGULATIONS FOR
POSTGRADUATE PROGRAMMES IN THE SCHOOL
OF EARTH SCIENCES, REAL ESTATE, BUSINESS
AND INFORMATICS - UNIT SYSTEM**

Examination Regulations for Postgraduate Programmes in the School of Earth Sciences, Real Estate, Business and Informatics–Unit System

In addition to the University General Examination Regulations, General Postgraduate Regulations and General Regulations and Guidelines for Postgraduate Study programmes of Ardhi University the following Regulations shall apply for Postgraduate programmes in the School of Geospatial Sciences and Technology

A. School regulations for the programmes of Postgraduate Diploma in Geomatics, Master of Science in Geomatics and PhD in Geomatics

1. Postgraduate Diploma in Geomatics

1.1 General Regulations

- 1.1.1 Students, who are admitted to the Postgraduate Diploma in Geomatics, must complete all the prescribed courses which add up to 31 course units
- 1.1.2 Completing a course shall mean scoring at least B grade, which combines continuous assessment and university examination at the end of each semester. Continuous assessment in theoretical subjects shall account for 40%, while the university examination accounts for 60%.

2. Continuous Assessment

- 2.1 For purpose of continuous assessment, there shall be a minimum of one homework, one project-based assignment and two written tests under examination conditions per semester. A project-based assignment shall involve conducting a literature search on a given topic as deemed appropriate by the course coordinator. Assessment of the project-based assignment shall be done on the basis of a written report and oral presentation of the assignment. Written tests, homework and project-based assignment shall account for 20%, 5% and 15% respectively, all leading to an assessment of 40%. The marks for written project-based assignment and oral presentation shall be in the ratio of 2 to 1 of 15%.

3. Postgraduate Projects

- 3.1 Continuous assessment in these subjects shall comprise assessments of written report and oral presentations, as the case may be in each department.
- 3.2 For purpose of continuous assessment, there shall be two oral presentations of Postgraduate Project in the semester in which the subject is offered. The second assessment shall be done, at the latest, one week before the university Examination starts.
- 3.3 Continuous Assessment for project work shall account for 60% and final presentation and written report for 40% all leading to an assessment of 100%.
- 3.4 Student's progress status will be monitored/recorded in a Log Book.
- 3.5 The final assessment of project work shall comprise of oral presentation and written report.
- 3.6 Project Report shall be well bound, word processed in 1.5 spaced A4 sheets, Font 12. The main body shall contain between 40 and 70 pages.
- 3.7 Three loose bound copies of the project reports endorsed by the supervisor(s) shall be submitted to the Head of Department by the last Friday preceding the start of the University Examinations for that semester. Students who fail to observe this rule without compelling reasons shall be deemed to have failed the project.
- 3.8 The final assessment of project work shall comprise of oral presentation and written report.
- 3.9 The final assessment shall be made by a panel of two examiners, which shall consist of the candidate's supervisor and another examiner nominated by the Departments.
- 3.10 A Postgraduate Project may be passed subject to corrections
- 3.11 Any project which is passed subject to corrections shall be considered to be completed when all errors/ mistakes/shortfalls pointed out by examiners have been corrected and, three copies of acceptable hard copy bound project report endorsed by the Coordinator are submitted to the head of the Department. Failure by the student to do so without compelling reasons before the School Board meeting shall cause the project to be failed.

- 3.12 The assessment sheet for the written project report shall have the following format:

Marking Criteria	Maximum Marks (%)	Marks Awarded	Remarks
Form and Format of presentation (style, language, word processing etc)	10		
Literature review and referencing	10		
Material collection	20		
Data collection organization and analysis	20		
Discussion of results	20		
Conclusion and Recommendation	20		
Total	100		

- 3.13. The assessment sheet for the final oral presentation shall have the following format:

Marking Criteria	Maximum Marks (%)	Marks Awarded	Remarks
Understanding of the problem	10		
Data analysis and interpretation	25		
Discussion of results	20		
Self-Expression	20		
Response to Questions	25		
Total	100		

- 3.14. Marks for written project report and final oral presentation of the same shall be in the ratio of 5 to 1 of the 60%.

4. Transfer to MSc. Programme

- 4.1 The School shall prescribe subjects (pre-requisite/additional course) amounting to a minimum of 4 units to qualified PGD students who wish to transfer to relevant M.Sc. Programme.
- 4.2 A GPA of at least 4.0 is required for one to qualify for transfer from PGD to relevant M.Sc. Programme.

5. Master of Science in Geomatics (By Course Work and Dissertation)

5.1 General Regulations

- 5.1.1 The registration period for the programme shall not exceed three years for full-time students and four years for part time students.
- 5.1.2 Registration will take place during the first two weeks of semester I and Semester II of the respective intake.
- 5.1.3 Completing the coursework component of the programme the candidate must Pass a minimum of 36 units (26 of compulsory courses and 8 of elective) courses.
- 5.1.4 No candidate will be allowed to proceed to the dissertation phase before fulfilling all coursework requirements

5.2 Seminar Papers

- 5.2.1 A candidate shall prepare and present two (2) Seminar Papers per semester, which are related to his/her dissertation work. Seminar papers shall be assessed and contribute 20% of the total dissertation marks.
- 5.2.2 Seminar papers shall be assessed by a panel of at least 5 internal examiners including supervisors(s) of the student.
- 5.2.3 The assessment of seminar paper shall comprise of oral presentation and a written scientific paper.
- 5.2.4 The assessment sheet for the written scientific seminar paper shall have the following format:

Marking Criteria	Maximum Marks	Marks Awarded	Remarks
Form and Format of presentation (style, language), word processing etc.)	10		
Literature Review and Referencing	10		
Research Methodology	20		
Data analysis and interpretation	20

Conclusion and Recommendations	20		
Total	100		

- 5.2.5 The assessment sheet for oral presentation of seminar paper shall have the following format:

Marking Criteria	Maximum Marks	Marks Awarded	Remark
Understanding of the research problem	10		
Data analysis and interpretation	25		
Discussion of results	20		
Self Expression	20		
Response to Questions	25		
Total	100		

- 5.2.6 The marks for written scientific seminar paper and oral presentation of the same shall be in the ratio of 4 to 1 of the 20%.

Master of Science in Geomatics (By Thesis)

6.1 General Regulations

- 6.1.1 The registration period for the programme shall not exceed three years for full-time students and five years for part-time students.

6.2 Seminar Papers

- 6.2.1 A candidate shall prepare and present two (2) seminar papers per semester, which are related to his/her dissertation work. Seminar papers shall be assessed and contribute 20% of total thesis marks.
- 6.2.2 Seminar papers shall be assessed by a panel of at least 5 internal examiners including supervisor(s) of the student.
- 6.2.3 The assessment of seminar paper shall comprise of oral presentation and a written scientific paper.
- 6.2.4 The assessment sheet for the written scientific seminar paper shall have the following Format:

Marking Criteria	Maximum Marks (%)	Marks Awarded	Remarks
Form and Format of presentation (style, language, word processing etc.)	10

School Regulations for the Programmes of Postgraduate Diploma in Real Estate, Master of Science in Real Estate and PhD in Real Estate

1 Postgraduate Diploma in Real Estate

1.1 General Regulation

- 1.1.1 Since the modular mode (part-time) may demand considerable time of a particular teaching staff to be concentrated in short duration, the availability of the modular mode shall be subject to a availability of such teaching staff.

1.2 Continuous Assessment

- 1.2.1 For the purpose of continuous assessment in all taught courses, there shall be a minimum of Two Homeworks/Assignments and Two Written Tests under examination conditions per semester. Written tests shall carry a weight of 3 against a weight of 1 for homeworks all leading to an assessment of 40%.

1.3 Project Paper

- 1.3.1 The passing grade for a Project Paper shall be a 'B' or Higher. A candidate scoring below a 'B' Grade shall be allowed to re-submit the failed Project Paper within a period of three months from the date the results are published.
- 1.3.2 For the purpose of continuous Project Paper assessment, the Project Paper shall be assessed three times. The School Board shall prescribe the time and venue of assessment/presentation.
- 1.3.3 A minimum panel of three school examiners shall attend and assess Oral Project Paper presentations.

- 1.3.4 Three loose bound Project Paper reports endorsed by the supervisor(s) shall be submitted to the Department by the last Friday preceding the commencement of University Examinations. Project Paper Reports NOT submitted within the specified period without compelling reasons shall not be accepted by the Department.
- 1.3.5 A Project Paper may be passed subject to corrections. Any Project Paper which is passed subject to corrections shall be considered to be completed only when the errors/mistakes/shortfalls pointed out by the examiner(s) have been corrected to the satisfaction of the Department and two hard bound copies of the dissertation submitted to the Department. Failure by the student to do so without compelling reasons before a date prescribed by the School shall cause the dissertation to be failed.
- 1.3.6 A student who fails in a project paper shall be given a maximum period of three months from the date the Senate approves the results to re-submit the Project Paper.
- 1.3.7 A candidate failing in the re-submission of a Project Paper may be allowed another re-submission of the Project Paper at the discretion of the Senate and the Senate shall prescribe the time for such re-submission.
- 1.3.8 Project Paper Continuous assessment shall comprise 3 marked presentations of which the first 2 presentations shall account 30% marks while the written Project work and third (final) oral presentation shall account for 70%, all leading to an assessment of 100%.
- 1.3.9 The marks for the written project paper work and final (3rd) oral presentation shall be in the ratio of 7 to 3 of 70%.
- 1.3.10 The Assessment sheet for oral Project Paper presentations shall have the following format:
 Name of Student:
 Project Paper Title:
 Name of Examiner
 Signature of Examiner: Date:

Marking Criteria	Maximum Marks	Marks Awarded	Remarks
Understanding of the issue/problem	25		
Data presentation, Analysis arguments and discussion	25

**B) EXAMINATION REGULATIONS FOR
POSTGRADUATE PROGRAMMES IN THE SCHOOL
OF EARTH SCIENCES, REAL ESTATE, BUSINESS
AND INFORMATICS - CREDIT SYSTEM**

Examination Regulations for Postgraduate Programmes in the School of Earth Sciences, Real Estate, Business and Informatics–Credit System

In addition to the University General Examination Regulations, General Postgraduate Examinations Regulations and General Regulations and Guidelines for Postgraduate Study programmes of Ardhi University the following regulations shall apply to the Postgraduate programmes in the School of Earth Sciences, Real Estate, Business and Informatics

A School General Examination Regulations for Postgraduate Programmes

1.0 General Regulations

Enrolment and registration to postgraduate programmes shall be governed by GUERs, General Postgraduate Examinations Regulations and the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020).

2.0 MSc by Coursework and Dissertation Programmes

A candidate shall be required to complete the prescribed training in all courses as stipulated in the respective curricula. The assessment of each course shall comprise a Continuous Assessment (CA) and a final University Examination (UE). Unless otherwise specified in a specific course, the CA shall account for 40% while the UE shall account for 60% of the total course marks.

3.0 Dissertations

3.1 Dissertations shall be governed by the General Postgraduate Examination Regulations and the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020).

3.2 Each student in consultation with the supervisor(s) shall formulate a dissertation research proposal in Semester II/ Semester III of the programme duration as prescribed in each curriculum. The supervision of the students' proposal development shall be agreed between the student and the course responsible supervisor in consultation with the Head of Department.

4.0 PhD programmes

Prior to the submission of the PhD thesis for examination, a candidate's progress shall be monitored through seminar papers.

5.0 MSc in Geomatics, MSc in Geographic Information Systems and Remote Sensing and MSc in Geographic Information Systems

5.1 To complete the Coursework component of the programme (i.e. excluding the dissertation) a candidate must;

- i) Pass a minimum of 124 credits (84 from compulsory courses and 40 from elective courses) as prescribed in the curriculum for MSc Geomatics;
- ii) Pass a minimum of 128 credits (112 credits from compulsory courses and 16 credits from elective courses) as prescribed in the curriculum for MSc Geographic Information Systems and Remote Sensing;
- iii) Pass a minimum of 132 credits (112 credits from compulsory courses and 20 credits from elective courses) as prescribed in the curriculum MSc Geographic Information Systems (Full time and Evening).

5.2 The CA shall be derived from class attendance, tests, written and practical assignments, seminars, as prescribed in the curriculum. Timed tests and assignment shall carry a weight of 3:1, respectively.

6.0 Dissertations

6.1 In addition to School regulations for MSc by coursework and dissertation programmes, the following regulations shall apply:

- 6.1.1 Students and supervisor(s) shall sign a consultation monitoring form after every consultation session. Supervisors shall avail the consultation forms to the Head of Department before submission of Dissertation for examination;
- 6.1.2 The progress of the Dissertation research proposal development shall be monitored through two oral presentations which shall account for the Continuous Assessment (CA) of the proposal writing component of the course Research Methods in Geospatial Sciences. The two CA oral presentations shall be scheduled from time to time by the Department through the course responsible for the Research Methods in Geospatial Sciences course.
- 6.1.3 a) Students who fail to submit three loose bound copies of written proposal as per Postgraduate General University Examination Regulations without compelling reasons shall be deemed to have absconded the Research Methods in Geospatial Sciences courses and shall be discontinued from studies.
- b) In case there are compelling reasons obstructing the supervisor(s) to endorse the written proposal, the supervisor(s) shall be required to report the reasons to the Head of Department in writing immediately when the reasons are known but two weeks prior to the start of University Examinations.
- 6.1.4 a) The assessment of the Research Methods in Geospatial Sciences course shall be accrued from assessment of its Part (a) and Part (b) as prescribed in the curriculum
- 6.1.5 The MSc. Proposal Writing progress oral presentations and the written proposals shall be assessed in accordance with the following format:

For the purpose of deriving the 70% indicated for the UE, the final dissertation report assessment shall be awarded as indicated below

8.3.2 For the purpose of dissertation's final UE assessment score, the 70% on written project report shall be awarded based on the General Guidelines and Procedures for Postgraduate Programmes at Ardhi University (2020).

8.3.3 A Dissertation may be passed subject to corrections. Any dissertation which is passed subject to corrections shall be considered to be completed only when the errors/mistakes/shortfalls pointed out by the examiner(s) have been corrected to the satisfaction of the Department and two hard bound copies of the dissertation submitted to the Department. Failure by the student to do so without compelling reasons before a date prescribed by the School shall cause the dissertation to be failed.

8.3.4 Dissertation Continuous Assessment shall comprise marking of the 3 presentations, of which the first 2 presentations shall account for 30% of the total marks while the written Dissertation Report and third (Final) Oral presentation shall account for 70%, all leading to an assessment of 100%.

8.3.5 Research Methodology and Proposal Development

There shall be a Dissertation Report which shall consist of 12 credits.

- The course will be assessed continuously through three oral presentations and will carry 40% marks.
- The criteria for assessing the written Dissertation Proposal are as shown in Tables 4.3 – 4.6 below.
- A candidate who fails to get the minimum of 50% of 100% (B Grade) shall be required to re-submit a well-developed research proposal within 3 months upon publication of provisional results.
- The candidate who fails to meet the condition stated on item (iii) above shall be required to repeat a course.

9.0 Doctor of Philosophy in Geospatial Sciences

9.1 Seminar Papers

9.1.1 A student shall prepare and present seminar papers, one every six months in the three years duration of the programme, which are related to his/her PhD research work. Seminar papers shall be assessed but they shall not contribute to the final assessment of a PhD Thesis.

9.1.2 Passing seminar papers shall be a prerequisite for submission of a PhD thesis for examination assessed but they shall not contribute to the final assessment of a PhD Thesis.

i) Each seminar paper shall contribute equally (each weighing 1) to a final aggregated mark for the seminar papers.

ii) The pass mark for the seminar papers shall be 60% assessed based on the aggregated mark.

iii) A candidate who has not attained the 60% marks shall be allowed to submit his/her PhD thesis for examination when the departmental HDRPC has been satisfied that all the comments have been sufficiently addressed.

9.1.3 A Seminar paper shall be assessed by a panel of at least 5 internal examiners including supervisor(s) of the student; at least two should have expertise in the subject of presented research area.

9.1.4 The assessment of each Seminar Paper shall comprise of one oral presentation and assessment of a written scientific paper. The timing of the presentations shall be arranged by the Student in consultation with his/her Supervisor(s) and the Head of Department. The marks for written scientific seminar paper and oral presentation of the same shall be in the ratio of 4 to 1 of the 100%. Thus each written scientific paper shall account for 80% and each oral presentation 20%; all leading to 100% for each seminar paper.

- 9.1.5 The assessment sheet for the written scientific seminar paper shall have the following format:

10.0 Doctor of Philosophy in Land Administration and Doctor of Philosophy in Real Estate Economics (By Coursework and Dissertation)

10.1 Taught Courses

- 10.1.1 Continuous Assessment accounts for 60% and Final written examination 40%. However, different weighting applies to different courses as stipulated in the course description.
- 10.1.2 PhD by Coursework and Dissertation shall comprise three main components as prescribed in the curriculum. In order for a student to complete the PhD coursework he/she has to pass all the prescribed Core, and Elective Courses.
- 10.1.3 Assessment of Coursework:
- a) The coursework will be offered during the first four semesters. This shall consist of core, specialized and elective courses that will add up to a minimum of 240 credits.
 - b) Passing a course shall mean scoring at least a B grade; and the grade combines both Continuous Assessment and University Examinations.
 - c) A student who fails to score at least B grade will be allowed to supplement the failed examinations.
 - d) The maximum attainable grade in a supplementary examination or resubmission of a dissertation shall be a B grade.
 - e) Continuous Assessment shall comprise tests, report from field attachment, assessed group work, oral presentations or individual reviews of scholarly works (i.e., books, papers in peer reviewed journals and research reports).
 - f) The University Examination shall comprise written examination, timed take-home assignments, and oral examination or seminar presentations.
 - g) A PhD candidate shall be required to complete and pass all the prescribed courses before he/she submits and defends his/her dissertation.

10.2 Dissertation

- 10.2.1 Practical work/exercises will be subject-specific; and will constitute a variety of options including practical sessions to analyse a practical problem/issue in the public sector or community, fieldwork or attachment/internship.
- a) In cases where a student will undertake a practical training as part of the PhD course, he/she will be required to prepare a brief report of the practical work undertaken with focus on the specific outputs which add value to his/her PhD work and knowledge in general.
 - b) Each student will be assessed individually based on his/her report and oral presentation. The ability to analyse the practical problem/issues and evolve effective responses using appropriate methods, tools and skills will have to be critically appraised.
- 10.2.2 There shall be a Dissertation report which shall consist of 300 credits. Other details of PhD by Coursework and Dissertation shall be as per Postgraduate General Examination Regulations.
- 10.2.3 In order to be awarded a Doctorate Degree, a candidate must acquire a minimum of 540 credits that include 300 credits for Dissertation and at least 240 for Coursework. Also a minimum of 60 credits has to be accomplished in a given Semester.

10.2.4 The oral presentation and the written reports shall be assessed in accordance with Table 6.1 to 6.4.

**A) EXAMINATION REGULATIONS FOR
POSTGRADUATE PROGRAMMES IN THE SCHOOL
OF ENGINEERING AND ENVIRONMENTAL
STUDIES - UNIT SYSTEM**

Examination Regulations for Postgraduate Programmes in the School of Engineering and Environmental Studies–Unit System

In addition to the University General Examination Regulations, General Postgraduate Regulations and General Regulations and Guidelines for Postgraduate Study programmes of Ardhi University, the following Regulations shall apply for Postgraduate programmes in the School of Engineering and Environmental Studies

Postgraduate Diploma in Environmental Technology and Management

1.1 General Regulations

- 1.1.1 Students, who are admitted to the postgraduate Diploma in Environmental Technology and Management (PGD-ETM), must complete all the prescribed courses which add up to 30 course units.
- 1.1.2 Completing a course shall mean scoring at least B grade, which combines continuous assessment and university examination at the end of each semester. Continuous assessment in theoretical subjects shall account for 40%, while the university examination accounts for 60%.

1.2 Continuous Assessment

- 1.2.1 For the purpose of continuous assessment, there shall be a minimum of one homework, one project-based assignment and two written tests under examination conditions per semester. Project based assignment shall involve conducting a literature survey on a given topic/laboratory assignment or any academic assignment as deemed appropriate by the lecturer. Assessment of project-based assignment shall be done on the basis of a written report and oral presentation of the assignment. Written tests, homework and project-based assignment shall account for 20%, 5% and 15 %, respectively, all leading to an assessment of 40%. The marks for the written project-based assignment and oral presentation shall be in the ratio of 2 to 1 of 15%.

1.3 Postgraduate Projects

- 1.3.1 Continuous assessment in these subjects shall comprise assessments of written report and oral presentations, as the case may be in each department.
- 1.3.2 For the purpose of continuous assessment, there shall be two oral presentations of Postgraduate Project in the semester in which the subject is offered. The second assessment shall be done, at the latest, one week before the University Examinations start.
- 1.3.3 Continuous assessment for project work shall account for 60% and final presentation and written report for 40% all leading to an assessment of 100%.
- 1.3.4 Project work shall be handed in to the Department two days before University Examinations for that Semester start. Final project work not submitted within specified period without compelling reasons shall be penalized by deducting from the total score five marks per day.
- 1.3.5 Project work shall be word processed in 1.5 spaced A 4 sheets, Font 12, well bound and submitted in two copies. The main body shall contain between 40 and 70 pages.
- 1.3.6 The final assessment of project work shall comprise of oral presentation and written report.
- 1.3.7 The final assessment shall be made by a panel of two examiners, which shall consist of the candidate's supervisor and another examiner nominated by the Department.

- 1.3.8 The assessment sheet for the written project report shall have the following format:

Marking Criteria	Maximum Marks	Marks Awarded	Remarks
Form and Format of presentation (style, language, word processing etc.).	10		
Literature review and referencing	10		
Material content	20		
Data collection organization and analysis	20		
Design/Graphics/Modeling	20		
Conclusion and Recommendation	20		
Total	100		

- 1.3.9 The assessment sheet for the final oral presentation shall have the following format:

Marking Criteria	Maximum Marks	Marks Awarded	Remarks
Understanding of the problem	10		
Data analysis and interpretation	25		
Discussion of Design/Graphics	20		
Self-Expression	20		
Response to Questions	25		
Total	100		

- 1.3.10 A Postgraduate Project may be passed as it is, failed outright or passed subject to corrections.
- 1.3.11 Any Postgraduate Project, which is passed subject to corrections, shall be considered to be completed when all errors/mistakes/shortfalls pointed out by the examiners have been corrected, and an acceptable hard bound project report, endorsed by the supervisor is submitted to the Department. Failure by student to do so without compelling reasons before the School Board meeting shall cause the project to be failed.
- 1.3.12 The marks for written project report and final oral presentation of the same shall be in the ratio of 5 to 1 of the 60%.

1.4 Transfers to MSc. Programmes

- 1.4.1 The School shall prescribe subjects (pre-requisite/additional courses) amounting to a minimum of 4 units to qualified PGD students who wish to transfer to relevant M.Sc. Programme.
- 1.4.2 A GPA of at least 4.0 is required for one to qualify for transfer from PGD to relevant M.Sc. Programme.

2. Master's Degree (By Course Work and Dissertation)

2.1 General regulations

- 2.1.1 The registration period for the programme shall not exceed three years for full-time students and four years for part-time students.
- 2.1.2 Registration will take place during the first two weeks of Semester I and Semester II of the respective intake.
- 2.1.3 Completing the coursework component of the programme the candidate must pass a minimum of 34 units (25 units of core courses and 9 units of electives).
- 2.1.4 No candidate shall be allowed to proceed to the dissertation phase before fulfilling all coursework requirements.

2.2 Seminar Papers

- 2.2.1 A candidate shall prepare and present two (2) seminar papers per semester, which are related to his/her dissertation work. Seminar papers shall be assessed and contribute 20% of the total dissertation marks.
- 2.2.2 Seminar papers shall be assessed by a panel of at least 5 internal examiners including supervisor(s) of the student.

2.2.3 The assessment of seminar paper shall comprise of oral presentation and a written scientific paper.

2.2.4 The assessment sheet for the written scientific seminar paper shall have the following format:

HONORARY DEGREE AT ARDHI UNIVERSITY

RULES FOR AWARDING HONORARY DEGREE

1. Preamble

These Regulations are promulgated by the Council of Ardhi University to make provisions and provide for procedures of offering honorary degrees to distinguished and outstanding persons who deserve high recognition in society and humanity at large.

2. Citation

These Regulations shall be cited as Ardhi University Honorary Degrees Regulations and shall come into force on the day of their approval by the Council of Ardhi University and effective from 2015/2016 academic year.

3. Honorary Degree

Honorary Degree or Degree *honoris causa* is a degree which Ardhi University is empowered to award under section (6(1)(c) of Ardhi University Charter, 2007. It is a degree which the University will award having waived the usual academic requirements of completing a programme of study and passing University examinations.

4. Honorary Degrees to be awarded

Ardhi University shall only confer doctorates as honorary degrees. The following degrees may be offered for conferment as honorary degrees:

- (a) Doctor of Science, Sc.D
- (b) Doctor of Letters, Litt.D
- (c) Doctor of Science in Human Settlements, Hs.D

This list may be varied from time to time by the University Council.

5. Frequency and number of Honorary Doctorates to be awarded

The Honorary doctorate degree of Ardhi University will be awarded only once every two or more years, subject to the identification of a suitable candidate; and only one honorary doctorate degree will be conferred at a particular graduation ceremony.

6. Admissible Nominees for Award of Honorary Degrees

An offer for the award of an honorary degree can be made to a nominee in person *inter vivos*, or may be made posthumously.

7. Persons Qualifying for Award of Honorary Degrees

Honorary degrees of Ardhi University shall only be awarded to a person from within or without the University, who has either:

- (a) Rendered distinguished service in the advancement of learning; or,
- (b) Made distinguished and notable contribution in the application of knowledge to solve real life problems; or,
- (c) Made distinguished and outstanding contribution towards advancing humanity and human rights; or,
- (d) Made meritorious and outstanding service to the University, the United Republic of Tanzania or to humanity at large.

8. Nomination for award of Honorary Degrees

8.1 Notice for Proposals

The Vice Chancellor shall, subject to rule 5, issue a general notice inviting all Senators and Councilors to submit proposals for the award of an honorary degree. The notice may include the University's priority areas for the awards.

8.2 Persons qualifying to make proposals for the award of honorary degrees

Proposals for the award of honorary degrees can only be made by a member of the Senate or Council of Ardhi University.

8.3 Submission of Proposals

Proposals for the award of a honorary degree shall be made using Form HDF-1 appended to these regulations and submitted in a sealed envelope marked "STRICTLY CONFIDENTIAL" to the Deputy Vice Chancellor, Academic Research and Consultancy (DVC-ARC) by late April that year.

It is important from the beginning of the process of nomination through to the point at which a decision is reached and the successful candidate has been invited by the Chancellor, that a high level of confidentiality be maintained. It would be a major embarrassment if a nominee was made aware of their nomination and then was subsequently unsuccessful. Equally, it would be embarrassing for the University if there was disclosure in the public domain prior to the successful candidate receiving official notification from the Chancellor.

No application from any person desirous of receiving an Honorary Degree shall be entertained. Moreover, the University will not entertain any kind of lobbying from any potential candidate. Any candidate who will be found out to have engaged in lobbying will be disqualified.

8.4 Admissible Proposals

Only proposals submitted by qualifying persons and which contain the following supporting documents shall be admitted and shortlisted by the DVC-ARC and passed over to the Honorary Degrees Committee of Ardhi University, namely:

- (a) A satisfactory Bio-Data of the proposed recipient of the award;
- (b) An updated curriculum vitae of the proposed recipient;
- (c) A statement of attributes, that is, elaborate and concise explanation of the person's specific and distinguished service or contribution for which recognition by Ardhi University is deserving through the award of the proposed honorary degree;

8.5 Submission of Proposals to the Honorary Degrees Committee

8.5.1 The Honorary Degrees Committee

The Honorary Degrees Committee of Ardhi University shall be constituted of the following persons:

- (a) The Deputy Vice Chancellor Academic Research and Consultancy (DVC-ARC) who shall also be the Chairperson and Convener of the Committee
- (b) The Deputy Vice Chancellor, Planning, Finance and Administration (DVC-PFA)
- (c) One member of Senate appointed in that behalf by the Senate
- (d) One member of the Council appointed in that behalf by the Council
- (e) One member from the civil society appointed in that behalf by the Senate

The Honorary Degrees Committee shall be free to co-opt any Dean or Director of a School/Institute/Centre considered to have relevant contribution in respect of any proposed awardee to be considered by the Committee

The Honorary Degrees Committee will be set up by the DVC-ARC as and when there is a candidate or candidates to be considered for the award of Ardhi University Honorary Degree.

The tenure of the Honorary Degrees Committee will persist from the time it is set up through to the time when its recommendations have been considered and a honorary degree is awarded; or when it is decided that there is no suitable candidate from the recommendations for the award.

A new Honorary Degrees Committee will be set up for a new phase of nominations.

8.5.2 Report by the Deputy Vice Chancellor, Academic, Research and Consultancy

The nominations for the award of the Ardhi University honorary degree shall be submitted to the Honorary Degrees Committee by way of the Report of the Deputy Vice Chancellor Academic, Research and Consultancy on the Candidates proposed to be awarded an Honorary Degree of Ardhi University during the relevant year. The Report shall inform the Committee the following:

- (a) Number of proposals received for the nomination of candidates and the persons who submitted these proposals.
- (b) Number of proposals admitted and shortlisted for consideration by the Committee.
- (c) Number of Proposals not admitted and reasons thereof.

The Report shall be accompanied by copies of Form HDF-1 as submitted by the proposers.

8.6 Procedures in the Honorary Degrees Committee

8.6.1 Procedures governing proceedings

The Committee shall agree on its own procedures in deliberating the DVC-ARC's Report

8.6.2 Nomination of Proposed Awardees

The Committee shall, after deliberations of the DVC-ARC Report, make nomination of a person or persons recommended to the Chancellor for the award of any specific honorary degree.

At most, three names will be proposed. If there is more than one name, the Committee will indicate them in order of priority.

The Honorary Degrees Committee will propose an Orator for each nominee recommended.

8.6.3 Nominations to be submitted to the University Management through the Vice Chancellor

Recommendation by the Honorary Degrees Committee shall be submitted to the Ardhi University Management, as established at the time, headed by the Vice Chancellor and including DVCs, the *Director of Finance and Accounts*, and Deans and Directors of various units.

8.7 University Management to submit nomination (s) to Senate and Council for endorsement

The University Management shall consider the recommendations of the Honorary Degrees Committee and come up with one name for the award, which will be submitted to Senate and Council for endorsement and approval.

8.8 Chancellor to approve the nomination

The Chancellor of Ardhi University will approve the proposed awardee for an Honorary Degree of Ardhi University after endorsement by Senate and Council.

The Chancellor will inform the nominee in writing of the offer to award him/her an Honorary Degree of Ardhi University.

9. Conferment of Honorary Degree

9.1 Acceptance Mandatory

No honorary degree shall be conferred upon any person unless such person has expressly accepted the offer made to him or her by Ardhi University after the Chancellor's approval of the nomination(s).

9.2 Honorary Degrees to be awarded during Graduation Ceremonies

The honorary Degrees of Ardhi University shall usually be conferred during scheduled Graduation Ceremonies. Exceptionally, where conditions so dictate, the Honorary degree can be awarded in between graduations.

9.3 Conferment *inter vivos* to be only in *Presentia*

Any person to be awarded an honorary degree of Ardhi University shall only be conferred such a degree in person at a specified graduation ceremony. Provided that in circumstances that necessitate deferment, such a person may request the award to be deferred to a future graduation ceremony.

9.4 Conferment *Posthumous*

Where an Honorary degree is to be awarded posthumously, it shall be so accepted by the surviving head of the deceased's family or such other nominee of the family as shall have been communicated to Ardhi University by the said family. The nominee shall receive the award in person and follow all procedures as if the award was made *inter vivos*.

9.5 Ceremony of Conferment

9.5.1 Convocation Address

The person who has accepted the award of an honorary degree of Ardhi University may be invited to give a Convocation Address at the convocation gathering preceding the graduation ceremony at which the honorary degree shall be awarded.

9.5.2 Order of the Proceedings for the award

The recipient of the honorary degree will be adorned with the special honorary degree gown and participate in the academic procession and be seated at the graduation arena upon termination of the procession.

The following shall be the order of proceedings for the conferment of the honorary degree:

- i) *Reading of the decision of the Chancellor*
The decision of the Chancellor to confer the Recipient with the honorary degree of Ardhi University shall be read out to the graduation congregation.
- ii) *Oration of the Recipient*
The oration of the Recipient shall be read by a Professor of Ardhi University who is conversant with the works of the Recipient and who will have been proposed by the Honorary Degrees Committee.
- iii) *Presentation for Conferment*
The Orator shall perform the presentation of the Recipient to the Chancellor
- iv) *Conferment of the Honorary Degree*
The Chancellor shall confer the Honorary Degree
- v) *Hooding or Ring Fitting*

GUIDELINES AND PROCEDURES FOR STUDENT CREDIT ACCUMULATION AND TRANSFER AT ARDHI UNIVERSITY

Regulations on Student Credit Transfer at Ardhi University

1. Introduction

These guidelines provide framework for students from other Universities to transfer their credits to and enable them to continue their studies and attain their degree at Ardhi University (ARU). The guidelines are in accordance with the Tanzania Commission for Universities (TCU) Credit Accumulation and Transfer General Guidelines 2012 revised in 2016.

2. Outline of Guidelines

The following comprises sections of credit transfer guidelines:

1. General principles of credit transfer
2. Credit transfer criteria from other universities to ARU
3. Role of ARU
4. Role of releasing institution
5. Role of the student
6. Procedures and administration of student credit transfer

2.1 General principles of credit transfer

Students' transfer from other Universities to ARU or programmes within ARU is permissible under the following principles:

- a) Credit transfer applies to all ARU programmes of study at undergraduate and postgraduate levels
- b) Students may transfer credits awarded by other regional University or higher education institution accredited by TCU or foreign universities or institutions of higher education accredited by their appropriate national educational authorities to ARU as long as that university/institution is judged to be substantially comparable in level to ARU with respect to the University Charter.
- c) Students transferring Credits from other Universities to ARU will be considered on a space available basis only.
- d) ARU students on study-abroad programmes (such as exchange or joint programmes) shall be allowed to transfer credits obtained from the other University to ARU provided that there is a Memorandum of understanding (MoU) between the two Universities that clearly stipulates credit transfer arrangements in line with the credit accumulation and transfer requirements;
- e) The relevancy and equivalence of courses shall be determined by the following criteria:
 - i) The course must have a theoretical component involving a final module examination on the whole course content at the end of the course.
 - ii) Course contents must be comparable in nature and level and match at least 75% to that of ARU course
 - iii) The number of teaching hours used to cover the course must not be less than 75% of those used at ARU.
 - iv) Once a course has been accepted as being equivalent to an ARU course as per the criteria, the course shall be given the same number of units/credits as that of the course at ARU regardless of the units/credits in the other University
- f) Transferring students should be aware that a core subject course or module in another University might not necessarily be a core subject, course or module at ARU;
- g) Transferred students shall earn credits only for the successfully completed courses;
- h) Students discontinued from other universities on academic or disciplinary grounds are not allowed to transfer credits to ARU;
- i) Number of credits and grades earned for a course will be included in calculating Grade Point Average (GPA) and Cumulative Grade Point Average (CGPA) of the students.
- j) Conversion of grades shall be done according to the following rules:

- i) A grade for the transferring student shall be obtained by anchoring the pass mark obtained from the other University to that of ARU and accordingly determining the range of marks in the other University for ARU grades
- ii) In the case where only grades (and not scored marks) are available, the lower equivalent grade shall be assumed.

2.2 Credit transfer criteria from other Universities to ARU

A student who intends to transfer for the purpose of accumulating credits on a specific subject, module or course or part of it shall be required to fulfill the following conditions:

- a) Must have been registered in the programme at the previous University/institution where the credits were accumulated.
- b) The applicant's academic entry qualifications in the previous University shall be similar to that required by ARU including the respective programme's cut-off point in the relevant year.
- c) The subject, course or module intended for credit accumulation must be relevant to the programme to which the student is registered;
- d) The subject, course or module has been successfully completed before credits can be earned;
- e) Credit transfer can only be allowed if such credits have been obtained within a period of not more than five (5) years;
- f) With the exception of students under exchange or joint programme for which a MoU exists, a student who intends to transfer for purposes of graduating at ARU shall be required to earn at least 50% of the total credits from ARU core courses.

2.3 Role of ARU

ARU shall:

- a) Satisfy itself that the student seeking transfer from another University had met the conditions for transfer;
- b) Ensure that all transfer arrangements made by the other University are acceptable;
- c) Counsel the student on compliance requirements for any mismatch between the programmes;
- d) Upon receiving the student notify TCU and any relevant authorities that the student has reported for studies;
- e) Submit the student's credit transfer request letter to TCU
- f) Submit to TCU all copies of academic certificates and provisional results/transcripts from the University from which the student is transferred.
- g) Indicate the requested year of transfer and proposed semester as per 50% credit transfer regulations
- h) Submit to TCU the credits comparison matrix which shows:
 - i) Course credits earned from another University and the year of study against those of ARU
 - ii) Student's details including full name, gender, proof of previous academic qualifications, nationality and nature of disability (where applicable).
- i) Communicate the transfer to TCU prior to registration to allow TCU to evaluate student's eligibility to the programmes he/she wishes to transfer to so as to avoid inconvenience.
- j) Ensure that TCU has received, evaluated and endorsed the credit transfer before the student is admitted and/or registered at ARU.

2.4 Role of the releasing institution

The releasing University shall:

- a) Facilitate the student's transfer and provide the necessary information on the student and the programme;
- b) Provide evidence of the amount of time the student has spent on unsupervised workload, which is aiming at achieving learning outcomes;
- c) Provide detailed transcripts/statement of results indicating credits and grades awarded to the transferring student;

- d) Provide an authentic and signed letter to ARU, which contains relevant student's information.

2.5 Role of the student

The student wishing to transfer credits to a programme at ARU shall:

- a) Apply and secure admission at ARU using the standing University application procedures;
- b) Understand and accept the terms and conditions regarding the programme to which he/she is intending to transfer;
- c) Take the necessary measures to ensure that, on being transferred he/she will cope with the learning environment at ARU;
- d) Confirm his/her acceptance of the terms and conditions set by ARU; and,
- e) Notify his/her sponsor about the transfer through the receiving institution.
- f) Meet all costs and expenses arising from credit transfer process
